The steamer "Minnehaha" carried the first shipment of flour out of Kansas territory in 1858. The flour was made at Palermo—now in Doniphan County.

The Emporia Water Mill, well known as "Soden's Mill," was built about 1862 by W. T. Soden. Every year since that time this mill has made and marketed flour.

FOREWORD

WITHIN THESE PAGES ARE DEPICTED STEPS IN THE HISTORICAL PROGRESS OF THAT INDUSTRY WHICH HAS MADE KANSAS GREAT.

IF THIS VOLUME IN AFTER YEARS WILL RECALL MEMORIES WHICH WILL RENEW LOVE FOR AND DEVOTION TO KANSAS PIONEERS, OUR EFFORTS IN COMPILING THIS RECORD OF THE COLLEGE YEAR WILL BE WELL REWARDED.

THE COLLEGE

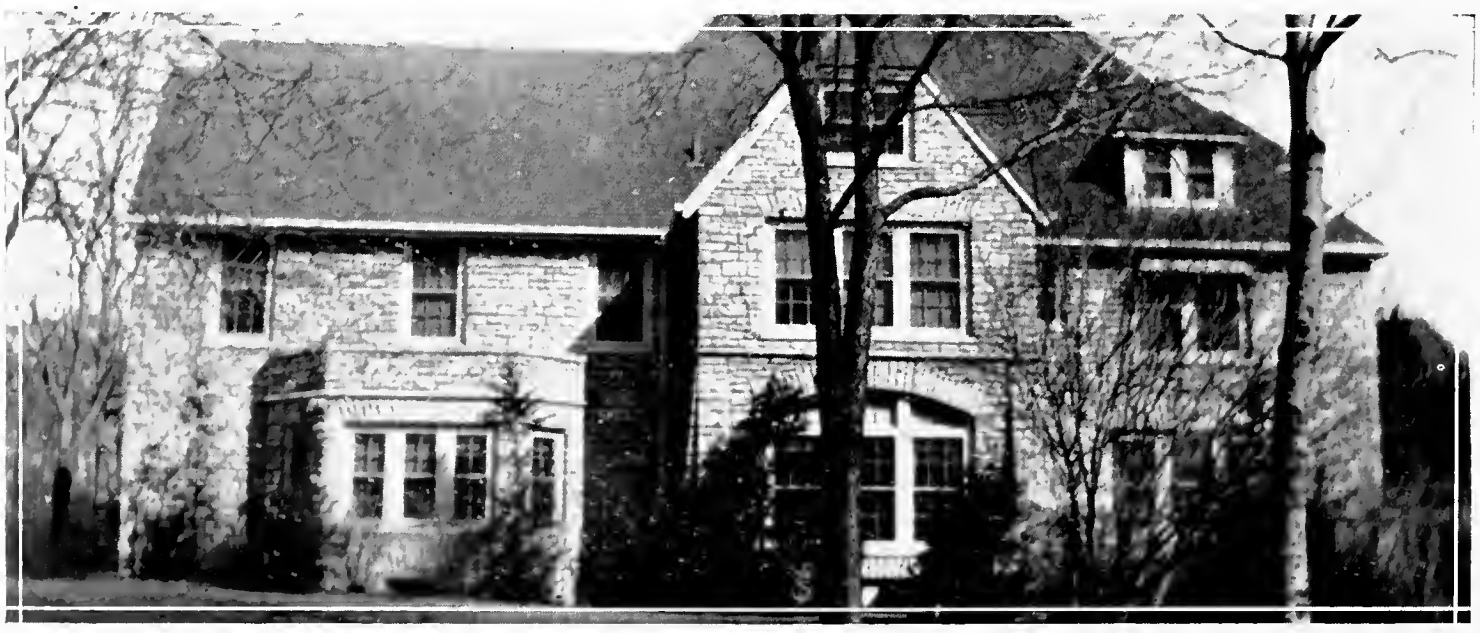
ADMINISTRATION

F. D. Farrell
President

The President

KANSAS State Agricultural College was founded in 1863. It is one of the oldest in the national system of land-grant colleges created by an act of Congress signed by Abraham Lincoln on July 2, 1862. These colleges serve a great national purpose. They help to promote the economic and social welfare of the American people through their scientific and educational contributions to agriculture, the industries, the industrial sciences and the home. They have an important part in the nation's program for maintaining national military fitness. All of them are supported by every taxpayer in the United States. Each of them receives both financial support and supervision from the national government, as well as from the state in which the college is situated. Because of their helpfulness in solving the practical everyday problems of the entire population, these colleges frequently are referred to as colleges of the people.

It is doubtful whether any of the land-grant colleges serves its purpose more effectively than does K. S. A. C. Her eight thousand graduates are represented in nearly five hundred occupations—agricultural, industrial, commercial and professional. Many of her sons and daughters are eminent in the scientific and industrial world, and her daughters are leaders in that greatest of all professions—homemaking. She is proud of the records of her sons in the defense of their country in time of war and of the achievements of her sons and daughters in the arts of peace.



The State Board of Regents

W. Y. Morgan
Chairman

THE Kansas State Agricultural College, including the experiment stations at Colby, Hays, Garden City and Tribune, is under the control of the State Board of Regents. This Board, established July 1, 1925, has, in addition, control of the University of Kansas, the State Teachers College of Emporia, the State Teachers College of Pittsburg and the State Teachers College of Hays. It consists of nine members, appointed by the governor for four year terms each, who receive no salaries but are paid actual expenses when on school business. The members with the expiration dates of their terms are:

W. Y. Morgan, Hutchinson, Chairman	June 30, 1930
Mrs. Jas. S. Patrick, Satanta	June 30, 1929
Earle W. Evans, Wichita	June 30, 1929
C. M. Harger, Abilene	June 30, 1930
M. G. Vincent, Pittsburg	June 30, 1930
C. B. Merriam, Topeka	June 30, 1931
C. W. Spencer, Sedan	June 30, 1931
B. C. Culp, Beloit	June 30, 1932
W. E. Ireland, Yates Center	June 30, 1932

An assistant to the State Business Manager is ex-officio secretary of the Board. Mrs. Lola K. Crow is the present secretary.

In Kansas' earlier history each State school had its own Board of Regents; later there was a Board of Administration of three members for all schools; to this Board for a time was given charge of all State institutions including schools. The present system was finally adopted with two primary objects:

To take the schools entirely out of politics.

To operate all the State schools as a unit of higher education, eliminating unnecessary duplication of courses.

The Board holds four stated and several special meetings annually, keeps in touch with the schools through committee visitations, prepares the budgets and acts upon matters of policy and practical problems of management.

Culp | Harger | Mrs. Patrick | Vincent | Spencer | Merriam

J. T. Willard
Dean and Vice-President of the College

The Division of General Science

THE remarkable increase in attendance at the colleges in this country since the close of the world war has frequently been commented on. The growth of enrollment in the General Science Division of Kansas State Agricultural College illustrates this general tendency of the period. In the college year of 1917-18 the enrollment in this division was 307, while for the year 1927-28 it was 1221.

The nineteen departments in this division are manned by a teaching force of nearly two hundred, but the efforts of these teachers are not all expended upon the students enrolled in the division, for the students in all the other divisions of the college are registered in the classes of the General Science Division for their basic work in English, Mathematics, Biological, Physical, and Social Sciences, Modern Languages, etc. This explains why the faculty of this division is larger than are the faculties of all the other divisions of the college combined.

The varied nature of the work done in this division is indicated by listing the curricula offered which are as follows: General Science, Industrial Journalism, Industrial Chemistry, Public School Music, Piano, Violin, Public School Band and Orchestra, Voice, Physical Education for Men, Physical Education for Women, and Rural Commerce. These are all four-year curricula each leading to the degree of Bachelor of Science or Bachelor of Music. There is also offered a six-year curriculum in General Science and Veterinary Medicine leading to the degrees of Bachelor of Science and Doctor of Veterinary Medicine.

The Division of General Science

C. M. Correll
Assistant Dean

A SUBSTANTIAL part of each curriculum consists of prescribed subjects which experience and the best judgment of curriculum builders indicate should form the common content in the training of all well-educated citizens; but the element of free electives varies in the several curricula from ten hours in one of the music curricula to fifty-four hours in the curriculum in General Science. In choosing his electives the student is free to take work in any department of the entire college, the only requirement being that his electives in any given field must be in sufficient amount to constitute a useable block of knowledge, the minimum in any one group usually being eight hours. This means that there are nearly one thousand different courses from which a General Science student may choose his electives.

Many graduates from the curricula of the General Science Division become teachers in the high schools of the state. Others who complete one of the specialized curricula such as Rural Commerce, Industrial Journalism, or Industrial Chemistry, find places in the fields of journalism, business, or industry. Still others use their general college training as the basis for graduate study, scientific research, or training for one of the professions such as law, medicine, or dentistry.

It is the chief purpose of the Division of General Science to furnish the equipment and the inspiration whereby young people may develop their latent abilities, see larger fields of service and cultivate wholesome habits and noble purposes to the end that they may be prepared to live useful lives of leadership in whatever vocation they may enter.

R. A. Seaton
Dean

The Division of Engineering

WE HAVE become so accustomed to the benefits of engineering that we do not fully realize the extent to which we are dependent upon this field of human activities. The automobiles we drive, the bridges we cross, the radio, the electric light, the telephone, the farm tractors, and innumerable other results of engineering work are so closely interwoven with our everyday existence that we can hardly imagine a worthwhile life without them. Civilization and engineering projects throughout history have gone hand in hand. By the aid of engineering, man has been relieved of the drudgery of heavy labor and more of his time and energy released for new and higher developments.

Since before the war the enrollment of students in the Engineering Division at K. S. A. C. has increased from between 300 to 350 to the present enrollment of 957, being exceeded in numbers only by the General Science Division. For the years from 1920 to 1927 the growth was the largest of any engineering school in this country.

Graduates of the engineering school are scattered all over the world. The demand for competent engineers has more than exceeded the supply. Representatives of large manufacturing concerns return year after year to employ graduates from K. S. A. C. to fill important places in the industries. Reports from these men show that graduates from here are fully prepared to compete successfully with those trained elsewhere, many having made important contributions to the engineering fields.

The Division of Agriculture

IN MODERN life, there are two paramount qualities indispensable for success. They are high personal qualities and adequate fundamental and technical training. Without high personal qualities, training in itself has little value. With high personal qualities training becomes an exceedingly valuable asset and places in the hands of those who possess it the tools on which success in modern life is built. Under modern conditions adequate training can be secured the most easily in college.

L. E. Call
Dean

The four-year curricula in agriculture embracing as they do training in so many of the basic subjects that constitute the fundamentals of a general education are admirably prepared to provide the type of training that leads to success in modern life. Well balanced as they are in the theoretical, cultural, scientific, practical, and economic subjects, they afford an opportunity for training that is unexcelled.

The Division of Agriculture provides training for those who wish to devote their lives to agriculture, the most ancient, the most necessary, the most honorable, and the largest industry in America. The division is admirably prepared to provide such training. It is manned by a large staff of high-class, well-trained teachers who are specialists in their respective fields of work. It is equipped with numerous experimental fields and plots, large numbers of high-class animals, and adequate laboratory facilities that make it one of the best equipped agricultural organizations in the world.

Margaret Justin
Dean

The Division of Home Economics

HOME Economics as administered at the Kansas State Agricultural College is part of a great national movement. This sharing of a common purpose is felt peculiarly this year since Dean Margaret Justin is president of the American Home Economics Association including some nine thousand members throughout the United States. Home Economics is vital to men and women alike and matters of the home should concern both in the midst of the changing conditions of the present day.

The ideal of education as it is felt by the teaching staff at this college is not limited to knowledge of the subjects taught in the Home Economics curriculum or related curricula but that "upon this rock" each girl may better meet every relationship, every problem, every situation in life. The specific training received is valuable but it is multiplied many fold if the girl who acquires it is thoroughly poised and balanced, fitted indeed for the business of living.

Year by year brings progress within the Division of Home Economics, changes in the working plant, in arrangement of courses, in teaching staff, whatever will best serve the interests of the students who seek this training and who in turn will serve the state or a wider field. Calvin Hall, Thompson Hall, Van Zile Hall, Ellen Richards Lodge already established were augmented this year by the Ula Dow Cottage, a new practice house. The nursery school occupies enlarged quarters and most of the students of the Division have contact with this vital training. A list of the departments within the Division will indicate the breadth of training received by the students: Food Economics and Nutrition, Clothing and Textiles, Applied Art, Household Economics, Institutional Economics and Child Welfare Euthenics.

The Division of Veterinary Medicine

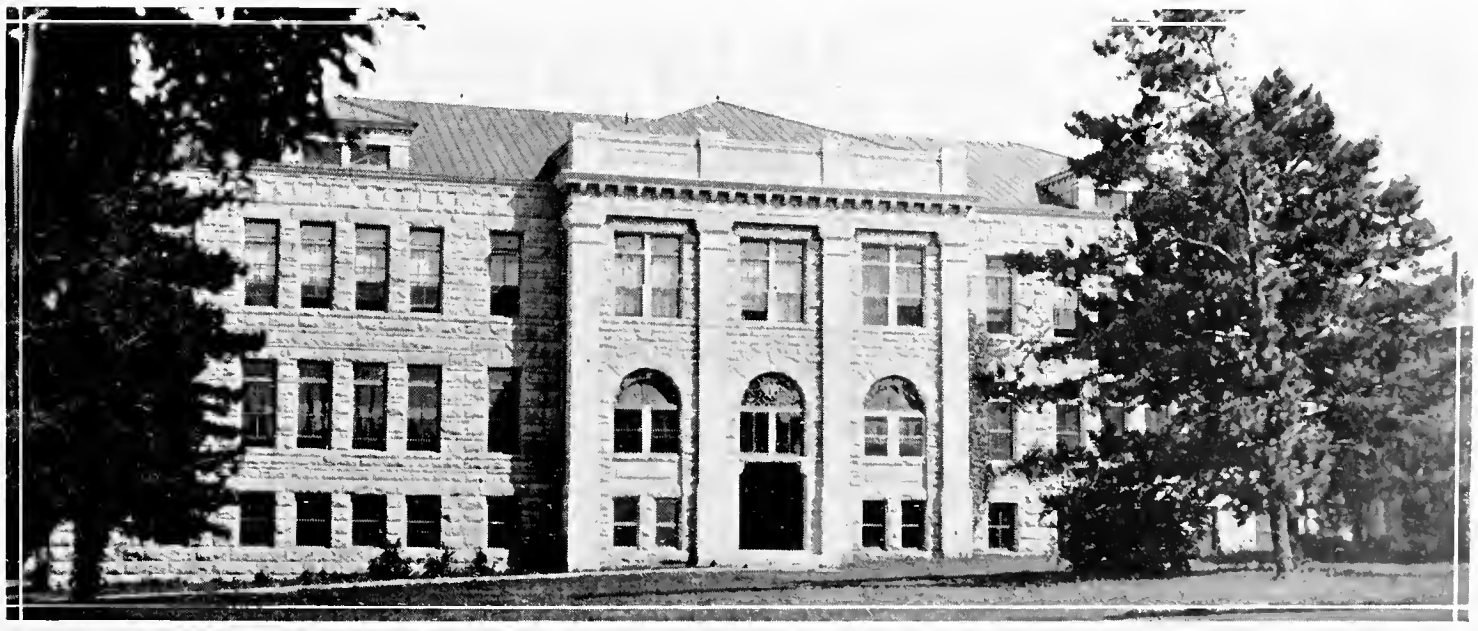
R. R. Dykstra
Dean

THE Division of Veterinary Medicine offers a four-year curriculum leading to the degree Doctor of Veterinary Medicine. Holders of this degree are recognized by all state and federal veterinary examining boards. Graduates are also elegible to membership in all state, sectional and national veterinary associations.

The Kansas State Agricultural College also offers two six-year combination courses. The first of these is a combined curriculum in animal husbandry and veterinary medicine, leading at the end of four years to the degree Bachelor of Science in Agriculture, and in two additional years to the degree Doctor of Veterinary Medicine. The second six-year curriculum leads at the end of four years to the degree Bachelor of Science, and in two additional years to the degree Doctor of Veterinary Medicine. The first of these six-year curricula is popular with those young men that are planning to engage in live stock work and that at the same time want professional courses in the prevention and cure of diseases of animals. The second is intended primarily for those desiring more extensive training in the fundamental scientific courses, especially in lines relating to animal diseases.

The live stock industry of the country is constantly growing. This creates a demand for veterinarians and because of the limited number of students in veterinary medicine in the veterinary schools of America, the Division of Veterinary Medicine in the Kansas State Agricultural College has been unable to supply the demand for its graduates.

The Division of Veterinary Medicine is housed in two commodious buildings erected at a cost of approximately one-quarter of a million dollars. These buildings have class rooms, laboratories, hospital wards, operating rooms, and in fact everything essential to a strictly first-class veterinary college.



H. Umberger
Dean

The Division of Extension

LAST year, more than eight hundred communities were recognized as definite units co-operating with the Extension Service of the Kansas State Agricultural College. The total number of individuals, including those in these communities and those who are not so organized but who were definitely associated in some project in co-operation with this institution, numbered not less than thirty thousand Kansas People.

The purpose of these individuals and of their community organizations is to provide intelligent procedure whereby some desirable objective may be obtained through the acquisition and transmission of information. Such objectives may be economic or social. They may not only desire to know more profitable business methods but how to attain higher standards of living and thought for themselves and for others.

The responsibility of the agricultural college in directing this expression of the people living beyond the campus is particularly delegated to the Extension Service, but it is the same responsibility which the agricultural college assumes to the resident student who pursues a course of study on the campus. It is proper that the influence of the institution through the Extension Service may be reasonably expected to be supplemental through the active effort of those of its graduates who go back to the farms and the homes with the higher ideals which have been created in them as a result of their residence at the Kansas State Agricultural College.

The Summer School

E. L. Holton
Dean

THE Summer School was organized in order that the magnificent plant of K. S. A. C. might be available for the teachers of Kansas at a time when they can attend. There are two sessions of the Summer School, one beginning immediately after the close of the regular college year and continuing for nine weeks. The other one is a four weeks session and is held during the month of July. This short session was organized primarily for the teachers of vocational agriculture.

In addition to the wide range of undergraduate courses, practically all departments offer all of their graduate work during the Summer School. Since all the libraries, laboratories, and facilities of the Experiment Station are made available, the Summer School offers excellent opportunities for graduate work.

The controlling purpose of the administration is to furnish a pleasant work environment for the students. Outside attractions are reduced to a minimum. The faculty believes that a vacation environment is not conductive to creative work.

A series of twenty-five popular lectures are offered by members of the faculty; the Manhattan Theatre puts on one or more plays; an elaborate patriotic pageant is given on the campus. All these activities are strictly educational. No attempt is made to compete with the "movies".

At the close of Summer School a formal commencement is held for all students completing the required work for the B. S. and M. S. degrees.

Jessie McDowell Machir
Registrar

The Registrar

THERE is an obscure little place on the campus of the Kansas State Agricultural College about which few people know or think—a dingy place not more than six by seven feet with a vaulted roof and a heavy iron door which has been carefully closed each night for more than a half century for the protection of its precious contents. It is a veritable mine of human interest, hope, fear, heartache, jubilation, achievement, disappointment, romance—all the long list of human emotions are represented in it.

This little place is the old vault in Anderson Hall, that building with the tall spire, which is so rich in tradition and so dear to the hearts of many graduates and former students of the college.

The scholarship records of all the students who have passed through the college from its beginning to now are stored in this old vault in books of various sizes from the first little thin volume to the ponderous ones of later years. Thousands of students have made their contribution of grades to this storehouse even to the third generation and the world's store of knowledge has been materially increased because men and women through the years gained their first knowledge of the sciences and the industrial arts in this college. Nearly eight thousand graduates are abroad in the world and many of their names are honored in high places. May the Class of 1929 add its quota of those who shall be so known and loved!

The Alumni Association

K. L. Ford
Secretary

KANSAS Aggies are loyal to K. S. A. C. Loyal at heart and loyal in fact. As alumni we realize that it takes more than an occasional Jay! Rah! to keep K. S. A. C. in the forefront among American educational institutions. K. S. A. C. is made up from the following: goodwill, buildings, equipment, laboratories, students, faculty, custodians, fields, plants, animals, and so forth. It takes a lot of money to run an institution like K. S. A. C. Our college should develop as Kansas develops. All alumni are interested in the practical development of their Alma Mater.

The K. S. A. C. Alumni Association is a Kansas Corporation organized to promote the interests of K. S. A. C. and her alumni. Our program is being developed in a very effective way through the co-operation of the alumni who are most active in fostering alumni activities in the various counties, cities, and states where K. S. A. C. alumni reside. The K. S. A. C. Alumni Association is the medium through which the 20,000 alumni may render unselfish service to their Alma Mater.

The present officers of the K. S. A. C. Alumni Association are:

BOARD OF DIRECTORS

Ralph Snyder, '90, President, Manhattan
Mame (Alexander) Boyd, '02, Vice-President
Phillipsburg
W. E. Grimes, '13, Treasurer, Manhattan
H. Umberger, '05, Secretary, Manhattan
Cora (Thackrey) Harris, '98, Manhattan
C. E. Friend, '88, Lawrence
H. W. Avery, '91, Wakefield
R. J. Barnett, '95, Manhattan
R. A. Seaton, '04, Manhattan

ADVISORY COUNCIL

Daisy (Hoffman) Johntz, '00, Abilene
Clif. J. Stratton, '11, Topeka
Charles Shaver, '15, Salina
Loren Lupfer, '17, Larned
Ed Hodgson, '03, Little River

Mary P. Van Zile
Dean

The Dean of Women

THE position of Dean of Women is based on the ideal for students of the highest physical, intellectual, social, moral, and spiritual development. The objective of the Dean of Women is through co-operation with the various campus and community agencies to contribute to the realization of this ideal. Her problems of living conditions, of student employment, of vocational guidance of student discipline, of social and religious life and of the extra curricular activities are but the different aspects of this objective.

The problems of living conditions, of health, of social life, of employment, and of vocational guidance are her special concern. She serves on committees, secures employment for self-supporting students, recommends students for loans, supervises the living arrangements for women students. She sponsors special talks for students, Big Sister programs, house mothers' meetings, personal and group interviews, and social events. She fosters in the students the president's ideals for the college and presents to the president the student viewpoint. She assists in making contacts between men and women, between the sorority women and the independents, between students earning their way through college and the others, between the students and citizens of Manhattan.

The routine duties of the Dean of Women's office do not express the deeper significance of her work. It is a service the influence of which is recognized as an essential factor in the life and ideals of the College.

The Dean of Men

Dr. A. A. Holtz
Men's Advisor

THE office of Men's Advisor and Secretary of the Y. M. C. A. tries in a very real sense "to be all things to all men." The men's Advisor finds many students coming to him with various problems—some very personal—concerning which they seek the advice of one older and with a wider experience than they have had themselves.

On occasion he also seeks out those whom he feels that he can help, and those whom he feels need a friend and encouragement.

In his office is the men's employment bureau, which is the clearing house for both the students wanting employment and those wishing to have some work done. The rooming bureau is also maintained, which is of inestimable value, especially to the incoming freshmen. The Men's Advisor and Secretary of the Y. M. C. A. and his office attempt to be of special help to the new student before he has learned the customs, requirements and expectations of college life.

The College Y. M. C. A. is also centered in this office. This organization usually numbers between 700 and 800 students, has 16 standing committees and many special committees and activities.

T. J. Charles
President

The Student Governing Association

STUDENT government as a policy of university practice has become firmly established in the ideas and ideals of college men and women all over the United States. Particularly has student governing ability and the faith of the student body in such an institution been demonstrated at Kansas State. Only a few years ago it was considered an experiment which might or might not last. Now the Student Governing Association and the Student Council have come to occupy a very definite and a very important place in the lives of the college men and women.

The Student Governing Association is an organization of the students of the college in which every student has a part so that the control of student functions and activities is in the hands of the persons who will themselves be called upon to abide by the rules and laws they see fit to legislate. The Student Council is a smaller working body, representative of the Student Governing Association, which has certain definite tasks to perform and various obligations to fulfill.

Every member of the college student body is a member of the Student Governing Association. Payment of the five dollar activity fee at the beginning of each semester entitles the student to membership in the Association and to a vote in that body. While that voting power to some may seem to hold rather a vague and obscure meaning, it does entitle the individual to cast a vote at class elections, to run for office in his class, to vote for members of the Student Council and to become a candidate for membership in that body. Thus it can be seen that membership in the Association gives the student a vital place in the college life which surrounds him every day.

Francis ImMasche

Esther McGuire

Joe Anderson

The Student Governing Association

M. F. Allison
Vice-President

THE Student Council consists of seven members, selected from the college at large. Upon presentation of a petition signed by twenty-five persons, any regularly matriculated student may become a candidate. Candidates may also be nominated at the annual spring meeting of the Association. The Council has full power to regulate social functions of all kinds, establish rules and regulations for student residences, and enforce discipline among students as outlined by executive bodies of the college. The Student Council, is not a body which uses personal initiative to bring cases of student misdemeanor under its jurisdiction. The Council considers only those cases which are reported to it by members of the faculty, members of the police force of the city of Manhattan, and others interested in the welfare of the college students. Officers of the Student Council are the officers of the Student Governing Association, and are elected at the first meeting of the Council following the annual election in April of each school year. All the members of the Council are elected for one year only, and may be recalled because of inability or refusal to act by a sixty per cent vote of the members of the Association.

The fact that President Farrell and members of the Faculty Council on Student Affairs have voiced their approval of the sensible and business-like methods used by the Council in the majority of instances, and the fact that the Council has the confidence and good will of the student body as a whole, has made student government a permanent institution at Kansas State.

ACCORDING to tradition all histories should include innumerable dates, statistics, and the record of bold and daring deeds, just as all historians should be old and gray by the time they have finished their work. But if all the adventures, activities and accomplishments of the class of 1929 were to be related here, the readers of this chronicle would be the ones to become old and gray before they had persued it to the end.

Suffice it to say, that of the 1,494 brave warriors who boldly ventured forth to conquer the impregnable citadel of Higher Learning there are about (475) who have come out victorious over the obstacles set up for them.

While struggling on the new field of conquest these adventurers have overcome many opponents and have worthily won their way to the goal. Of course, there are quite a number who became entangled in the underbrush or were captured by the enemies who were hiding there to snatch them from the ranks at the first opportunity. But those who remained continued in the thick of the fray and brought down glory and honor on the name of the class of 1929.

These warriors are now preparing themselves to start more challenging realms of conquest, where the wider opportunities call for even greater valor.

ONE more year and we'll be history but now we're right here and very much in evidence. Judge by our prominence in the past and present. Is there anyone who hasn't heard of the class of '30?—A class with its quota of scholars, debaters, dramatists, writers, beauties, athletes, and what have you?

We admit that it took us a few days to get acclimated to our new environment when we first entered K. S. A. C. But we're an important part of it now.

Just for instance, consider our record in sports, one-half of the football lettermen are Juniors, more than one-half of the regular varsity baseball men are members of this class, and the Juniors make up one-third of the varsity basket ball squad. And while we're in the sport realm, we might say that the Juniors even have the honor of having the head cheerleader among their numbers. What more could be said?

With our past and present irreproachable we now look to the future and reflect upon what an uplifting influence we, as mighty Seniors next year, can have upon our under classmates. We are unselfishly glad to have been such an example to other Kansas Aggies and think with pleasure of the glory that will be reflected upon us from the pages of our past history when we launch forth into the world.

THE history of the Class of 1931 is that of a poor struggling college student trying to get along in the world. But with the imposing forces we have encountered in our two years we are beginning to believe that the struggle is developing into a process of elimination. In our senior year we will no doubt become Darwinians in the strength of the belief "The Survival of the Fittest."

The increasing class work has developed a great social problem in our minds. We find that in order to attend necessary social functions we have little time left to devote to classes. We hope to have made sufficient socialogical research in the next two years to properly form the solution to this social problem.

We will then be able to complete our history in 1931, leaving behind us a social reformation as our contribution to K. S. A. C.

Freshman Class Officers

IN THE fall of '28, in the month of September, a vast army of green creatures, large and small, began to swarm into Manhattan. When this throng was assembled, it was dis- to covered be the Freshman Class.

The Freshman class wanted to have a party, that would be original, different, and something which only Freshmen could attend. So on December 14, the Freshmen had their party, which was a dance held in the Community House. The dance proved a success both in pep and in a financial way.

For the first time in the history of the school the Freshman girls wore green caps to the K. U. football game October 20. This probably established a precedent.

Phi Lambda Theta; Block and Bridle; Meat Judging Team; Ag Association.

Benedick, Lottie N. — *Manhattan*

Home Economics (Smith-Hughes)

Kappa Delta; Tempe State Teachers College, Tempe, Arizona; Kalakagathia, at T. S. T. C.; Kappa Phi; W. A. A.; Y. W. C. A.; Home Economics Association; Big Sister, Captain (4).

Bergsma, Silas S. — *Lucas*

Agricultural Administration

Sigma Phi Sigma; Block and Bridle; Ag. Association; Ag. Ec. Club; Sr. Stock Judging Team.

Blackledge, James L. — *Sheridan, Wyoming*

Agriculture

Delta Tau Delta; Scarab; Fr. Comm. V. P.; Glee Club (2, 3); Go-To-College Team (3); Honor Roll (1, 2, 3); Y. M. C. A. Board (4); R. O. T. C. Major.

Blakslee, Mary Elizabeth — *Manhattan*

General Science

Kappa Delta; Y. W. C. A.; Aggie-Pop (3); Frivol (1).

Blasdel, Hobart Pattison — *Sylvia*

Agriculture-Agronomy

Phi Lambda Theta; Alpha Zeta, Treasurer (4) Phi Kappa Phi; Klod and Kernel, President (4), Ag. Fair Staff (3), Manager (4); Ag. Student Staff (3), Editor (4); Grain Judging Team (4); Sophomore Honors; Ag. Association.

Bonar, Roy Elmer — *Washington*

Agricultural Administration

Phi Lambda Theta; Phi Delta Kappa; Ag. Ec. Club; Ag. Association; Ag. Student.

Boyd, Kenneth Arthur — *Irving*

General Science

Sigma Phi Epsilon; Freshman Football; Varsity Football (2,3, 4); Baseball (3); Freshman Commission; Y. M. C. A. Cabinet; Aggie Orpheum Manager; Tobasco.

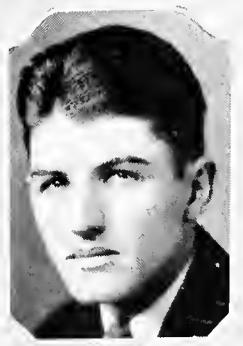
Brannan, Robert Fenton — *Meade*

Agriculture

Alpha Gamma Rho; Pax; Scarab; Agricultural Association; Honor Roll (3); Ag Student (4); Poultry Judging Team, Alternate (3).

Brant, Jacob H. — *Friedens, Pennsylvania*

General Science



Breneman, Alfred Merle — *Parsons*

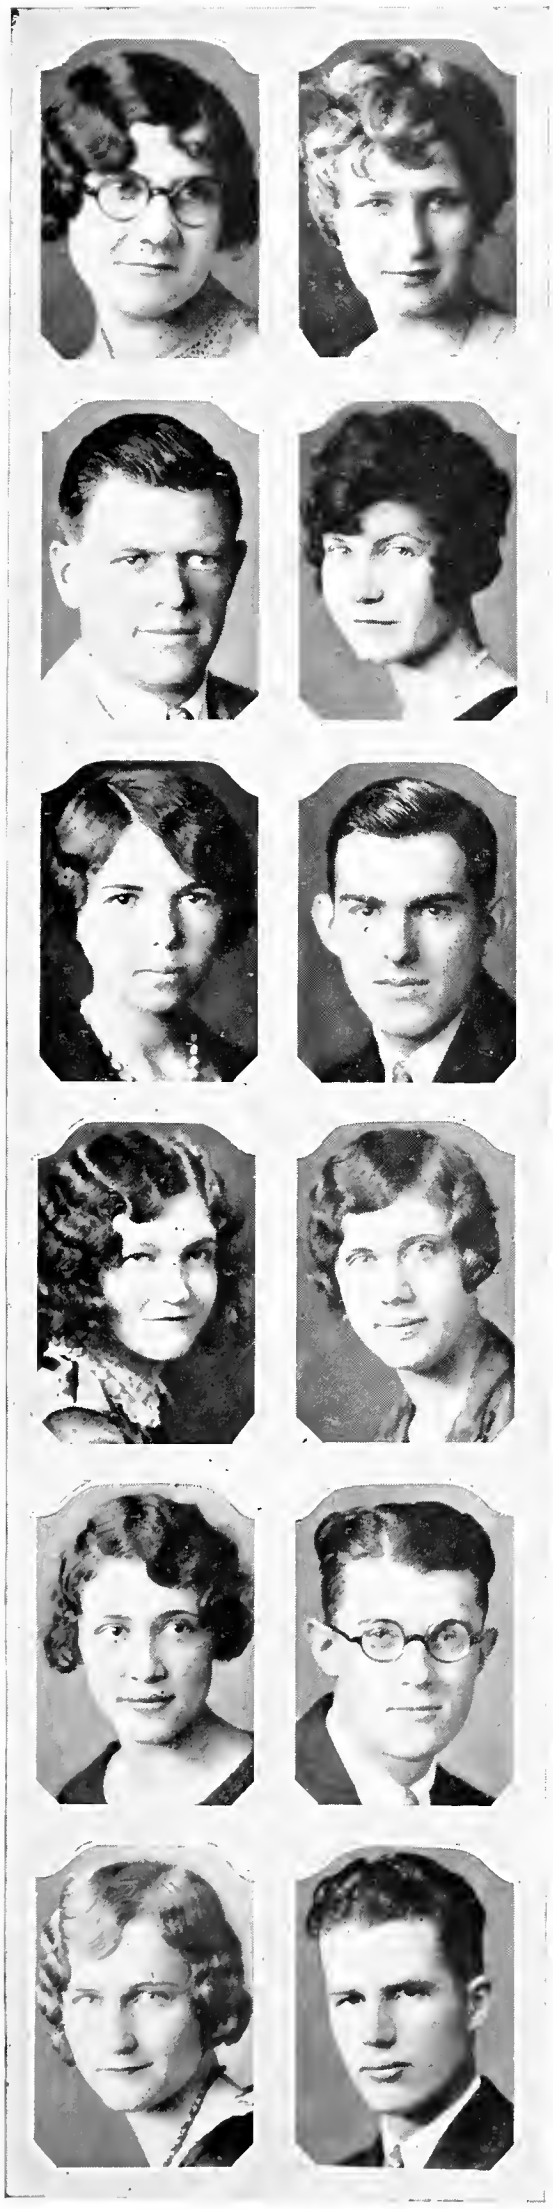
Electrical Engineering

Phi Lambda Theta; A. I. E. E.; Glee Club (3, 4); Hamiltons Secretary (4); Y. M. C. A. Cabinet (4); "Mikado" (3); Choru, (3, 4) Parsons Junior College (1, 2).

Brennan, Thomas R. — *Bonner Springs*

Electrical Engineering

Pi Kappa Alpha; Sigma Tau; A. I. E. E.; Newman Club, Lieutenant, R. O. T. C.



Brenner, Miriam Elizabeth — *Waterville*
Home Economics
Ionian; Kappa Phi; Y. W. C. A.; Home Economics Club.

Brewer, Helen Virginia — *Peabody*
Home Economics
Delta Zeta; Omicron Nu; Basketball (1, 2); Enchiladas.

Broady, Arthur Westnidge — *Plains*
Electrical Engineering
A. I. E. E.; Debate (1, 2); Y. M. C. A.; S. P. A. C.; W. H. A.; Spanish Club.

Brown, Alma E. — *Kansas City, Kansas*
Physical Education
Purple Pepster, Secretary-Treasurer (2); K Fraternity; Newman Club; Y. W. C. A.; Kansas State 4-H Club; W. A. A.; May Fete (2); Hockey Manager (2), Varsity (2); Tennis Manager (3); Aggie Pop (1); Volley Ball Varsity (2); Basket Ball (3); Baseball (3); Archery (2); Track and Field (3); Red Cap; Life Saving.

Brown, Beatrice — *Manhattan*
General Science
Kappa Kappa Gamma; Enchiladas.

Brubaker, Leonard H. — *Manhattan*
Electrical Engineering
Sigma Phi Epsilon; Athenian; Y. M. C. A. Cabinet; Lambda Tau Kappa, A. I. E. E.

Bryan, Doris Isabel — *Greensburg*
Home Economics

Burson, Daryl Durland — *Manhattan*
Home Economics
Hockey (1, 2, 3); Swimming (1, 2, 3); Varsity (2, 3); Track (1, 2, 3,); Volley Ball (2. 3); Basket Ball (2, 3); Archery (3); Varsity (3); Ionian; W. A. A.; Purple Pepster; K Fraternity; Frivol (3, 4); Life Saving Corps.

Burson, Jennie Maurine — *Manhattan*
Physical Education
Phi Omega Pi; W. A. A.; K Fraternity, Secretary (4); Purple Pepster; Rifle Team; Cosmopolitan Club V. P. 4, Secretary (3); Ionian; Freshman Women's Panhellenic; Y. W. C. A.; W. A. A. Council (2, 4); Purple Pepster V. P. (4); Hockey (1, 4); Swimming (2, 4); Varsity (2); Life Saving; Archery Varsity (2); Track (1, 2); Volley Ball (1, 4); Baseball (1).

Burton, Lester — *Topeka*
Electrical Engineering
A. I. E. E.; Manhattan Theatre (3, 4).

Bushong, Vivian Hall — *Clinton, Missouri*
Home Economics
Kappa Delta; Freshman Commission; Y. W. C. A.; Kappa Phi Home Economics Association.

Butler, Clair L. — *Glasco*
Veterinary Medicine
Alpha Gamma Rho; Junior American Veterinary Medical Association V. P. (4).

Buzard, Omar Lewis — *Kansas City, Missouri*

Horticulture

Horticultural Club; Agricultural Association; Apple Judging Team.

Callahan, Frank H. — *Abilene*

Veterinary Medicine

Phi Kappa; Student Council (2), President (3); T. S. L.; Pax; Scarab; Pi Epsilon Pi; Tobasco; Class Marshall (1); Newman Club Vice-President (2); Junior American Veterinary Medical Association; Panhellenic Council (1); Y.M.C.A.; Chairman Committee on Distribution of Varsity Activity Fund; Midwest Student Conference Delegate, Urbana, Illinois.

Cameron, Donald — *El Dorado*

Electrical Engineering

Alpha Sigma Psi; A. I. E. E.; Y. M. C. A.

Carney, Nancy Genevieve — *Manhattan*

General Science

Pi Beta Phi; Phi Alpha Mu; Phi Kappa Phi.

Caspar, George J. Jr. — *Alida*

Agronomy

Phi Kappa; Alpha Zeta; Klod and Kernel; Grain Judging Team (4); Newman Club, Tobasco; Agricultural Association.

Champagne, Everett Garth — *Oketo*

Landscape Gardening

Phi Sigma Kappa; Scarab; Pax; Horticultural Club; Tobasco; S. G. A. (1); Junior-Senior Prom Manager; Senior Panhellenic Council (3, 4), Secretary-Treasurer (4); Agricultural Association.

Chandley, John S. — *Kansas City, Kansas*

Industrial Journalism

Kappa Sigma; Sigma Delta Chi, Secretary (3, 4); Royal Purple Staff (4); Collegian Assistant Editor (4), Editor (4).

Channon, Carl S. — *Ottawa*

Agriculture

Webster; Block and Bridle; Y. M. C. A.; Agricultural Association; Collegiate 4H Club.

Charles, Tudor John — *Republic*

Agriculture

Delta Tau Delta; Devotional Leader (4); S. G. A. President; Honor Roll (3, 4); Beauvais; Winner of Capper Scholarship Plaque (3).

Chrisman, Charles Frank — *Hutchinson*

Commerce

Alpha Kappa Psi.

Coats, Arlie L. — *Altoona*

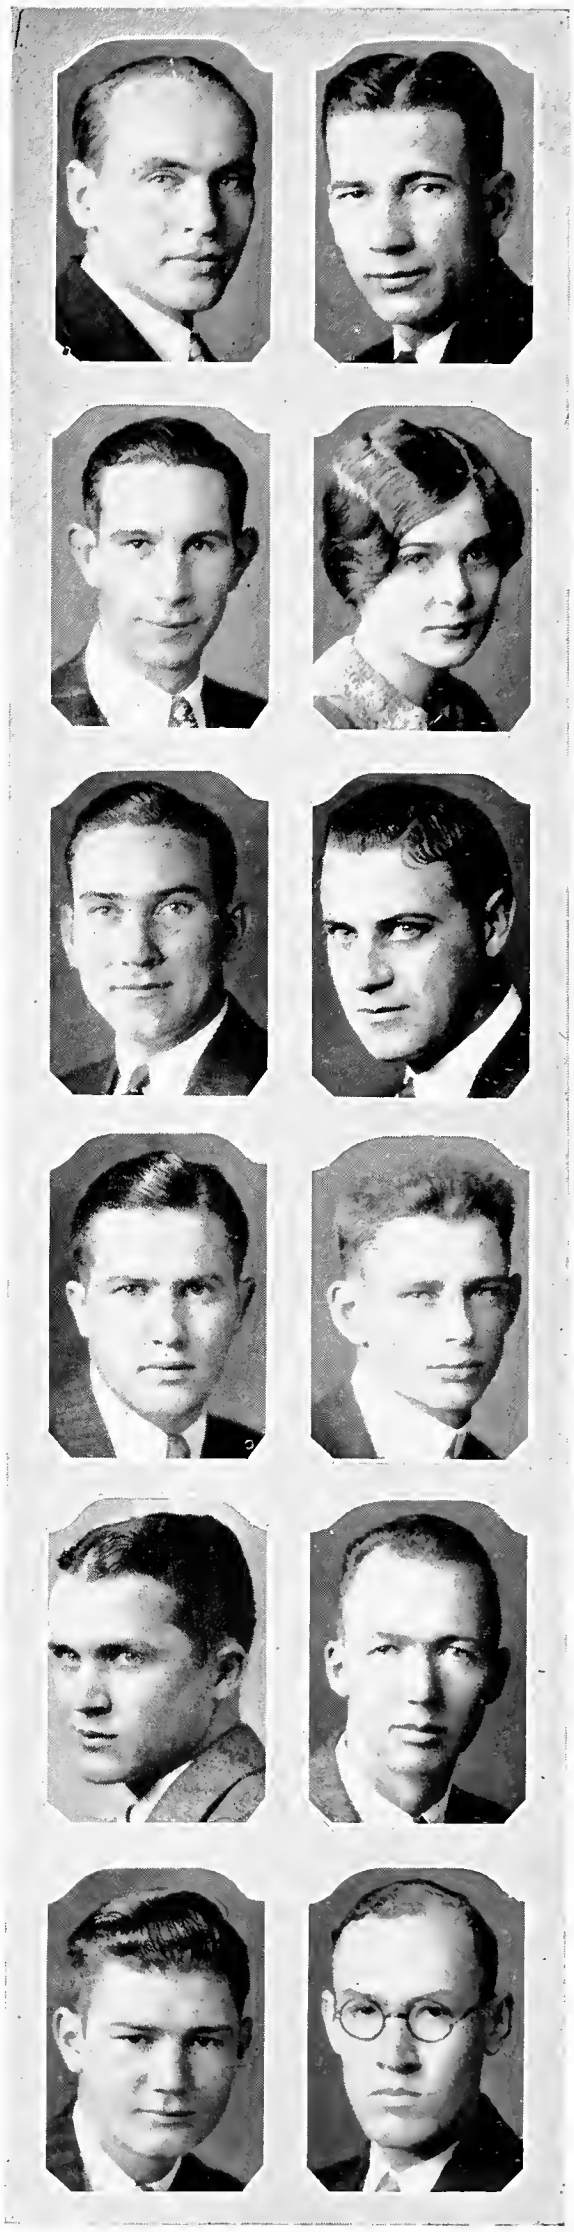
Electrical Engineering

Beta Pi Epsilon; Scabbard and Blade; Mortar and Ball; A. I. E. E. Treasurer; R. O. T. C. Lieutenant.

Colby, Paul Southworth — *Denver, Colorado*

Electrical Engineering

A. I. E. E. (3, 4), Secretary (3).



Coleman, Erma Mildred — *Mayetta*

Home Economics

Alpha Theta Chi; Kappa Phi; Eurodelphian; Y. W. C. A.; Home Economics Association.

Coleman, John Robert — *Wichita*

Chemical Engineering

Phi Kappa; Sigma Tau; Scarab; Newman Club, President (3); Pi Epsilon Pi; Kansas State Engineer, Treasurer (3); Engineering Association, Treasurer (4); Tobasco; Panhellenic Representative (1, 2, 3); Boxing (2).

Cooley, Paul A. — *Neodesha*

Architectural Engineering

Gargoyle Club; Advanced R. O. T. C.

Cook, Bessie — *Bucklin*

Home Economics

Alpha Beta; Home Economics Association; Inter-Society Council.

Conger, Clifford Vernon — *Ionia*

Veterinary Medicine

Alpha Gamma Rho; Baseball; Junior American Veterinary Medical Association.

Correll, Ruth — *Manhattan*

Physical Education

Alpha Delta Pi; Prix; Hockey (3, 4), Varsity (3, 4); Swimming (4); Y. W. C. A.; Enchiladas; Purple Pepster; W. A. A., Council (4); Frivol (3, 4); World Forum.

Cortelyou, Helen — *Manhattan*

General Science

Kappa Kappa Gamma; Phi Alpha Mu; Mortar Board, President; Prix (3); Phi Kappa Phi; W. A. A.; Class Historian (2); Y. W. C. A., Cabinet, (2, 3, 4); Y. W. C. A.; Octette (1); Glee Club (1, 4); Lambda Tau Kappa; Sophomore Honors; Freshman Scholarship Prize; "Romance"; "Just Suppose".

Cover, Earl Jewell — *Perry*

Electrical Engineering

Hamilton; A. I. E. E.

Crawford, Edward — *Stafford*

Agricultural Economics

Sigma Nu; Scarab; Senior Stock Judging Team; Tobasco; Block and Bridle; Agricultural Economics Club; Agricultural Association.

Crihfield, W. Garnet — *Geneseo*

Home Economics

Criswell, William Leslie — *Hysham, Montana*

Electrical Engineering

Beta Pi Epislon; A. I. E. E.; Engineer Open House, Chairman (4).

Crossen, Walter McConnell — *Turner*

Agriculture—Horticulture

Alpha Rho Chi; Scabbard and Blade; Tobasco; Horticultural Club.

Cunningham, Louise J. *Manhattan*
Home Economics
Newman Club; Home Economics Club.

Curtis, Norman *Toronto*
Agriculture

Curtis, Charles Raymond *St. John*
Agricultural Administration
Farm House; Agricultural Economics Club; Agricultural Association.

Dailey, Edmond R. *Garden City*
General Science
Webster; Y. M. C. A.

Daugherty, Grace Annetta *Republic*
Home Economics
Y. W. C. A.; Home Economics Club; Kappa Phi.

Davidson, Ina Willametta *Manhattan*
Home Economics
Alpha Xi Delta; Eurodelphian; Kappa Phi; Home Economics Association; Y. W. C. A.; Freshman Commission.

Davies, Loyal Hendrickson *Manhattan*
Civil Engineering
Lambda Chi Alpha; Sigma Tau; Scarab; Steel Ring; Varsity Boxing (2); Kansas State Engineer, Editor; A. S. C. E.; R. O. T. C. Captain.

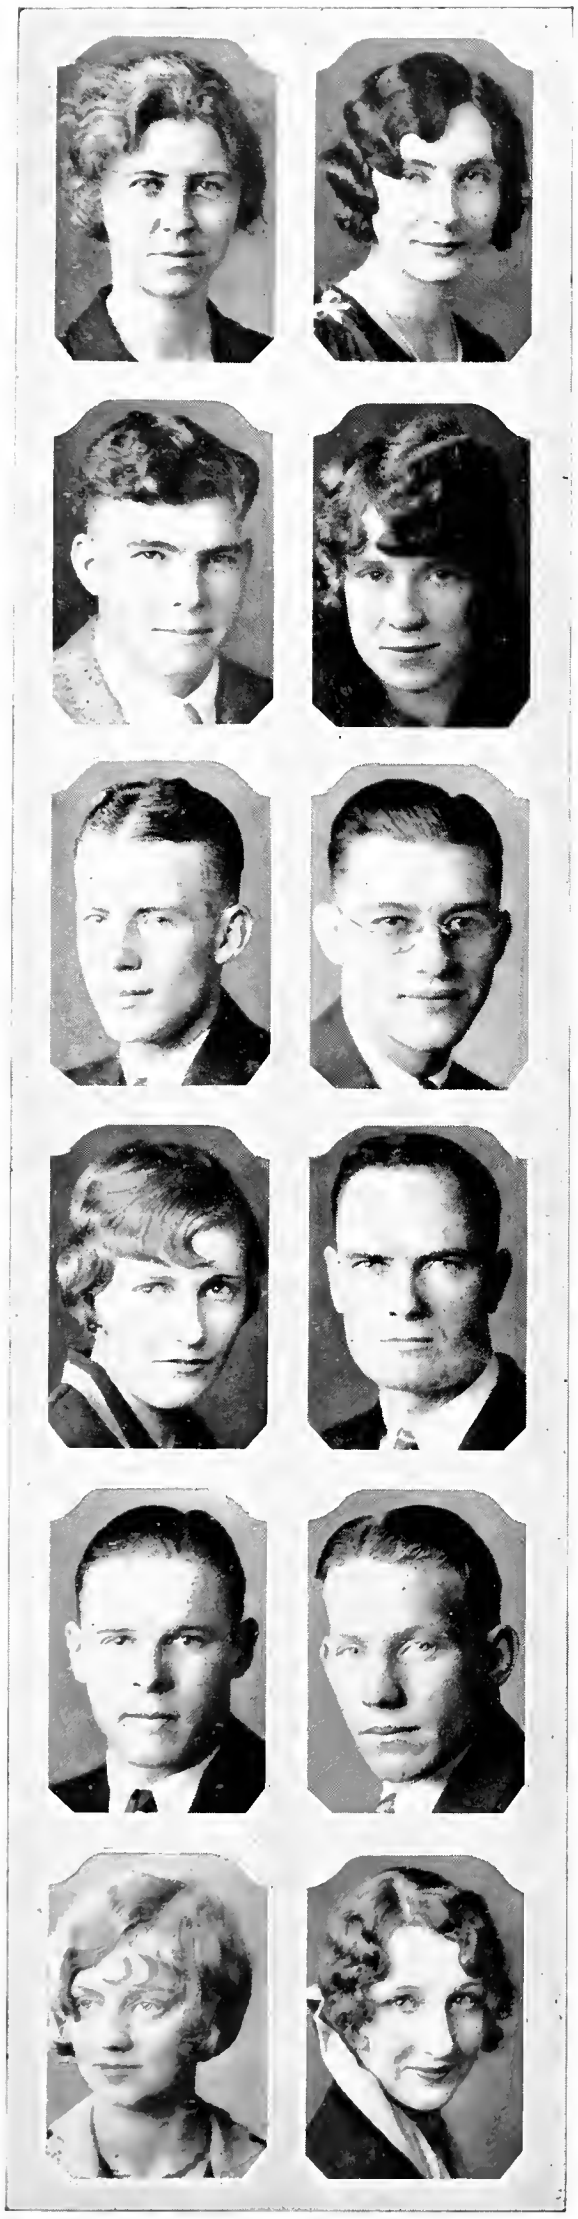
Davies, Ruth *Delphos*
Physical Education
W. A. A.; "K" Fraternity; Kansas State 4-H Club; Y. W. C. A., Big Sister Captain (2); W. A. A. Council (4); Swimming Manager (4); Varsity (1, 2, 3, 4), Captain (3); Hockey (1, 2, 3, 4); Track (2, 3); May Fete (2); Aggie Pop (4); Volley Ball (2); Baseball (3); Frivol (2, 3).

Dawley, Hope *Manhattan*
Physical Education
Hockey (4); Volley Ball (3, 4); Swimming (1, 3, 4), Varsity (3, 4); W. A. A. Council; Y. W. C. A.; Baseball (2, 3); Tennis (1, 3,) Track (3); Frivol (4).

Deal, Flora *Great Bend*
Home Economics
Kappa Delta; Omicron Nu; Treasurer (4); Meat Judging Team (4); Y. W. C. A.

Deal, Homer Thomas *Hoisington*
Civil Engineering
Sigma Tau; A. S. C. E.; Kansas State Engineer.

DeCamp, Daniel *Manhattan*
Veterinary Medicine
Junior American Veterinary Medical Association; Adv. R. O. T. C.



Dennett, Linnea — *Lindsborg*

Foods and Nutrition

Phi Kappa Phi; Omicron Nu.

Dizmang, Vianna Ruth — *Manhattan*

Home Economics

Theta Epsilon; Browning; Y. W. C. A.

Downie, Emerson George — *Hutchinson*

Electrical Engineering

Sigma Tau; Phi Kappa Phi; A. I. E. E.; R. O. T. C. Major.

Dougherty, Opal — *Manhattan*

Home Economics

W. A. A.; Y. W. C. A.; Home Economics Association; Treasurer (4); Home Economics Club

Dring, Arthur E. — *Pawnee Rock*

Civil Engineering

Phi Sigma Kappa; Phi Kappa Phi; Sigma Tau; Scabbard and Blade; Mortar and Ball; A. S. C. E., President (4); Engineering Association Secretary; R. O. T. C. Lieutenant Colonel; Historian, Sigma Tau (4); President Mortar and Ball (3).

Drollinger, G. E. — *Wichita*

Mechanical Engineering

Kappa Sigma; Scabbard and Blade; Mortar and Ball; Class Secretary (4); Senior Panhellenic; Scarab; A. S. M. E.; Mortar and Ball National Secretary.

Dubbs, Rebecca — *Ransom*

General Science

Phi Alpha Mu; W. A. A.; Kappa Beta; Eurodelphian.

Drake, Raymond Rodney — *Nekoma*

Agricultural Engineering

Lambda Chi Alpha; A. S. A. E.

Dunlap, Norton T. — *Berryton*

Electrical Engineering

Phi Kappa Tau; Mortar and Ball; A. I. E. E.; Major R. O. T. C.

Durland, Glenn A. — *Irving*

Commerce

Baseball (2, 3, 4); Band (1, 2, 3).

Duvall, Lillys Molly — *Arkansas City, Kansas*

Home Economics

Kappa Delta; Y. W. C. A. (1, 2); Ward Belmont (1, 2).

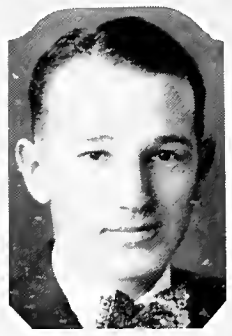
Dwelly, Meredith E. — *Manhattan*

Industrial Journalism

Prix; Purple Pepster, Secretary-Treasurer (4); Basketball (1, 2), Captain (3, 4); Hockey (2, 3, 4); Baseball (2, 3); Volleyball (4); Kappa Beta; W. A. A., Council (3, 4); Y. W. C. A., Big Sister Captain (2); Frivol (3, 4); Rifle Team; "K" Fraternity; X Team; Collegian Staff (4); Brown Bull Staff.

Dwelly, J. C. *Manhattan*
Commerce

Eby, Martin Keller *Wellington*
Civil Engineering
Sigma Tau; A. S. C. E. Vice-President; Kansas State Engineer Staff.



Eddy, Rosamond *Havensville*
Home Economics
Parsons Junior College (1, 2); Home Economics Association; Y. W. C. A.

Edwards, Philip J. *Athol*
Electrical Engineering
Sigma Tau; A. I. E. E.; Lambda Tau Kappa; Kansas State Engineer.

Ellifrit, Edward V. *Kansas City, Kansas*
Electrical Engineering
Alpha Tau Omega; A. I. E. E.

Elling, Hellen R. *Lawton, Oklahoma*
Physical Education
Alpha Theta Chi; Basket Ball (2); Baseball (2); Track (2); Volley Ball (3, 4); Hockey (3, 4), Varsity (4); W. A. A.; Kansas State 4-H Club.

Elliott, Irene *Topeka*
General Science
Theta Epsilon; Freshman Commission; Baptist Student Council (4).

Fairbank, Elizabeth *Topeka*
Home Economics

Dairy Husbandry

Alpha Gamma Rho; Alpha Zeta; Block and Bridle; Agricultural Association; Dairy Club; Dairy Cattle Team (3); Dairy Products Team (4); Junior Livestock Team (3); Ag Student (3, 4); Manager Aggie Dairy Show (3); Collegiate 4-H Club.

KNIGHT, MARGARET — *Medicine Lodge*

General Science

Alpha Xi Delta; Freshman Panhellenic Council (1).

KOEHLER, LEONARD WILLIAM — *Kansas City, Missouri*

Agriculture

Phi Kappa Phi; Apple Judging Team (3); Horticultural Club; Ag Student.

KOENIG, JOSEPHINE ELIZABETH — *Kansas City, Missouri*

Home Economics

Y. W. C. A.; Home Economics Association.

KROEKER, EDWIN H. — *Hutchinson*

Industrial Chemistry

Glee Club (3, 4); Y. M. C. A., Cabinet (4); Hamilton (1, 2, 3, 4); Y. M. C. A., Vice-President (4).

KUIKEN, WALTER FRED — *Glen Elder*

General Science

LARSON, EMIL E. — *Agenda*

Civil Engineering

A. S. C. E.

LASHBROOK, RALPH R. — *Almena*

Industrial Journalism

Lambda Chi Alpha; Class Secretary (3); Collegian Editor (3); Collegian Board; Royal Purple Editor (4); Sigma Delta Chi, President, (4); Pi Kappa Delta, Vice-President, (4); Senior Men's Panhellenic; Theodoric Council (3, 4); Debate (3, 4); Tobasco; Y. M. C. A.; Chairman "Go-to-College Teams" (3).

LATZKE, O. A. — *Manhattan*

Industrial Chemistry

Beta Pi Epsilon; Sigma Tau; Band (1, 2, 3, 4).

Lee, Donald Cutler — *Harper*

Electrical Engineering

Beta Pi Epsilon; Scabbard and Blade; Pi Epsilon Pi; Pax, Treasurer; Advanced R. O. T. C.; A. I. E. E.; Engineering Association; Engineer's Open House Committee.

Lemert, Mildred Hazel — *Cedar Vale*

General Science

Kappa Delta; Y. W. C. A. Cabinet (3, 4); Y. W. C. A., Secretary (4); Eurodelphian (2, 3, 4); Inter-Society Council (3, 4), Treasurer, (4).

Leonard, Florence Marie — *Manhattan*

General Science

Phi Omega Pi; Y. W. C. A.; Enchiladas.

Leonard, Virgil Hudson — *Richland*

General Science

Sigma Phi Sigma.

Leuthauser, Agatha M. — *Beemer, Nebraska*

Home Economics

Beta Phi Alpha.

LeVitt, Una Minnette — *Wilson*

General Science

Delta Zeta; Purple Pepster; W. A. A.; Y. W. C. A.; Stephens College (1, 2).

Lewis, Ralph Oscar — *Parsons*

Agronomy

Farm House; Alpha Zeta; Basket Ball (3, 4); Intramural Cross Country (4); Tri-K, Secretary (4); Agricultural Association; Y. M. C. A.

Lindberg, Harold Carl — *Courtland*

Electrical Engineering

Sigma Tau; A. I. E. E., President (4); Kansas State Engineering Association.

Lortscher, John Paul — *Fairview*

Agricultural Administration

Omega Tau Epsilon; Pax; Scarab; Agricultural Economics Club, Vice-President, (4).

Love, William Robert — *Bronson*

Industrial Chemistry

Baseball (2); American Chemical Association; Y. M. C. A.

Lunbeck, Reland E. — *Manhattan*

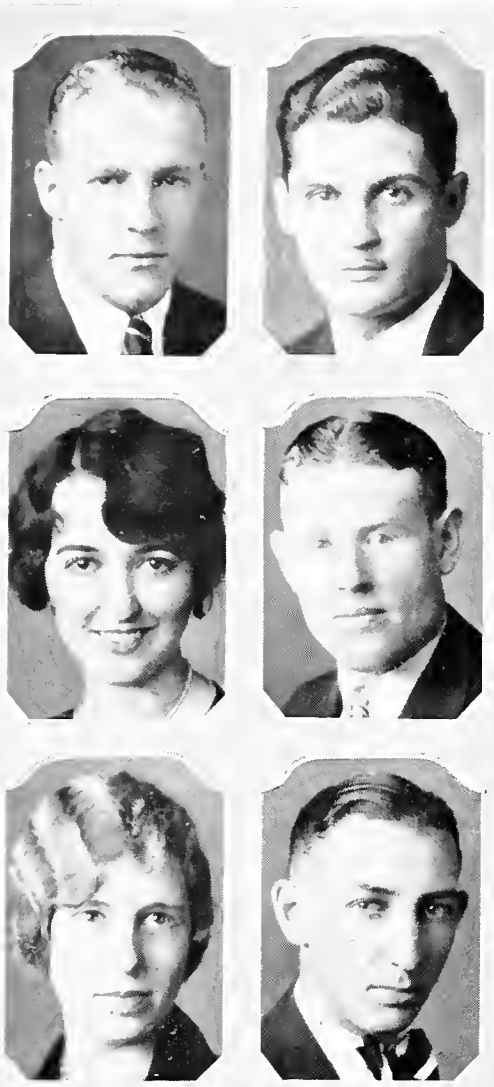
Industrial Journalism

Kappa Delta; Glee Club (1); Rifle Team (4); Volley Ball (4); W. A. A.

Lund, Curtis Joe — *La Sita*

General Science

Phi Mu Alpha; Orchestra (2, 3, 4); Salon Orchestra (3, 4); Go-to-College Team (2); Glee Club (3); Freshman Commission; Y. M. C. A.



McBURNEY, ED C. *Newton*

Civil Engineering

Sigma Alpha Epsilon; "K" Fraternity; Football (2).

McCASLIN, WAYNE *Osborne*

General Science

Phi Kappa Tau; Tobasco; "K" Fraternity; Scarab; Pi Epsilon Pi, President, (4); Freshman Commission; Freshman Honors; Wrestling Team (2, 3).

McCLUNG, MABEL MAE *Manhattan*

Home Economics—Art

Beta Phi Alpha; Kappa Beta; Y. W. C. A.

McCLUNG, HUGH E. *Hayward, California*

Veterinary Medicine

Alpha Sigma Psi; Junior American Veterinary Medical Association; Hamilton; Y. M. C. A. Cabinet; Captain R. O. T. C.

McCORMICK, LENORE *Cedar Vale*

Industrial Journalism

Kappa Delta; Mortar Board; Theta Sigma Phi; Prix; Y. W. C. A., President, (4); Theta Sigma Phi, Secretary-Treasurer, (4); Collegian Board, Secretary, (4); Campus Chest Commission (4); Inter-Society Council (3, 4); Ionian; Cosmopolitan Club; Mortar Board, Vice-President, (4).

McCORMICK, ROBERT EARL *Oatville*

Flour-Mill Engineering

Sigma Tau; Steel Ring; Mortar and Ball; Kansas State Engineer Staff (3, 4); Milling Industry Association, President (3); Advanced R. O. T. C.

McCROSKEY, PAUL JOSEPH *Netawaka*

General Science

Phi Kappa Tau; Phi Mu Alpha; Phi Delta Kappa; Athenian; Glee Club (1, 2, 3); Chorus (1).

McGREGOR, JAMES DAN *Columbus*

Mechanical Engineering

Delta Sigma Phi; Tobasco; A. S. M. E.; Y. M. C. A.

McGUIRE, ESTHER BEATRICE *Manhattan*

Home Economics

Beta Phi Alpha; Phi Kappa Phi; Prix, President; Omicron Nu, Secretary (4); Mortar Board; S. G. A. (3, 4); Secretary (4); Kappa Beta; Ionian; Home Economics Association; Big Sister Captain (2).

McGUIRE, HAZEL ALBERTA *Manhattan*

Public School Music

Beta Phi Alpha; Kappa Beta; Ionian; Orchestra (3, 4); Glee Club; Y. W. C. A. Cabinet; Big Sister Captain (2).

McKIBBEN, AGNES VIVIAN *Manhattan*

Institutional Economics

Kappa Beta; Y. W. C. A.; Cosmopolitan Club.

McMORAN, WALTER GORDON *Coldwater*

General Science

MALL, THELMA — *Manhattan*

Home Economics

Ionian; Kappa Phi; Y. W. C. A., Big Sister; Home Economics Association; Student Delegate to N. H. E. A. (3).

MARKLE, MARCELINE — *Lyons*

Home Economics

Beta Phi Alpha; Varsity Archery Team (2); Senior Women's Panhellenic (3, 4); Kappa Beta.

MARSHALL, JAY CLAYTON — *Manhattan*

Mechanical Engineering

Sigma Tau; Mortar and Ball; A. S. M. E., Vice-President.

MARTIN, DONALD — *Fellsburg*

Agriculture

Agricultural Economics Club; Agricultural Association; Webster

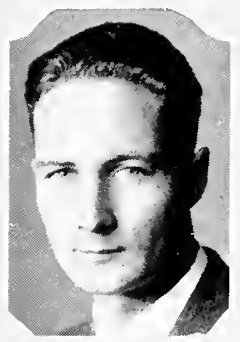
MAYDEN, WALTER S. — *Manhattan*

Mechanical Engineering

Scabbard and Blade; Rifle Team (1, 2, 3, 4), Captain (3).

MAY, MARY EDITH — *Wichita*

Home Economics



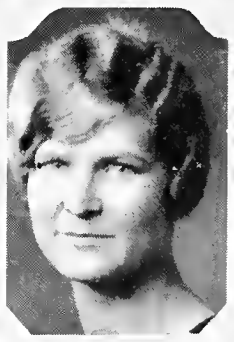
MEHAFFEY, CHARLES HUBERT — *Farmington*

Mechanical Engineering

Phi Lambda Theta; Mortar and Ball.

MERONEY, ALBERT HOUSTON — *Garden City*

Industrial Journalism



MEYER, MARY A. — *Mound City, Missouri*

General Science

Y. W. C. A.; Cosmopolitan Club; Ionian; Kappa Phi.

MILLER, RALPH LARUE — *Norton*

Y. M. C. A.

THE Young Men's Christian Association of the Kansas State Agricultural College is a group of men organized for the purpose of developing all around Christian character, and loyalty to K. S. A. C. Through various groups, meetings, conferences, and personal contacts with the student body the Y. M. C. A. tries to find a practical, workable basis for living the Jesus way of Life on the campus.

Boy's Meats Judging Team

THE Kansas Aggies were again represented by a meat judging team at the American Royal Livestock Show, Kansas City, and at the International Livestock Exposition, Chicago. This is the second year for the Aggies in this type of judging work.

The Kansas City contest was won by Missouri, with Kansas ranking fourth, Illinois and Iowa ranking second and third respectively. Six teams competed in the contest. O. E. Funk was second in the judging of pork and sixth high man of the contest. I. K. Tompkins tied for first place in the judging of mutton and lamb. S. R. Bellamy was third in the judging of pork. The Aggie team stood in second place in pork judging.

Nine teams competed at the Chicago contest. The Nebraska Co-ed team placed first with the Kansas Aggies in close second. D. A. Scheel and O. K. Funk were third and fourth high men of the contest respectively. The Aggies were first in the judging of beef with D. A. Scheel in first place and O. E. Funk in sixth place.

Girl's Meat Judging Team

D. L. Mackintosh, *Coach*

THE Girl's Meat Judging team competed at the National Live Stock and Meat Show at the American Royal in Kansas City. The Kansas state team won second place.

The contest was divided into two parts. First, the students were required to identify 25 retail cuts of meats. Second, the following classes of meat were judged: pork loin, pork hams, beef rounds, beef chucks, and lamb saddles.

Last year the girl's team competed at the National Live Stock and Meat Show at the American Royal in Kansas City where they placed first. This was the first national meat judging contest ever held for women students.

Poultry Judging Team

THE Kansas State Poultry judging team placed second in the Mid-West Intercollegiate poultry judging contest held in Chicago December 22, 1928. The team was first in the written examination on poultry.

Only 18 points separated the first two teams, Iowa and Kansas State. The ten competing teams finished as follows: Iowa, Kansas State, Oklahoma, Indiana, Illinois, Missouri, Texas, Nebraska, North Dakota, and Ohio.

S. R. Stewart, Kansas State, was high individual of the entire contest.

STEWART RALEIGH O'HARA FERGUS SCOTT, *Coach*

Engineer Open House

OPEN House has become an annual event, when the Engineers receive guests, and show them something of the work done in each of the departments of the Engineering Division. Interesting and instructive "stunts" are displayed.

The first Open House was held in 1920, at the request of the Farm and Home week committee. Each year the Open House programs have been interesting but much the same as those of preceding years.

This year in order to place the Engineer Open House on its proper basis, it was made a separate affair. The usual program was lengthened to include an Engineer's chapel, St. Pats Prom and a night display of Open House. The several new and instructive features and the fine co-operative spirit of the Engineers made the '29 Open House a distinct success.

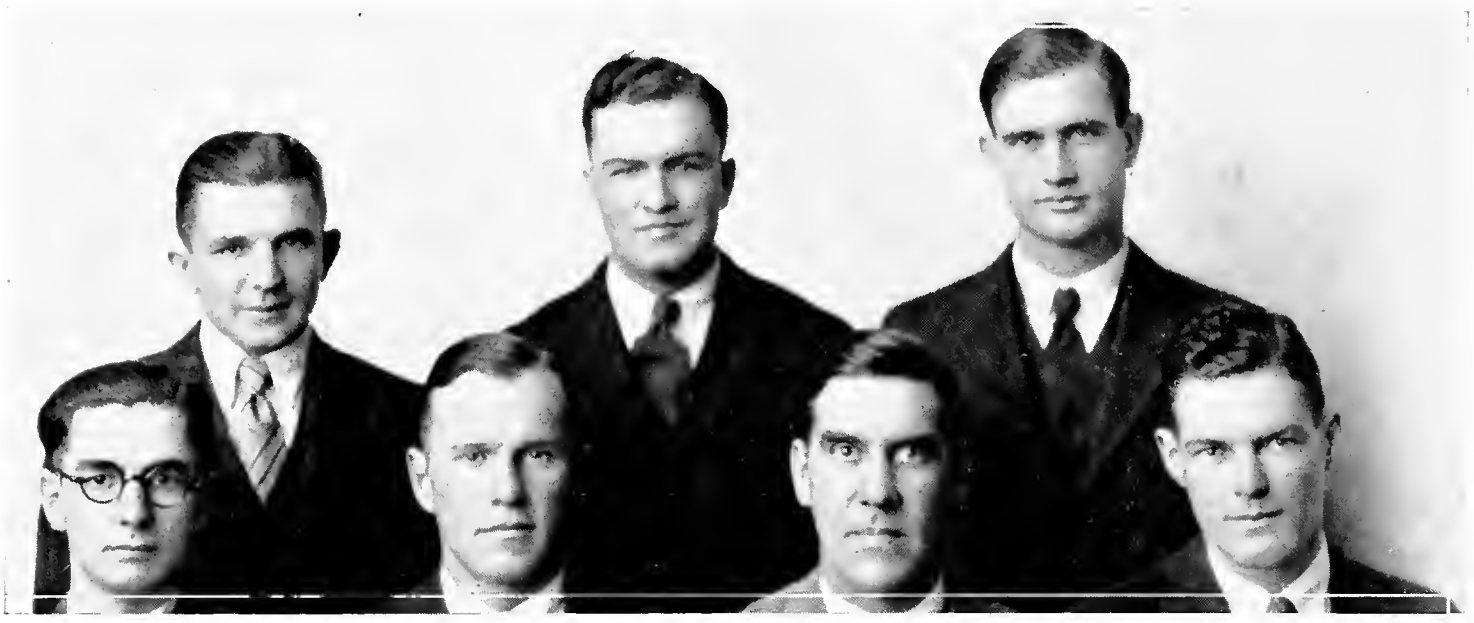
Senior Livestock Judging Team



LEE BERGSMA FUNK CRAWFORD BELL, *Coach* TOMPKINS IMMASCHE

AT THE Kansas National Livestock Show in Wichita, Kansas, the Aggie team placed first out of seven teams. S. S. Bergsma was the high individual scorer.

In Kansas City at the American Royal Livestock Show, out of sixteen teams, the Kansas State team placed second. The high individual scorer was Ed Crawford.

At the International Livestock Show in Chicago, in which twenty-three teams were competing, the Kansas State team placed second and O. E. Funk was second high individual scorer.

The team was coached by Professor F. W. Bell.

Junior Livestock Judging Team

This team also was coached by Professor F. W. Bell. The team competed in the Denver Western Livestock Show against six other teams. Kansas State won first place with a lead of 124 points over the team winning second. This is the first time the Juniors have won first in the Denver contest.

Ag Barnwarmer

OFFICERS

H. A. Paulsen . . . . . *Manager*
Leonard Stewart . . . . . *Assistant Manager*
William Chapman . . . . . *Treasurer*

THE second annual Ag "Barnwarmer" was held in Nichols Gymnasium October 12, 1928. About 325 Ags and a corresponding number of maidens attended. The Gym was elaborately decorated to give the effect of a hay loft in a rural community. The Ags and their dates were dressed in overalls and aprons.

Miss Elsie Nuss was escorted to the throne by Manager H. A. Paulsen and crowned Queen of the "Ags", by Dean L. E. Call.

"When better parties are held, the Ags will hold them."

Ag Fair

OFFICERS

H. P. Blasdel . . . . . *Manager*
F. J. Raleigh . . . . . *Assistant Manager*
R. L. Remsberg . . . . . *Secretary-Treasurer*
William Chapman . . . . . *Assistant Secretary-Treasurer*

The annual Ag Fair is the one enterprise in which all of the Ag Students take an active part. It is held each spring at the north end of the campus and attracts a large crowd. Ag Fair was organized in 1920 and since that time has been a means of uniting the departments of the Division of Agriculture to promote a spirit of unity and co-operation among the students and the faculty.

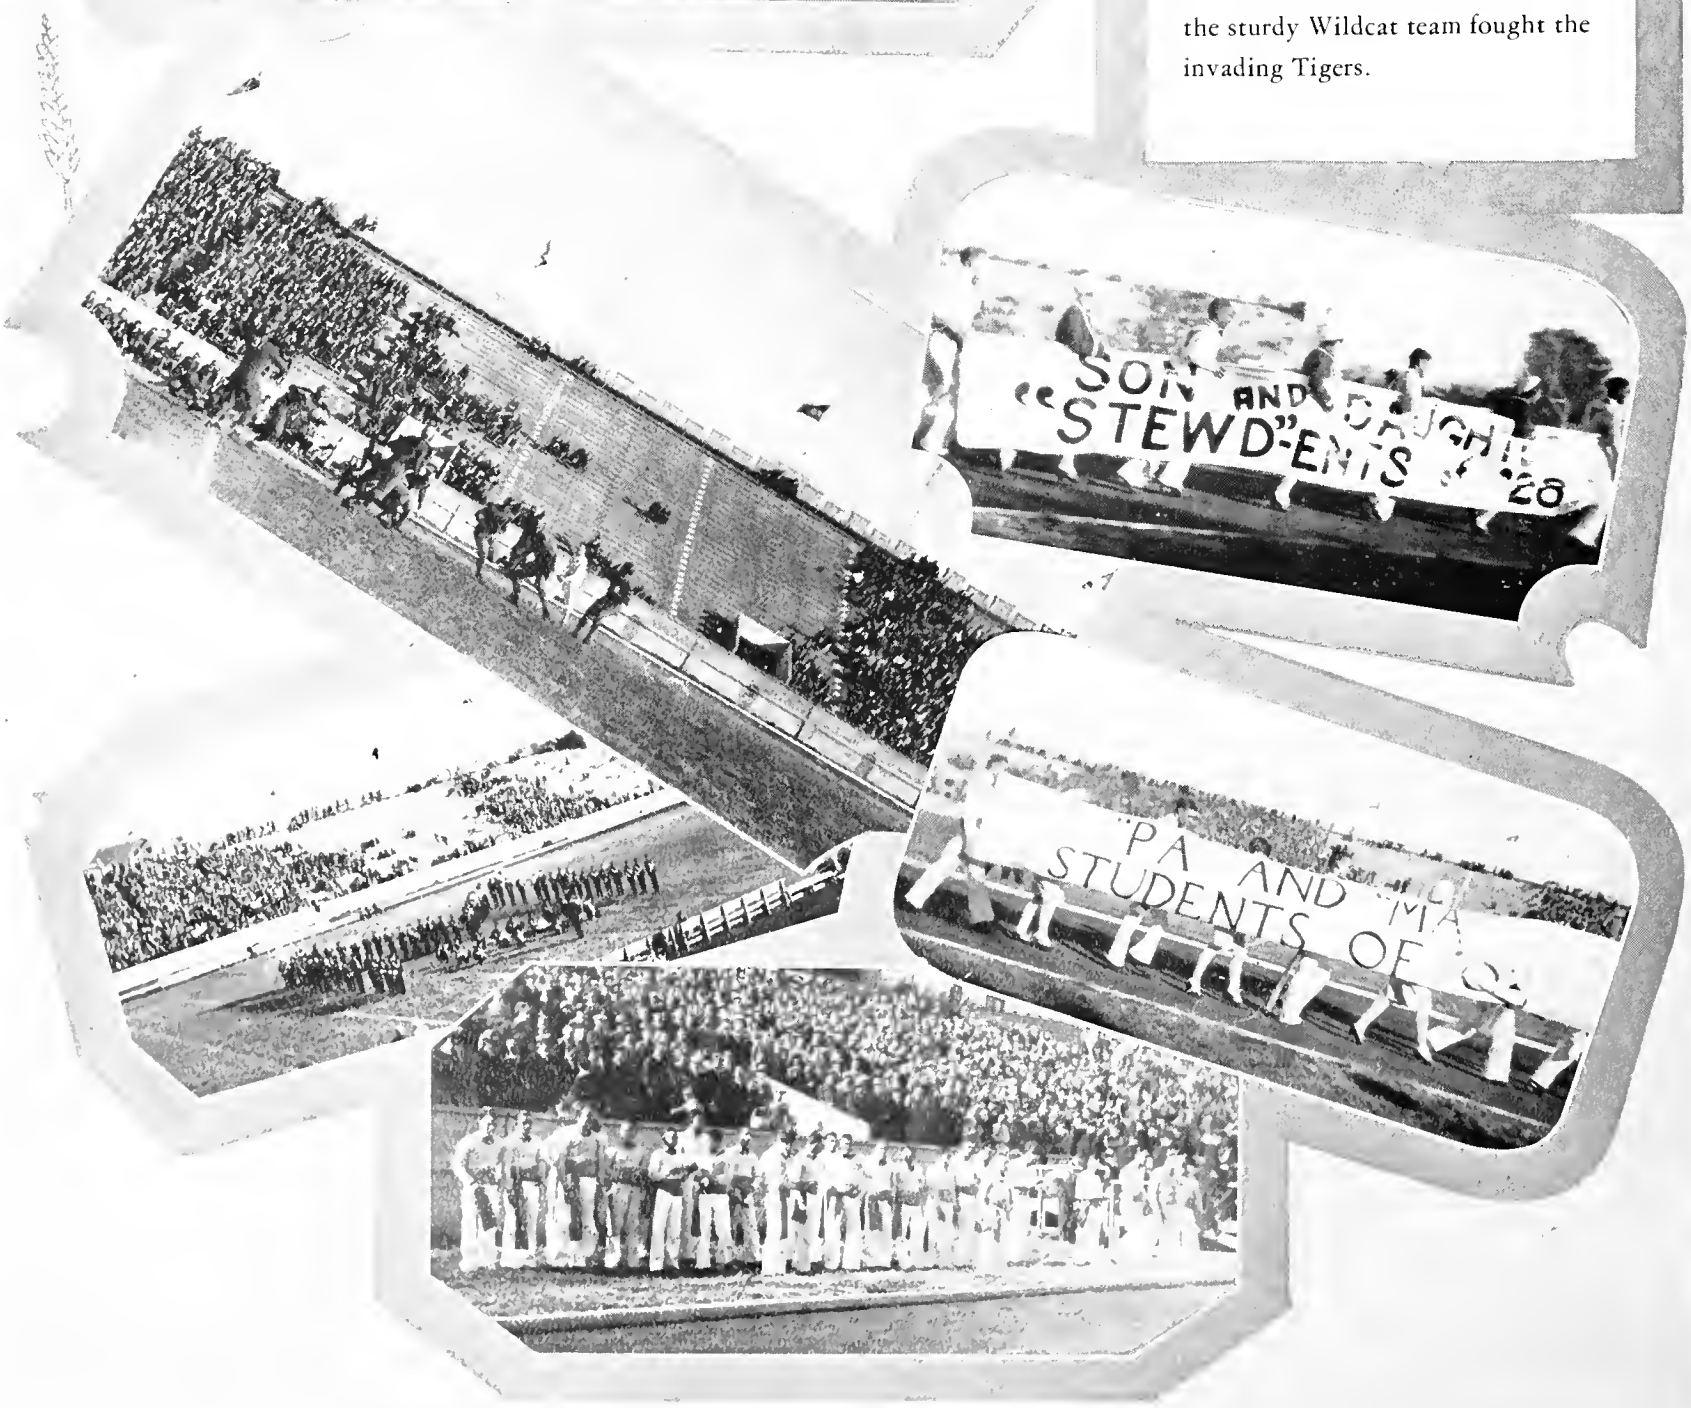
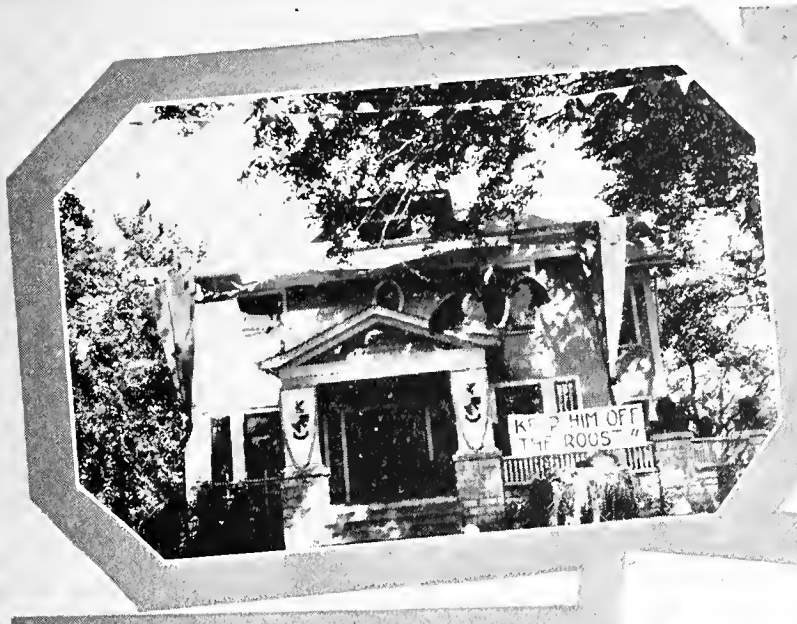
PARENTS DAY

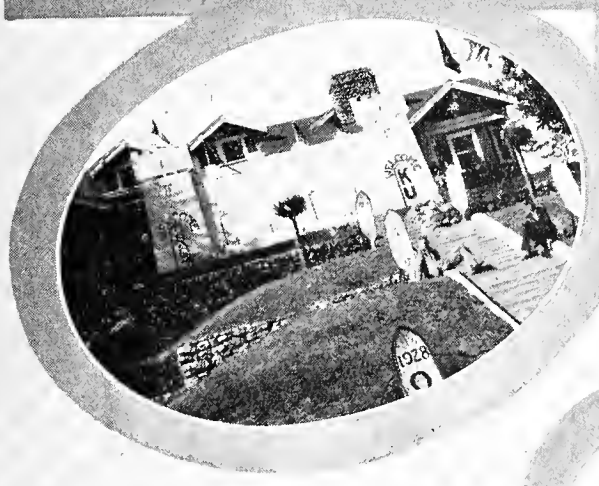
"Parents Day" and the Missouri game brought a crowd and the holiday spirit to Aggieland. From the time Captain Pearson called the toss of the coin to the final twilight gun, the sturdy Wildcat team fought the invading Tigers.





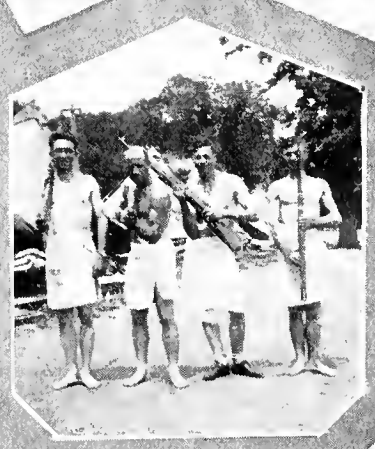
HOMECOMING

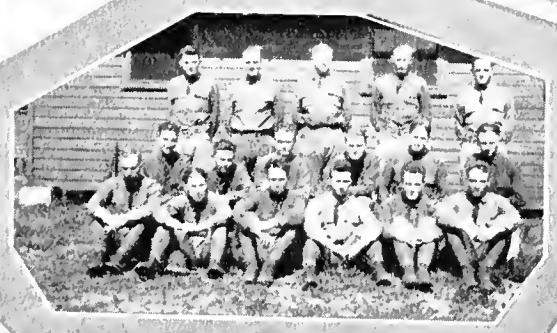
Captain Hauser of Kansas called the 'toss' for the kick-off of the annual grid battle. Stunts by the Wampus Cats, the Band, and the Purple Pepsters entertained the Visiting "Grads". Each Lodge and Campus Eating Club vied for honors in house decorations.



R. O. T. C. CAMP

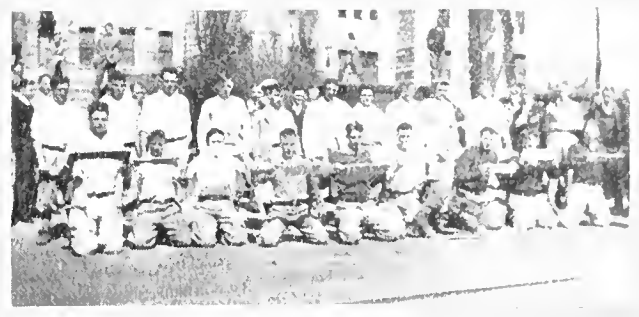
At Ft. Leavenworth, at Camp Knox Kentucky, and at Ft. Snelling Minnesota, Kansas State advanced R. O. T. C. students worked and played through a summer vacation. At the lower left Art Hemker hides his face from the camera.





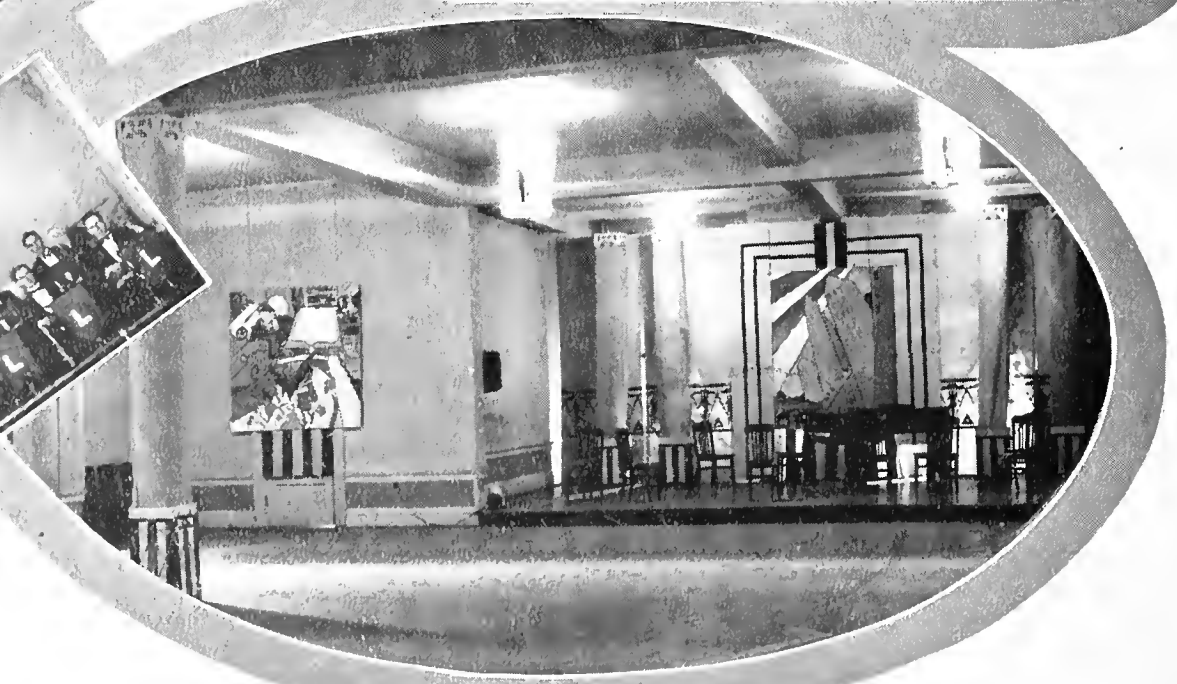
"K" FRATERNITY HELL WEEK

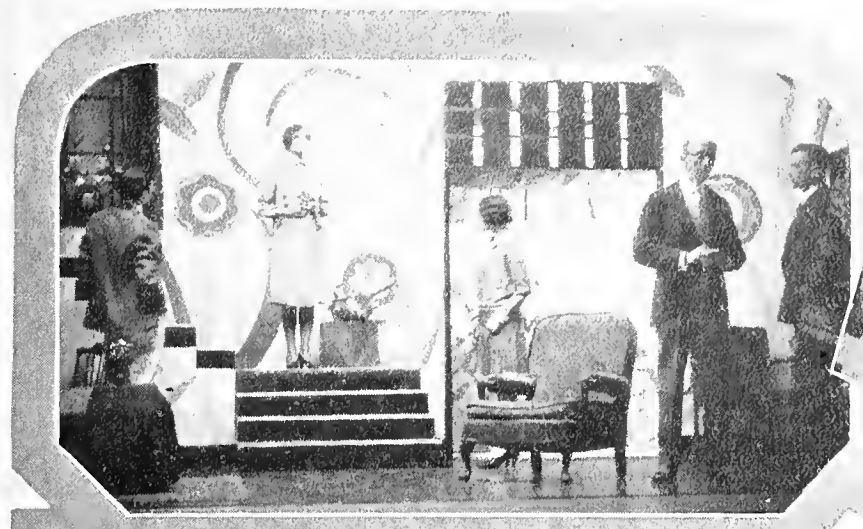
Bicycles supplemented paddles in the "warming up" exercises for "K" fraternity initiates this spring. Featured individuals were "Skunk" Telford and sisters Yeager and Gilbert (in skirts). Kirk Ward and Wayne McCaslin demonstrate the proper application of the barrel stave.



PARTIES

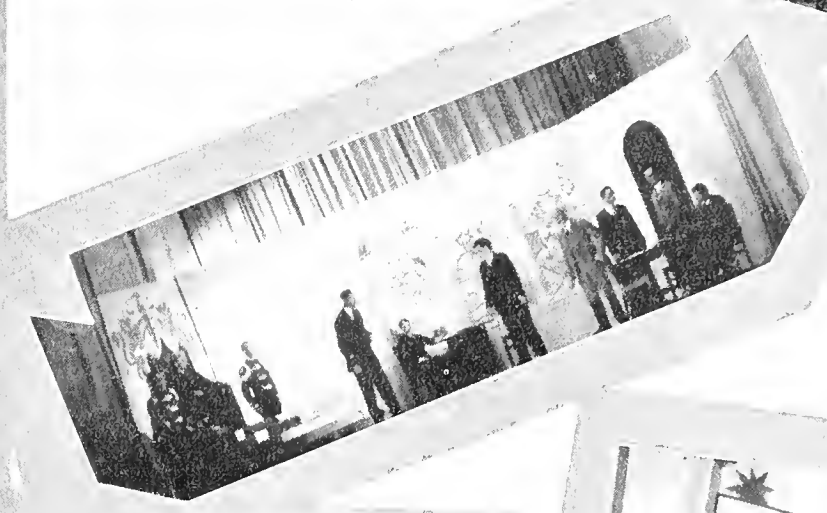
Below: A view of the decorations for the Architects ball held in Recreation center. At the Wareham, featuring Layton's orchestra we have Col. Stanley Holmberg and the Military Ball, the Carnival dance and two views of the Junior-Senior Prom.

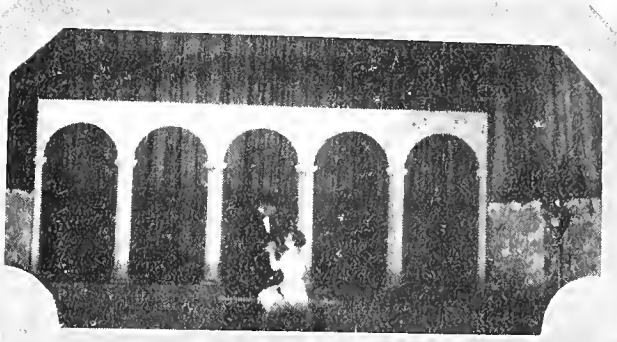




DRAMATICS

These stage settings from "Meet the Wife", "Merchant of Venice' and "Sun-Up" represent a few of the popular stage productions of H. Miles Heberer and his Manhattan Theatre players.





W. A. A. STUNTS

The clowns are here for the W. A. A. circus at the Wareham; Hope Dawley and Mildred Huddleston. The Dutch, Imogene Lampe and Violet Holstine patch up a quarrel. Lorraine Barrett and Margaret Canham in Frivol—they speak for themselves.

FRIVOL

No, Ziegfield is not in town. We are just seeing more of our Co-eds than usual at Frivol in the pajama chorus and in the modern chorus. The demure rosebuds are members of Alpha Delta Pi in their Aggie Orpheum prize-winning pose.

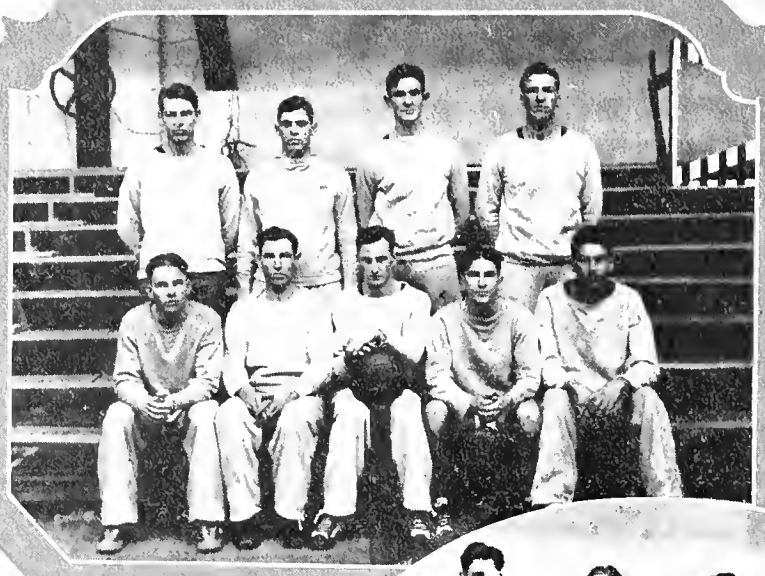
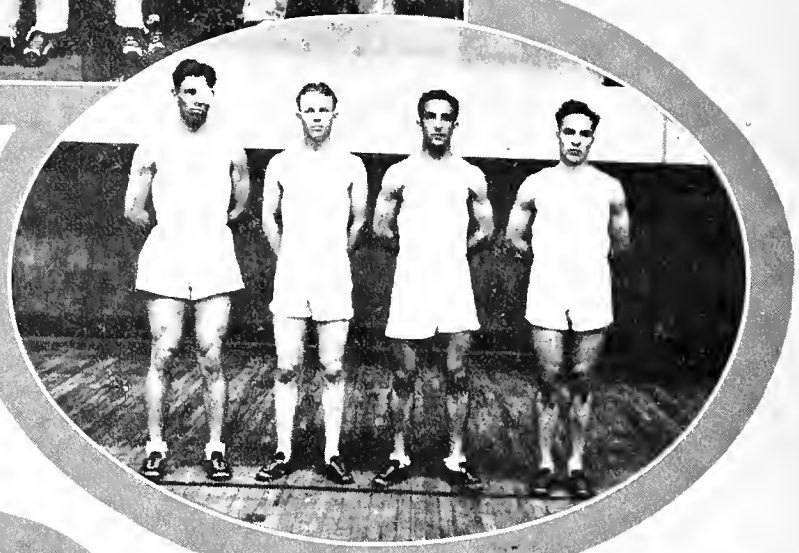
WOMEN'S ATHLETICS

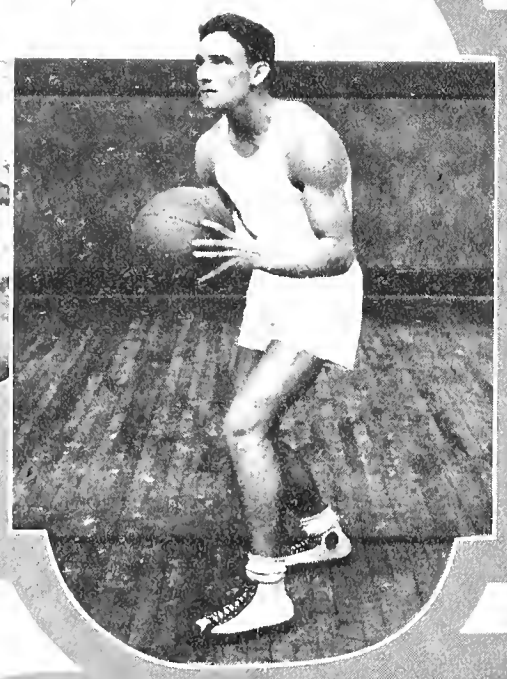
The Delta Zeta Basket Ball champions, Sophomore Volley Ball team, and the Freshman Hockey team. Mildred Huddleston, Beatrice Wood, Elizabeth Hartley and Ruth Frost compete in the barnyard sport.

RIFLE TEAM

Mildred Huddleston, rifle team captain; Helen Laura Dodge and Meredith Dwelly, star shots; and two poses of the Women's rifle team. At the right, Glenn Koger, ex-captain of the Men's rifle team; below, E. W. Bennett, high score individual of the seventh corps area; and at the right below, A. O. Flinner, captain-elect.

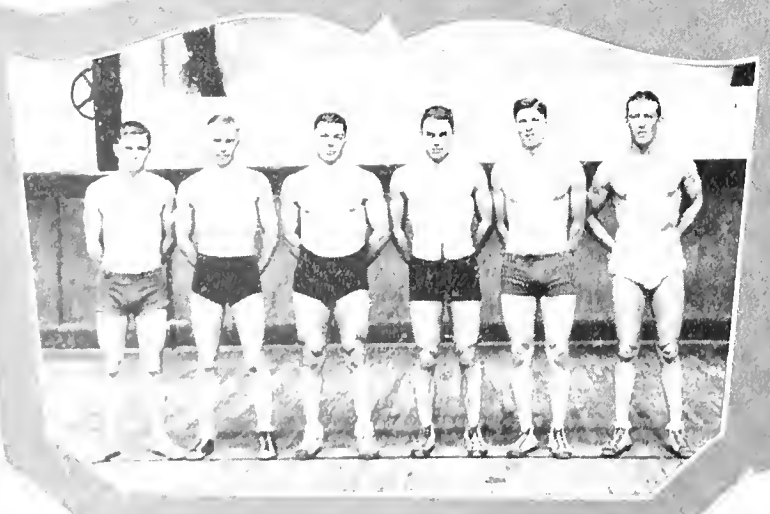


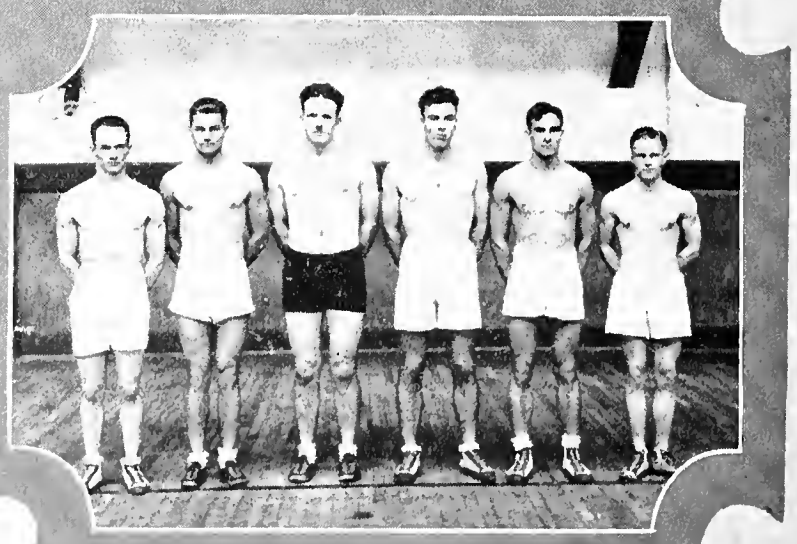


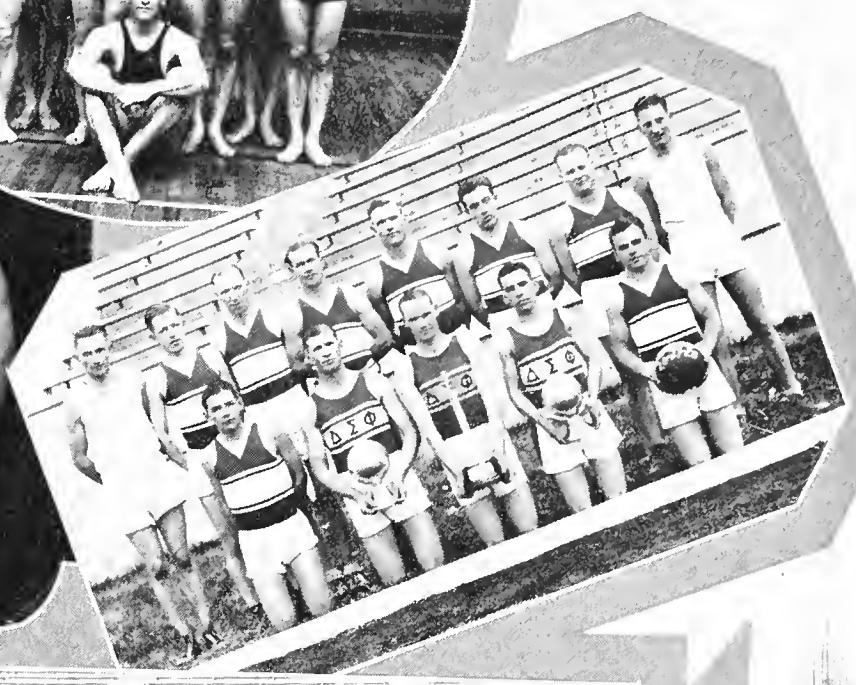


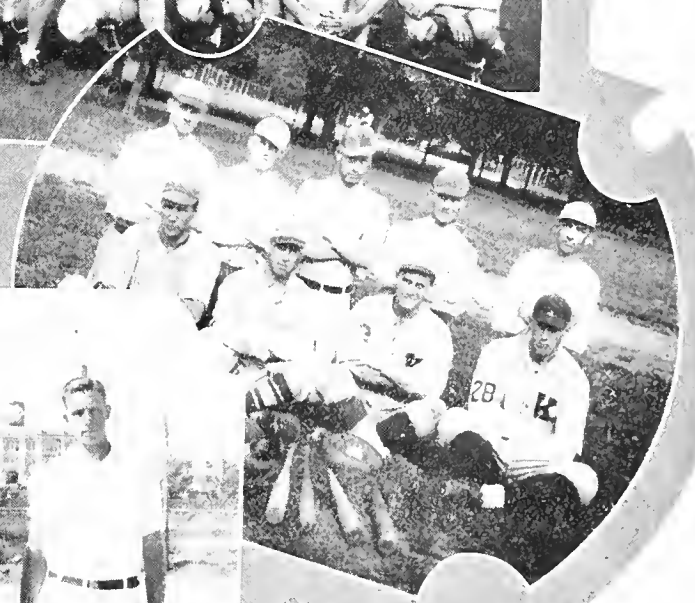
INTRAMURAL CHAMPIONS

Left at the top, "Red" Ballinger, cross country; Center at top, the Kaggie basket ball team; Kaggie four man indoor relay; Huey Brothers, Handball; Frank Prentup, free throw; at the left below, Wrestling; and at the right below, boxing.



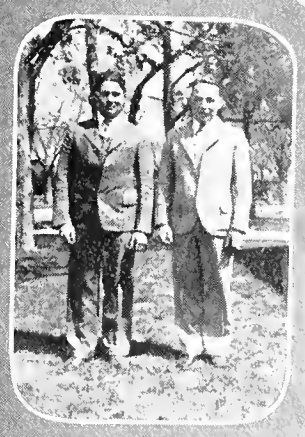


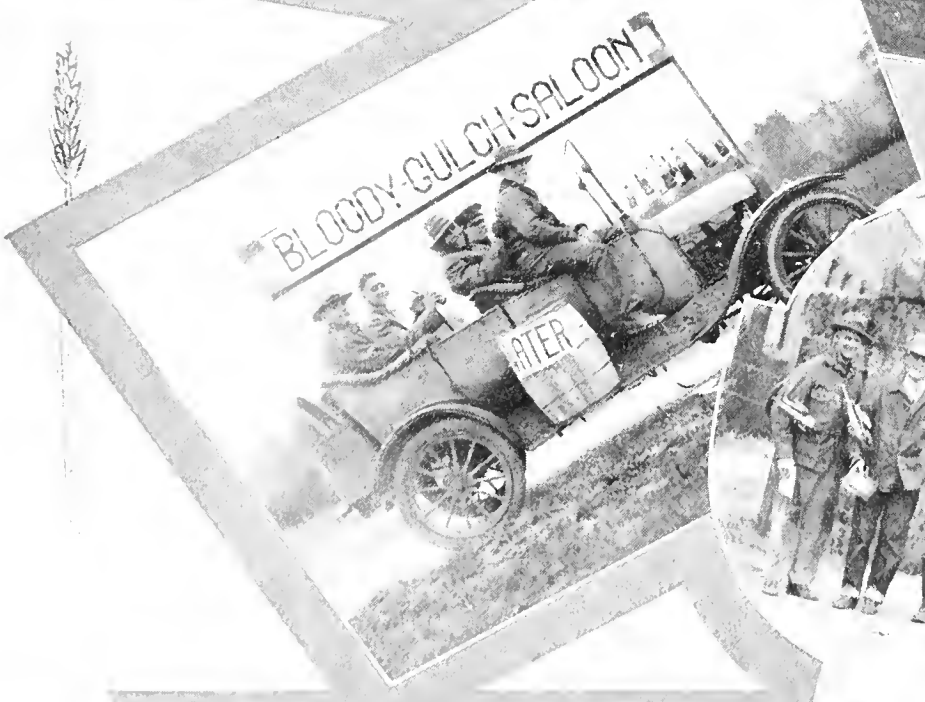




INTRAMURAL CHAMPIONS

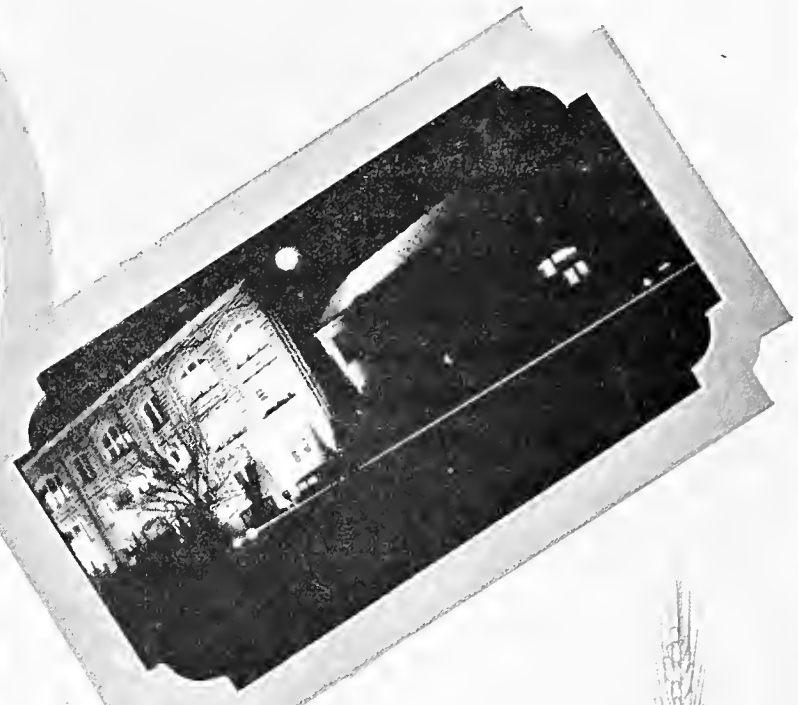
Left at top, Beta Theta Pi, Basket Ball; Center at top, Alpha Tau Omega, Swimming; Right at top, Delta Sigma Phi, Soccer; Sigma Phi Epsilon, Track; Phi Sigma Kappa, Baseball; Left below, Lambda Chi Alpha, Horseshoe, doubles; Center below, Roy Smith, Horseshoe singles; Right below, Pi Kappa Alpha Tennis.





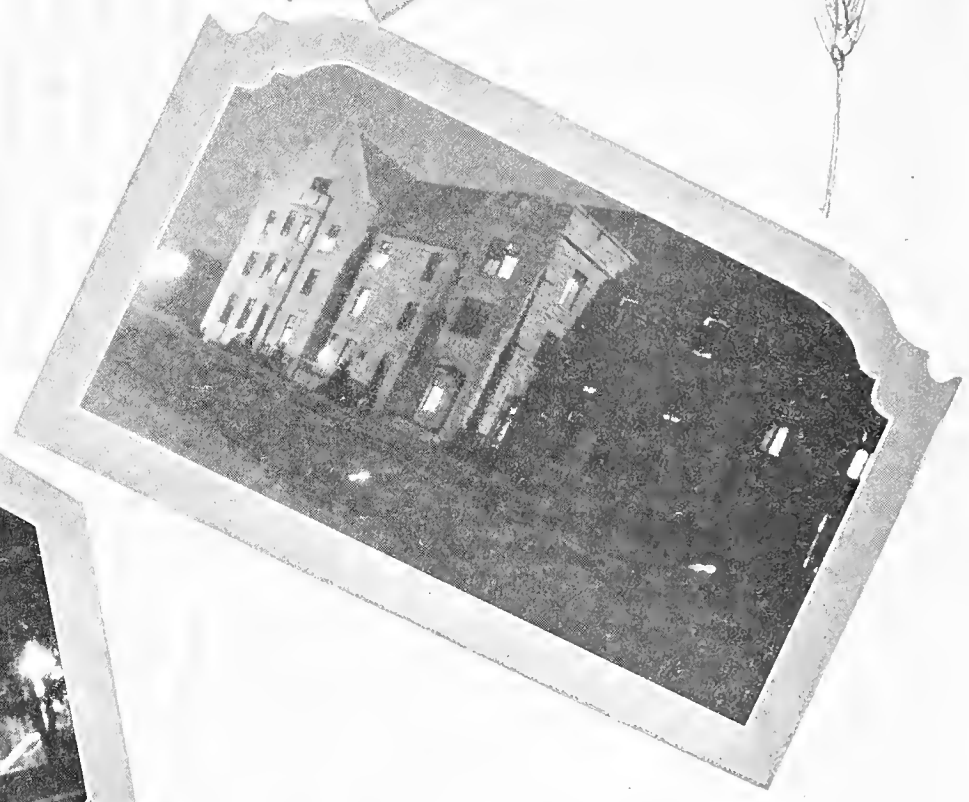
"AG" FAIR

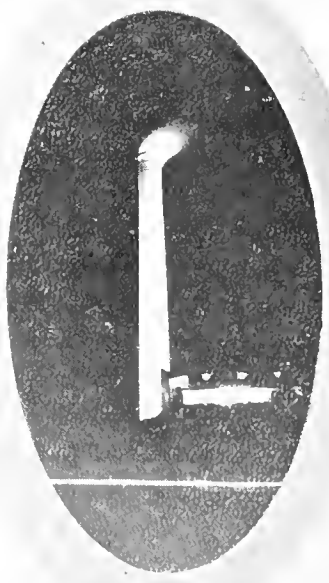
The "Ags" included everything in their parade from the covered wagon and two docile Bull Durhams to the third chapter of Genesis. Hard-by the arch-de-Alfalfa the winded Ag band paused for a picture. Farther down the line the boys were whooping it up in the Bloody Gulch saloon while the dairy department offset wet propaganda a la Holstein.



NIGHT SCENES

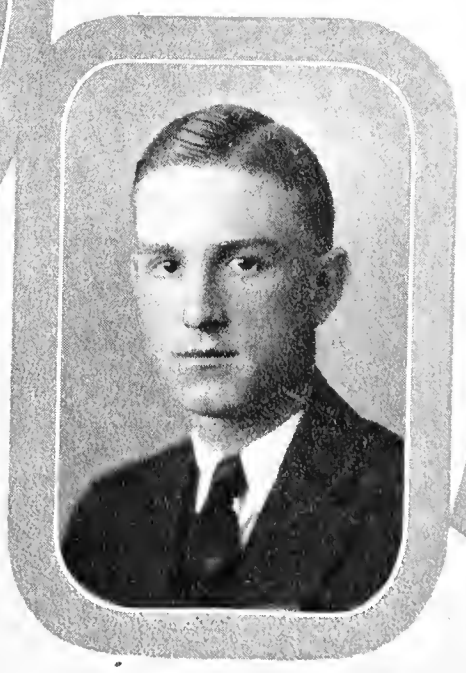
The Engineers fry hamburgers on ice to entertain visitors while flood lights play upon the front of Engineering Hall and through the mist about the top of the new smoke-stack. Night scenes on the campus, including the roof of the dormitory and a wet night in Aggieville.

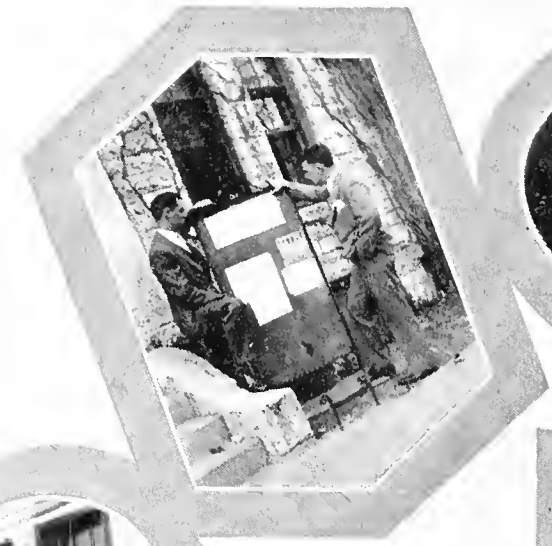




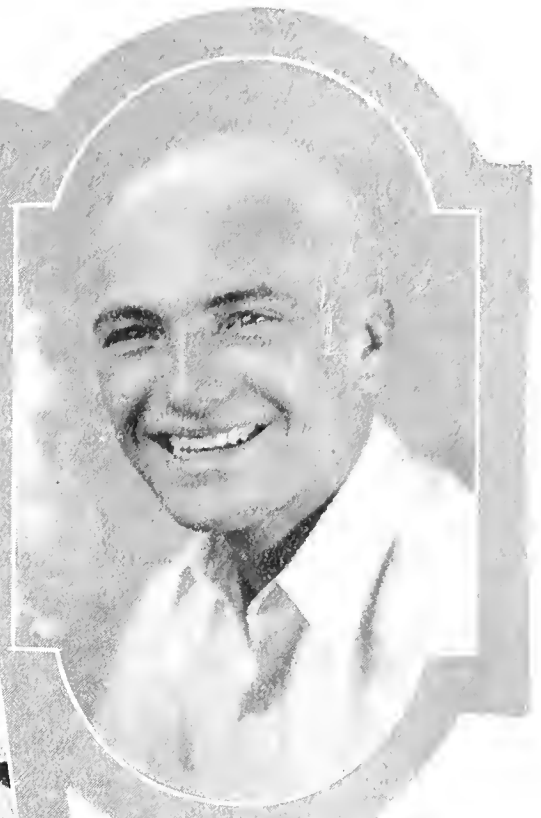
There seem to have been no stickers in the green grass that grew all around that day. Margaret Darden, Gladys Schmedemann; Imogene Lampe, Adelaide Scott, Mildred Huddleston and Violet Holstine caught by the camera during class exercises in aesthetic dancing. The life-savers speak for themselves.

The Phi Sigma Kappa chorus, featuring Krider, Pryor and Wiggins. Above at the left, the Alpha Theta Chi Joker Relay team. Below Bud Dring, most popular senior in the Division of Engineering. Miss Elsie Nuss, Ag Barnwarmer Queen; below at the center, John Correll, champion Missouri valley orator.



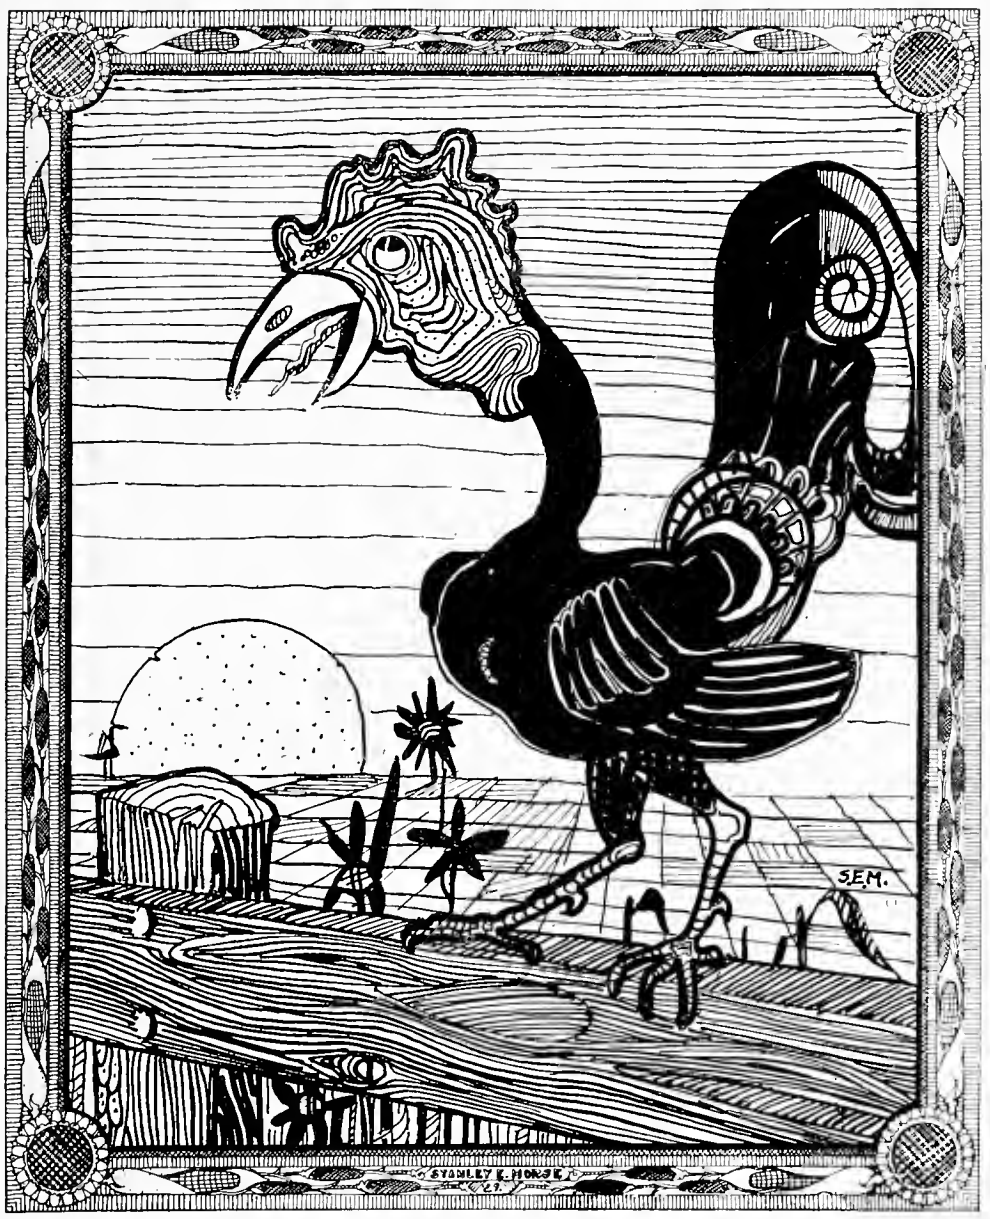


A class in farm forestry inspects the third largest tree in Kansas—a giant cottonwood on the Kaw. Morris Purcell ties a fancy knot. Olive Baker reverts back to nature. Whiskey and Ernie cast a longing glance at a poster announcing recognition day for athletes.



K. U. law students test the merits of various paint and varnish removers after an Aggie visit to their campus. Frosty Braden the day after a tonsorial parlor job as executed by students of K. U. Coffman takes a lesson in child care. The usual parking problem around the Lambda Chi corner.

E. Muriel Jay, 320 pound Kansas State freshman (this picture reproduced for the benefit of "Big Six" football fans). The Alpha Delta Pi girls take to the trees. The Sig Eps have a rough neck day all their own. At the right, Lambda Chi and Pi Phi mascots.



PUBLICATIONS

1929 Royal Purple

Ralph R. Lashbrook
Editor

OUR primary aim in building this, the 1929 Royal Purple, was to represent the greatest possible number of students within these pages. We wished also to produce a volume entirely original in motif and in art. Our final purpose was to produce such a book at less cost to the student than in former years and at the same time meet all financial obligations.

In this book some 2,000 students are represented. As a result of lower class assessments the senior class section has increased 20 per cent and all other class sections have increased practically one hundred per cent. Almost every organization shows an increase in the number of people represented. This increase in the number of individuals represented is due to the splendid co-operation of organization officers.

1929 Royal Purple

THE color work in this volume is by Bruno J. Lore, one of the leading yearbook artists in the United States. All other art work was done by Kansas State students.

The staff has been limited to a great extent by lack of funds on which to operate. More time and effort was spent on raising funds than on the actual production of the book. Most institutions the size of Kansas State have a blanket tax or some other form of financial support for the yearbook. In that way the staff is relieved of a great financial responsibility.

Students have been asking for a New Royal Purple—for something different in a college yearbook. We have attempted in the 1929 Royal Purple to meet that demand. From the front cover design to the Index this volume has every thing new in art and color work. If nothing else it is different. We hope you like it.

The Brown Bull

LIKE most of the larger colleges and universities, Kansas State has its humor publication. This magazine is called the Brown Bull.

The Brown Bull is published under the supervision of the department of industrial journalism and printing and under the special direction of E. M. Amos, Assistant Professor in the department. The Brown Bull is considered a problem in typography for the elementary journalism classes and all the work is done by members of the department.

As the official humor magazine of the college, the Brown Bull has been in existence for a number of years. Like most American families, it has had its ups and downs. For a long time, it was issued under the name of the professional journalism fraternity, Sigma Delta Chi. Two years ago, with the appearance of the famous "Hold-Up Number" and the resulting publicity, the connection between this magazine and this organization was severed. Opportunity was offered to other organizations to take over the Brown Bull and when it seemed that none were going to take advantage of this opportunity, the journalism department saw fit to incorporate the Brown Bull into its activities.

Since that time, the Brown Bull has been the safe and sane humor publication that faculty and townspeople desire it should be. In spite of the fact that all of the material has been censored or rather approved by the faculty sponsor, the magazine has been remarkable in that it has presented only clean humor in as attractive a manner as possible.

That the Brown Bull will continue for a long time as it is conducted under the present plan is not to be doubted. It represents the enjoyment of the American college youth in the lighter side of life, and since this enjoyment is ever present in the college student, the magazine which presents it in a wholesome manner, as does the Brown Bull, will continue to prosper.

Royal Purple Board

H. W. Davis
Chairman

BEGINNING with the next volume, that of 930, the college yearbook will be under the control of a special group to be known as the Royal Purple board. This board is composed of five members two of whom are faculty members and are appointed by the President of the college, and three student members who are appointed by the Student Governing Association Council.

The Royal Purple board was created by President F. D. Farrell through a committee of faculty members. The purpose of the board is to supervise the production of a yearbook and to pass on all action taken by the staff, including the letting of contracts.

Other functions of the board are: to link up and co-ordinate the actions of the old staff and the staff for the following year; to train staff members to work into the major staff positions; to regulate salaries and commissions; to incorporate the publication and create a reserve fund; to make all necessary rules and regulations governing the staff; and to advise the staff.

The Royal Purple board receives applications for each of the three major staff positions in March of each year. The board considers these candidates and places in nomination two people for editor, two people for business manager, and two people for secretary-treasurer. These names are then voted upon in an election in which all students of the college have a vote.

Staff assistants are appointed by the members of the staff upon the recommendation of a dean or head of a department of the college in which a publication is issued.

Names of additional candidates may be placed on the ballot by circulating a petition and securing signatures of 50 or more members of the student body. The board went into active operation in March of 1929.

Kansas State Collegian

DURING the Summer School session of 1929 the Kansas State Collegian will be published once each week. Although the Collegian has never before been published by Summer School students the increase in the summer enrollment of the department of Journalism has justified the change in policy. The paper will be managed and edited by a staff selected by the Collegian Board the same as during the winter session.

Men's Rifle Team

THE functioning of the men's rifle team during the year 1928-29, brought the usual share of credit upon the institution. Organized and functioning by the early part of October, the team struck its stride almost immediately under the leadership of team Captain A. O. Flinner. Of the one hundred and eighty-seven applicants for position on the rifle team, twenty-two were selected as members of the squad through a process of elimination. The twenty-two were further reduced to nineteen before the end of the target season. That the best available material was selected is attested by the fact that the team scored thirty-one victories out of forty-two matches fired in the intercollegiate competitions. In the Missouri Valley league matches, the K. S. A. C. rifle team placed first and received the much sought for postal league loving cup as a token of their qualification. In the seventh corps area, the team was selected as one of six to represent the Corps Area in the National Intercollegiate matches.

Medals were awarded as follows: Gold, E. W. Bennett, individual high score during the year; Silver, C. M. Kopf, second high individual score; Bronze, A. O. Flinner, third high individual score.

Sweaters were awarded to the twelve high scorers as follows: A. O. Flinner, Glenn Koger, E. W. Bennett, C. M. Kopf, Max Coble, J. W. Schwanke, Robert Pfuetze, D. M. Earl, C. O. Little, E. L. Ross, H. H. Kirby and E. Harmison.

Among the schools defeated were Kansas University, Missouri University, Oklahoma Agricultural and Mechanical College, University of Delaware, University of Nebraska and Washington University. The team was coached by Captain Maurice Rose, assisted by Lieutenant J. H. Madison of the Military Department.

Little Bennett Schwanke Coble
Flinner Rose Madison Koger

Girl's Rifle Team

FOR the first time in the history of Kansas State Agricultural College, a women's rifle team was organized and functioned during the 1928-29 school year. That the idea of a women's rifle team was popular was shown by the fact that one hundred and forty applicants tried for positions on the team. Instruction in firing the rifle were given to all applicants and the team consisting of eighteen members was organized under the leadership of team Captain Mildred Huddleston, and immediately entered into competition with other schools throughout the United States.

The women's team was able to give a very good account of themselves as they won eight matches out of the thirteen fired, practically all of the schools with which they competed having had women's teams organized for many years past. Among the schools defeated were Wyoming University, University of Maine, Northwestern University and Massachusetts Agricultural and Mechanical College.

The three high score individuals of the season were Mildred Huddleston, Helen Laura Dodge and Maurine Burson who were given special recognition by the Women's Athletic Association. The team was coached by Captain Maurice Rose, assisted by Lieutenant J. H. Madison.

Military

THE department of Military Science is one with which practically every male student comes into contact while attending Kansas State. More than 90 per cent of the men in the Freshman and Sophomore classes are enrolled in the elementary classes in Military Science and Tactics. About ten per cent of the men in the Junior and Senior classes take the advanced work offered by the department to superior students.

Instruction, both in classroom and field work, is given by a staff of ten regular army officers and their assistants. The officers are usually stationed here for a term of three years in this capacity.

The elementary work in the Military department is required during the Freshman and Sophomore years of all male students who are physically fit. Only those who have had previous military training or who are physically incapacitated are excused from the work. This rule is the result of National legislation which makes such training a part of the regular required work in all schools of this classification.

INSPECTION

Military

STUDENTS in the advanced R. O. T. C. course are required to attend a regular R. O. T. C. camp dur- the summer preceeding their graduation. These camps give intensive training in the more practical phase of military science. The camps open early in June and last for a period of six or eight weeks. Kansas State students enrolled in the Veterinary corps spend their summer camp period at Ft. Snelling, Minnesota. Those students who are enrolled in artillery take their summer course at Camp Knox, Kentucky and those majoring in infantry spend their summer camp period at Ft. Leavenworth.

Once during each academic year, usually in April or May, a special delegation of United States army officers visit the school and the R. O. T. C. students pass in review in what is known as "Annual Inspection and Field Day." During this inspection the cadets are under the command of the advance course student officers. The several units are led in a parade by the R. O. T. C. band which is maintained throughout the year. The east campus affords an ideal place for the annual inspection as well as for the regular drill practice.

THE Athletic Council, formerly known as the Athletic Board, has control of the entire Athletic department organization. All major matters are referred to the Council for consideration and approval or rejection.

The duties of the Council include the consideration of all questions of finance, the hiring of coaches, approving schedules for all games and athletic contests, and approval of recommendations for "K" letter awards to athletes.

The Council is noted for its harmonious and efficient functioning under the chairmanship of Dr. H. H. King of the Chemistry department. M. F. "Mike" Ahearn, director of Athletics is, and for several years has been, a member of the National Rules committee.

Coaches

A. N. "Bo" McMillin
Head Coach, Football

IN HIS first year at Kansas State, Coach A. N. "Bo" McMillin had anything but a successful season, but throughout the year his men held admiration for their Mentor. The former Centre College quarterback who was a unanimous choice for All-American, was just one of the "boys" and his method of handling men proved effective as every player lauded the coach after a losing season. McMillin came with a brilliant record as a coach and a player, having defeated Harvard with his spectacular run in 1921 and later coaching his Geneva College team in a similar victory over Harvard.

Coach Ward Haylett, head track mentor and head freshman football coach, is having his first year at Kansas State. A graduate from Doane College, Crete, Nebraska and for three years coach of football, basket ball and track there, makes Haylett an experienced coach. He has developed many winning track teams at the small Nebraska school.

Since the fall of 1923, Frank P. Root has been assistant in football and freshman basket ball coach. Root was a former Kansas Aggie football and basket ball star and later coached Winfield High School. Part of Coach Root's duties is to take charge of athletic equipment and he has proved a valuable man in the department.

Oss Maddox, a protege of "Bo" McMillin at Geneva College, accompanied the Wildcat Mentor here as an assistant and served as line coach. Maddox was one of the outstanding tackles in the East during his playing under McMillin. He also aided in coaching freshman baseball.

Ward Haylett

Frank Root

Oss Maddox

Coaches

COMING to K. S. A. C. in 1923, Coach Charles Corsaut has served in a duo-mentor role as head coach of both basket ball and baseball. Corsaut came to Kansas State from Kansas City, Kansas where he coached a cage team to the national high school title. In his four years there he turned out three league championship teams. Corsaut developed one of the best baseball teams in the middle west last spring, taking unexperienced men and making of them a team which won the Missouri Valley pennant. Coach Corsaut has never been blessed with material but is of the kind that goes out to make a team of what he has.

CHARLES W. CORSAUT
Head Coach, Baseball and Basketball

Buel R. Patterson in his second year here, is bringing wrestling to a stage where it is becoming an important sport. Patterson is a former Oklahoma Aggie mat star and a National Intercollegiate champion. Patterson's grapplers finished in a tie with Oklahoma for first place in the Big Six tournament this year.

Dr. A. A. Holtz for many years has been an assistant in coaching football, both varsity and freshman. Holtz is a former Colgate football player and has given much assistance to the coaching staff here.

Frank L. Myers, assistant to the director of athletics, has been in the athletic department six years. From 1920 to 1924 he was Ahearn's secretary and for the next three years coached the athletic teams at Junction City. He returned as a secretary to the director of athletics in 1927.

PATTERSON

HOLTZ

MYERS

M. F. "Chick" Allison, *Head Cheerleader*

Cheerleaders

"CHICK" ALLISON

A ready smile and a pleasing dynamic personality make "Chick" Allison one of the most popular and successful head cheerleaders in the history of Kansas State. In politics and acitivities Allison is one of the most prominent men on the campus. He is a member of the S. G. A. Council and editor of the 1930 Royal Purple.

NEXT to the athletes themselves, the Kansas State cheerleaders for the season 1928-29 have had one of the most difficult jobs on the campus. With the odds against the Wildcats it was only through the efforts of this hard working staff of leaders that the student body stayed behind the team and urged them to fight on until the final whistle blew. In Paul Westerman and V. C. Hoyt "Chick" had able assistance in keeping up the Wildcat spirit. Deserving of no less credit are Jake Chilcott and K. P. Schoenleben who led the green-capped freshman section in the stadium.

KIRK WARD
Captain 1929

THOUGH small in stature, Kirk M. Ward, Wildcat baseball Captain-elect was one of the most outstanding baseball players on Corsaut's Missouri Valley champions last season. Playing the right field position with few errors throughout the season and being a possessor of a throwing arm that nipped off many opponent runs at the plate, Captain-elect Ward proved one of the best outfielders in the conference. His hits were timely and numerous, the outergardner leading the Wildcat clubmen in his sophomore year and last year slugged the ball to a .340 clip to keep well to the top. As lead-off man in the batting order, first inning runs became one of his habits. Captain-elect Ward won the distinction of making letters in both baseball and track in the same season, a feat that has been accomplished by few athletes.

With eight lettermen returning for the 1929 season, Coach Corsaut is looking forward to another good year. Three of the returning "K" wearers are pitchers, all of them juniors. Several sophomores are looking good in practice and baseball looms as one of the Wildcats best sports in the next few years.

Baseball

A PARTIAL honor for the outstanding success of the championship Wildcat baseball team must rest upon the shoulders of Captain Guy Huey who instilled fight and spirit in his team mates, leading them through a season which turned out victorious. Captain Huey, playing at second base, proved an efficient cog in the infield and as an all-around field general. His fielding was above the ordinary, making an average of .944 for the season. At the stick he was second high on the team, crashing the ball for a tune of .380 for the season and also scoring the highest number of runs. In all, he was a capable coverer of the keystone sack, a dangerous hitter in the pinches, and a great field general.

GUY HUEY
Captain, 1928

Starting the season with hope of winning a few games and building up of a team that would run well in conference races in future years was Coach Charles Corsaut's idea of the 1928 baseball season. It was rather a surprise—yet a sweet one—when through their hard work and his excellent coaching that the Wildcats brought to Kansas State the first baseball title in 20 years.

HUGE black clouds of gloom hovered over the Aggie baseball field when Coach Charles Corsaut issued his first call for candidates early in March 1928, but after three months of practice under the coaching of a man "who knows his baseball" those same clouds floated away in a June breeze and in their place was a flag. The flag was that of Missouri Valley champions—and the last one to be won in the old circuit at that. It was the first time in an even 20 years that the Wildcat nine had won a title.

Five lettermen and a group of hustling recruits answered Coach Corsaut's call a month before the valley season was scheduled to open. In this quintet of letter wearers there were no pitchers or catchers from the preceding year's squad. Nothing but three infielders and a pair of outfielders. They were: Captain Guy Huey, second base; L. H. Smith, third base and outfield; Rex Huey, first or third base; A. R. Edwards and Kirk M. Ward, outfielders.

A large array of new candidates, many of them Sophomores, turned out to help the Wildcat mentor in his troubles and won positions on the squad. Pitchers were the biggest worry for Corsaut, L. H. Smith, having consented to put on the mask and try to catch whatever anyone, which the Aggie mentor could find, might throw. It was a new role for "Smitty", he having been a utility infielder and regular outfielder in the two previous seasons. A. H. Freeman, T. E. Doyle, Glenn Gilbert, F. B. Alspach and H. G. Bobst, all without experience, answered Corsaut's call for moundsmen and buckled down to learning the art of putting the twist on the ball.

KIRK WARD
Outfield

"MONK" EDWARDS
Outfield

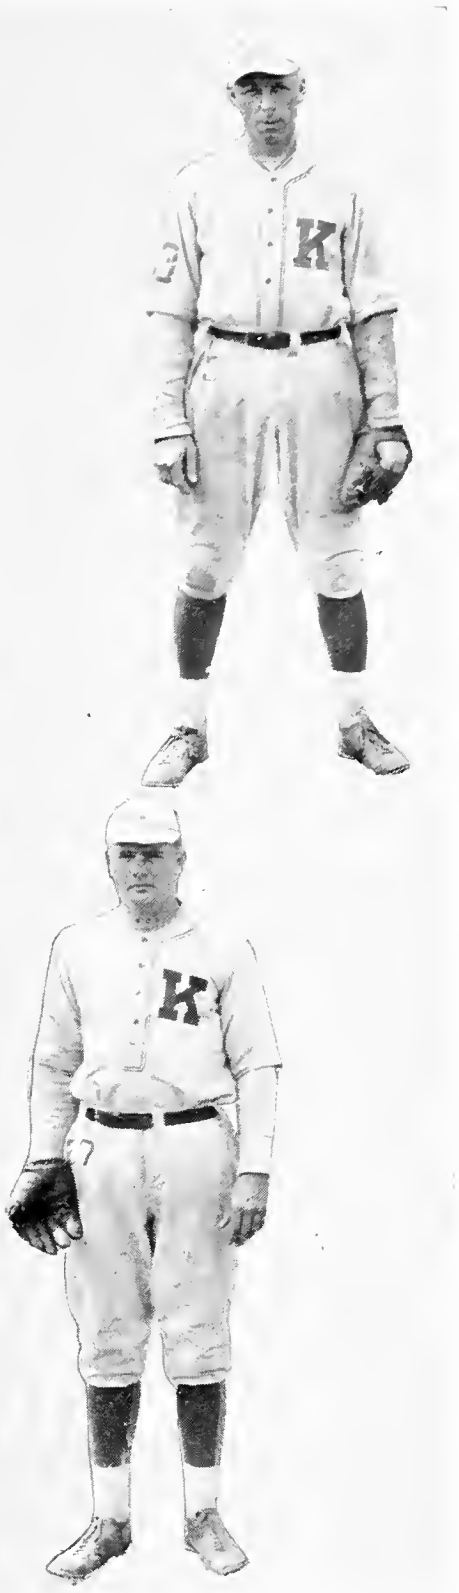
Baseball

With small hope of a prosperous season, Coach Corsaut wanted to see what his nine could do in a practice game before the valley schedule started. Two games were scheduled with St. Marys, a school which has a habit of winning the Kansas conference championship year after year.

Pounding the slants and straight balls of any pitcher that Corsaut could put on the slab the Knights came through with a 17 to 5 victory over the Aggies to pry the lid off the season. The Aggie mentor used five twirlers, all except "Big Hoxie" Freeman being nicked for blows which an unofficial box score revealed to be 22. O'Boynick and Burns of the St. Mary's nine held the Wildcat rookies in the palms of their hands. "Pink" Gilbert started on the mound but gave way to Alspach who also was unable to stop the slaughter. Bobst and Kovar took their turn and then followed the other two pitchers to the showers. Freeman came to the rescue in the last three innings and held the club hitless—but with a total score of 17 and darkness hovering over the field, they didn't care to hit.

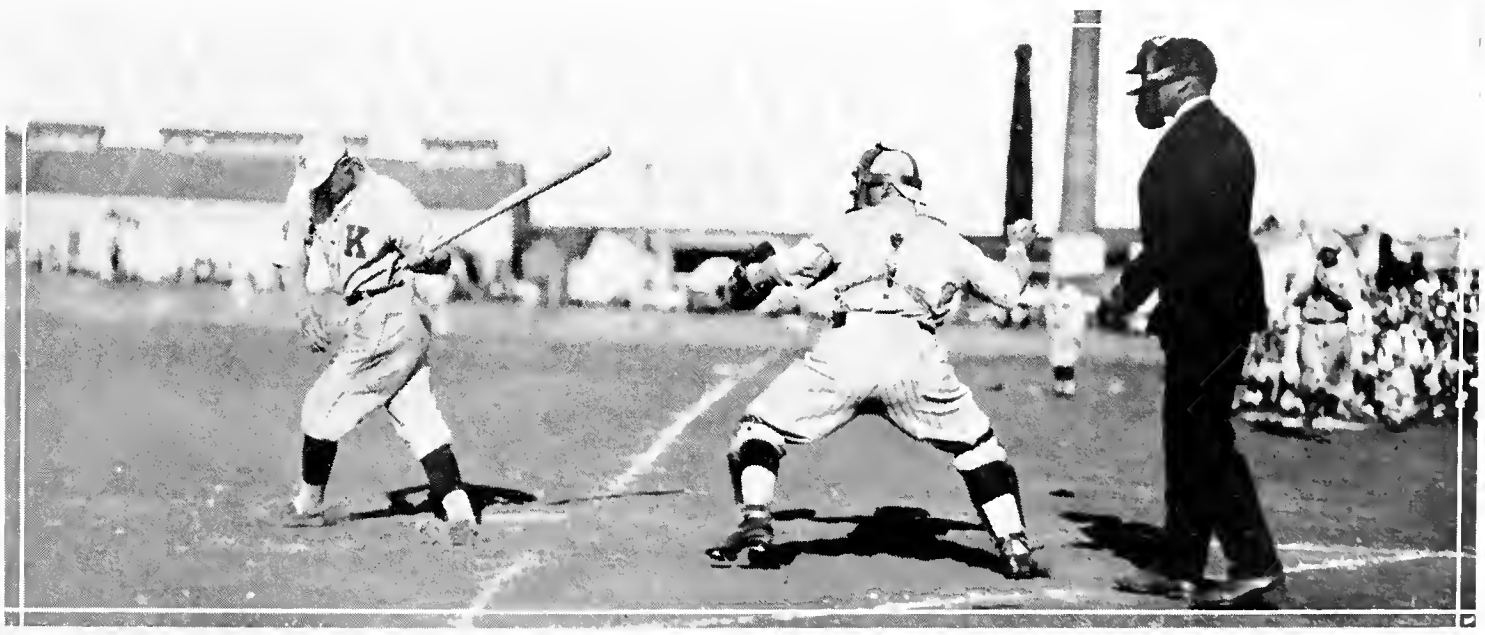
The Aggie starting line-up was: L. H. Smith, catcher; Glenn Gilbert, pitcher; Rex Huey, first base; Captain Guy Huey, second base; T. M. Evans, shortstop; L. M. Nash, third base; Bob McCollum, left field; A. R. Edwards, centerfield; and Kirk Ward, right field.

The St. Marys club came to Manhattan the next week and allowed the Wildcats their same five runs but the Aggies were more stingy in the second encounter and let the Knights score but 11. The game was similar to the first, the Wildcat



Guy Huey
Second Base

"Lefty" Doyle
Pitcher



Baseball

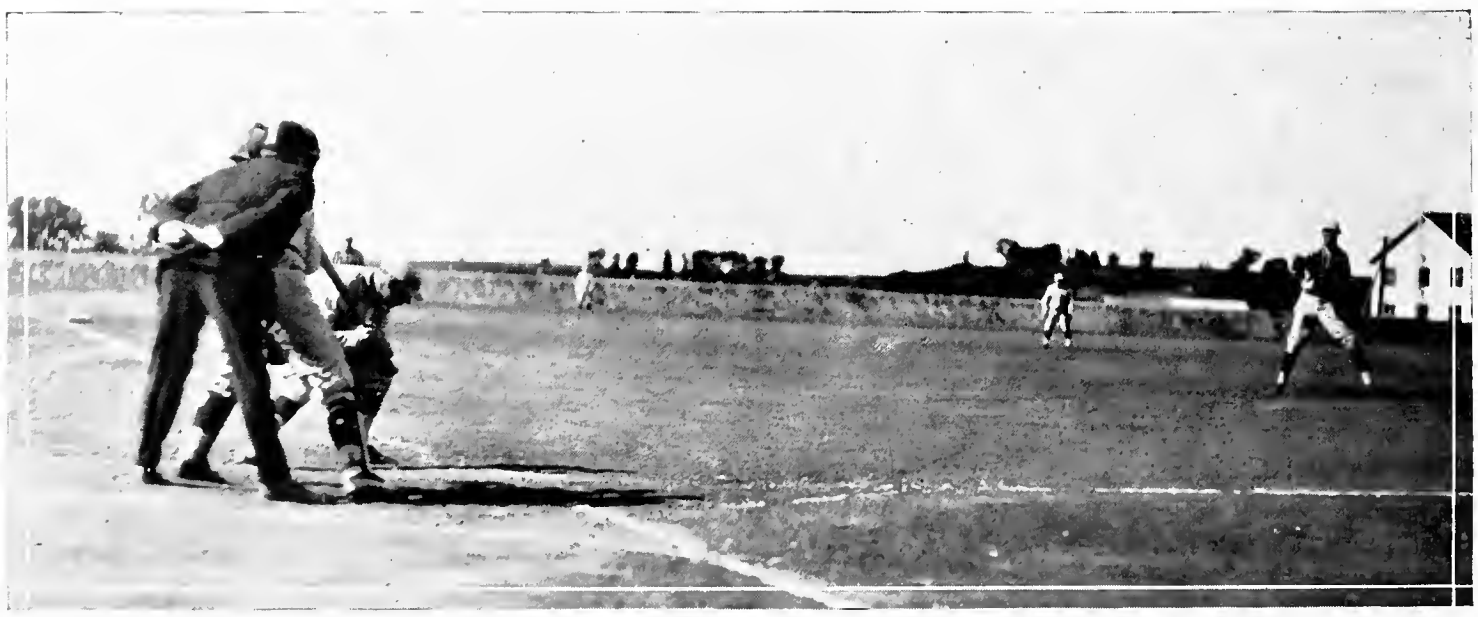
pitching being poor and the St. Marys twirling showing up well against the poor hitting of the Corsautmen. Freeman started the game for the Wildcats but later gave way to Doyle. Both were nicked for many blows.

The Wildcats opened the conference season against the University of Kansas on the local field and faced none other than the versatile Kelley Swenson, veteran Jayhawk southpaw hurling ace. Swenson allowed the Wildcats five hits and let them down in a 4 to 9 defeat. Amassing ten hits off Gilbert and Freeman the Jayhawks scored at will. The Wildcat counters came one at a time, two of them results of Kirk Ward's pair of three base blows. Ward scored once on a single by Captain Guy Huey and the second time on a sacrifice fly by Bob McCollum. Kansas errors, the total of which was six, accounted for the other Wildcat runs.

"Revenge is sweet", and the Wildcats tasted it the next day when, through the invincible pitching of "Lefty" Doyle, they marked up their first victory of the season at the expense of the Jayhawks by a score of 4 to 2. Corsaut's portside ace held the Jayhawks to five hits for the first eight innings but weakened in the ninth when after one was out, he walked two and allowed a single and a double which accounted for the two Kansas runs. "Hoxie" Freeman went in as a relief twirler and struck out a pinch hitter and forced the next man to ground out to the infield. The Wildcat runs came as a result of walks and timely hits with McCollum, Towler and Captain Huey doing the effective work with the bludgeon.

"Mickey" Evans
Shortstop

"Bill" Towler
Shortstop



Baseball

To "Hoxie" Freeman goes the lions share of the second Aggie conference victory when he let the Missouri Tiger batsmen down to three hits and blanked them to let the Wildcats win a 5 to 0 encounter. Three scattered hits were allowed by the big fast ball pitcher who was never in hot water because of his effectiveness. The Wildcats piled up three runs in the first on four consecutive singles by Ward, Smith, Guy Huey and Rex Huey, with a sacrifice by McCollum mixed in with the blows. Two more were accounted for in the eighth when Smith and Guy Huey drew walks and romped home on "Monk" Edward's screaming triple to the left field. Guy Huey had a perfect day at the bat with a single, double and triple in three trips to the plate.

In a wild session, the Wildcats went into the lead of the conference with a 10 to 4 victory in the second Missouri encounter. "Lefty" Doyle faced Feldcamp, one-armed Tiger hurler but both gave way to relief pitchers late in the contest. Gilbert relieved Doyle and twirled effectively. Every player in the Aggie line-up except the two pitchers accounted for hits, the total of which amounted to 15. Seven blows were garnered off the two Wildcat slabmen. Aggie runs came as the result of timely hits and free passes by the Tiger pitchers.

Hits—30 of them in all, accounted for the next Wildcat victory, which totaled a 26 to 6 count over the Iowa State invaders. Corsaut used nearly his entire squad in the slugfest and nearly anyone he might insert in the line-up could account for a blow. McCollum with six, Evans and Guy Huey with five each, led the slaughter on four Ames pitchers. One of McCollums blows was a circuit clout. Freeman pitched a

"Pink" Gilbert
Pitcher

Rex Huey
First Base

Baseball

major part of the game and though hit rather freely, kept the Cyclone club well in hand. Errors also featured the contest, being second to base hits.

Jupiter Pluvius put a stop to a similar slaughter the following day when the Wildcats held an 8 to 0 lead in the fifth inning. The game was called by Umpire Moss when the rain continued to fall. "Lefty" Doyle held the Cyclones to two hits, both of them coming in the fourth. Ward with a single and a triple led the hitting attack, but Doyle added to his honors by poling out a triple with the bases loaded in the third. With eight runs in the first three innings the Wildcats let up on their hitting for fear rain would halt the game before the specified four and a half innings were played.

In a practice game with the Second Cavalry nine of Ft. Riley, the Kansas Aggie team marked up their sixth consecutive victory by a score of 5 to 2.

Lured by the promise of a valley championship, the Wildcats took in victory number six in the conference by an 11 to 9 score over the Sooners, champions of the conference in 1927. "Pink" Gilbert may be called the star of the game as he relieved Freeman in the fifth inning with the bases full. The first four men to face him went out by the strikeout route. McCollum and Edwards hit home runs in the slugging fest in which the Wildcats accounted for 15 hits.

A pitcher's duel between Doyle of the Wildcats and "Tony" Hunter of the Sooners followed the next day with Doyle winning a 3 to 2 decision. The winning runs came in the sixth when, after two were out, McCollum singled and Guy

Loyle Nash
Third Base

L. H. Smith
Catcher

Baseball

Huey sent him to third with a similar blow. Edwards then singled, scoring McCollum. Captain Huey took third. Rex Huey singled, scoring his brother Guy, but Edwards was out at the plate in an attempt to score. Edwards finished his home baseball career with perfect days at the bat in both Oklahoma games, getting five hits in five times at bat.

Journeying to Ames for a two game series, the Wildcats cinched a tie for the pennant by winning a double header. Freeman pitched the first game which was won 8 to 3. Bunching their hits in the fourth inning and being aided by three bases on balls, the Wildcats put across five runs. Doyle ruled supreme over the Iowa State batters the second day and held them to only three hits, winning 5—0.

After school was out there were about 12 men in college and a varsity baseball coach that had something other than a vacation on their minds. That was beating Kansas and getting the Valley title. This was done and none other than the mighty Kelley Swenson was the victim of the affair. The Aggies romped away with a 7 to 6 victory in the first of a two game series at Lawrence to win a clear title. It was Swenson's first defeat of the year and second of his three years college career. His other loss was to the Aggies two years previous by a 2 to 1 score. A late Kansas attack was staved off by "Pink" Gilbert who relieved Freeman in the ninth inning and disposed of the Jayhawk batters.

The Wildcats lost their final game of the season to the Jayhawks by a score of 9 to 8 in a 13 inning game replete with errors and free hitting.

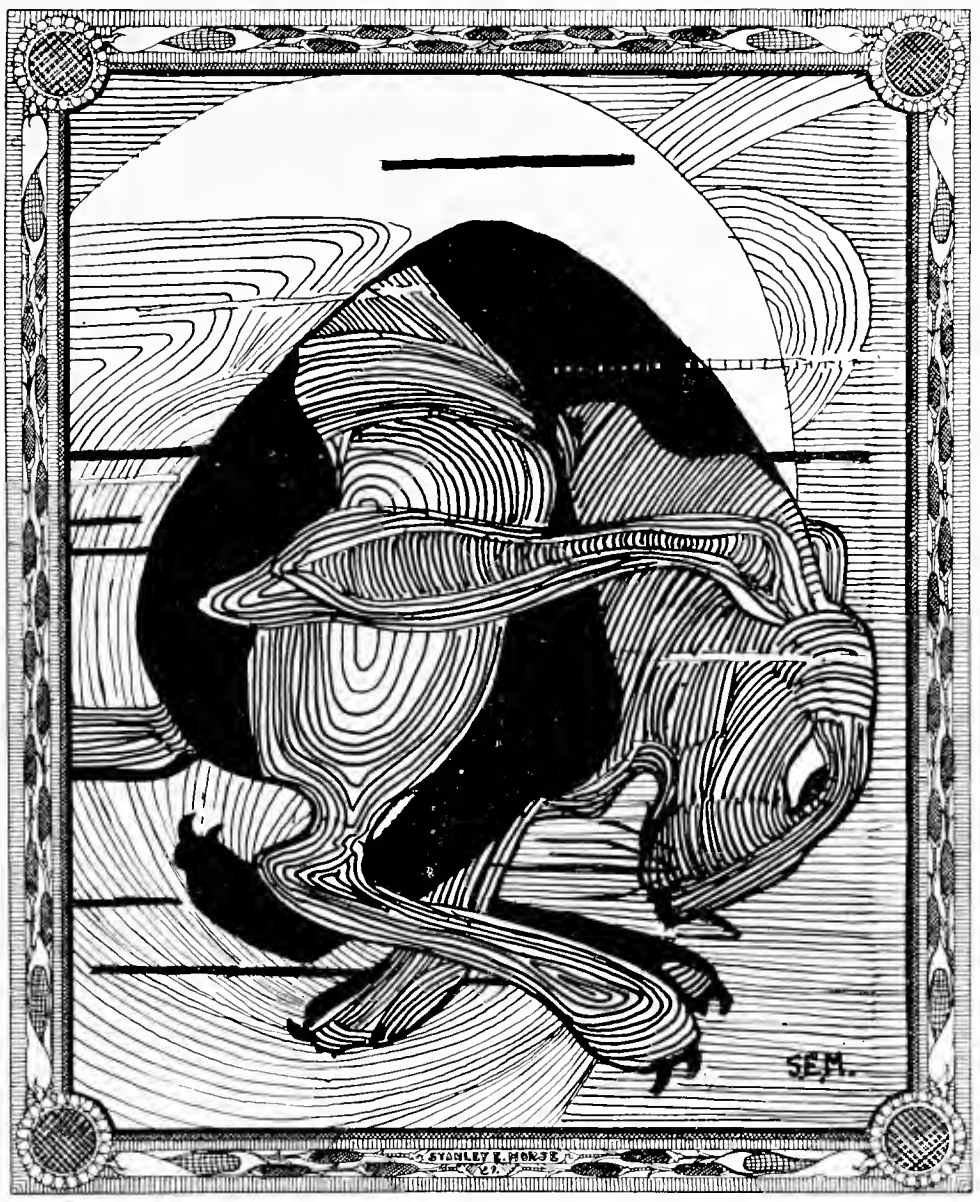
WELL KNOWN KANSAS STATE BASEBALL STARS OF 1929



TRACK

T. F. Winburn
Captain 1928-29

Track

TEMPLE F. Winburn, bespectacled quarter and half miler, was elected to captain the 1929 Kansas State track and field squad. Proving one of the efficient point winners on a losing track squad, Winburn's eagerness to work and train hard won him the honor of track captain-elect. It is true he is not the best in the conference, but few others will work as hard trying to succeed as will "Nurmi". Captain-elect Winburn is also a winner of cross country letters, being one of the leaders in the five mile grind event. Running one lap in the two mile relay event, Winburn seldom lost ground, and many times took up a few yards of lost distance.

The coming of Coach Ward Haylett to Kansas State has brought about a revolution in track. The new Mentor, whose main job is track, is devoting his time to bringing the sport from obscurity to whatever height it may achieve. His staging of Freshman-Varsity dual meets on weeks the Wildcat team is not in action, is placing the freshmen against good competition which in years to come may develop them into good track and field entrants in varsity meets.

Coach Charles Bachman developed some outstanding track men in his career at Kansas State, but was unable to devote all his time to the sport because of football, his main job. Spring training would interfere with the mentor's work with the cinder path men, but he always developed at least one outstanding man to take high places in conference meets.

LETTERMEN—1928

Miller Lyon Winburn Bachman, *Coach* Moody Smerchek Ward Fairchild Gartner

Track

AN ALL-AROUND track man led the Wildcats in the 1928 season. Paul Gartner, whose speciality was the 220 low hurdles, also ran the short dashes, the quarter mile, threw the discus and ran anchor on the mile relay team. Gartner won the hurdle event in the conference meet when a junior but failed to place in his final collegiate meet, the conference affair last season. Captain Gartner along with Leslie Moody, served as coaches of the track team when Coach Bachman was busy with his football and with the little material available were able to take a few points in every meet.

PAUL GARTNER
Captain 1927-28

Probably the most outstanding unit of the Wildcat 1928 track team was the two mile relay team. The team was composed of H. S. Miller, T. F. Winburn, Leslie Moody and John Smerchek, with Paul Gartner running as an alternate. The quartet took a second and a first in the two relay carnivals in Texas and ran fourth against a fast field in the Kansas Relay Carnival. Kansas State has in the past always had a number of half milers who could do their lap of the event in less than two minutes and by virtue of this a good two mile quartet has been a custom of the school.

Leslie "Red" Moody, was the outstanding track star of the season, placing in nearly every individual event in which he participated and running an efficient anchor on the two mile relay team. Moody entered the National Intercollegiate Meet in Chicago in June and ran fifth in the half-mile race.

TWO MILE RELAY TEAM

MOODY SMERCHEK GARTNER MILLER WINBURN

Track

ALTHOUGH a major sport at Kansas State, track has never received the proper amount of attention from the student body or from the cinder path stars of high school days who enter Kansas State. Many good track men do not go out for the sport and then wonder why only a few outstanding men make up the Kansas Aggie track and field team.

Coach Charles W. Bachman, whose time was devoted principally to football, was the track Mentor for the school and when he issued his call in January, 1928 for candidates for the varsity squad, seven men who had previously earned the coveted "K" reported with a few more men coming out for their first time. Lettermen reporting were: Captain Paul Gartner, dashes, hurdles and discus; Ted Fleck, quarter miler and relay team member; John Smerchek, quarter and half miler and relay team member; Leslie Moody, quarter, half miler and relay team member; George Lyon, shot and discus; T. F. Winburn, quarter, half and relay team member and Virgil Fairchild, hurdler and dash man.

To start off the season injuries took their toll and George Lyon, weight performer, was advised by physicians to keep out of competition because of a bad heart. A few other injuries added to Bachman's troubles, along with spring football practice which took much of the duo-Mentor's time. The first meet entered by the Aggie trackmen was the K. C. A. C. indoor meet in Convention Hall, Kansas City. T. F. Winburn placed third in the quarter mile event and "Red" Moody placed second in the half mile run.

T. F. Winburn

Kirk Ward

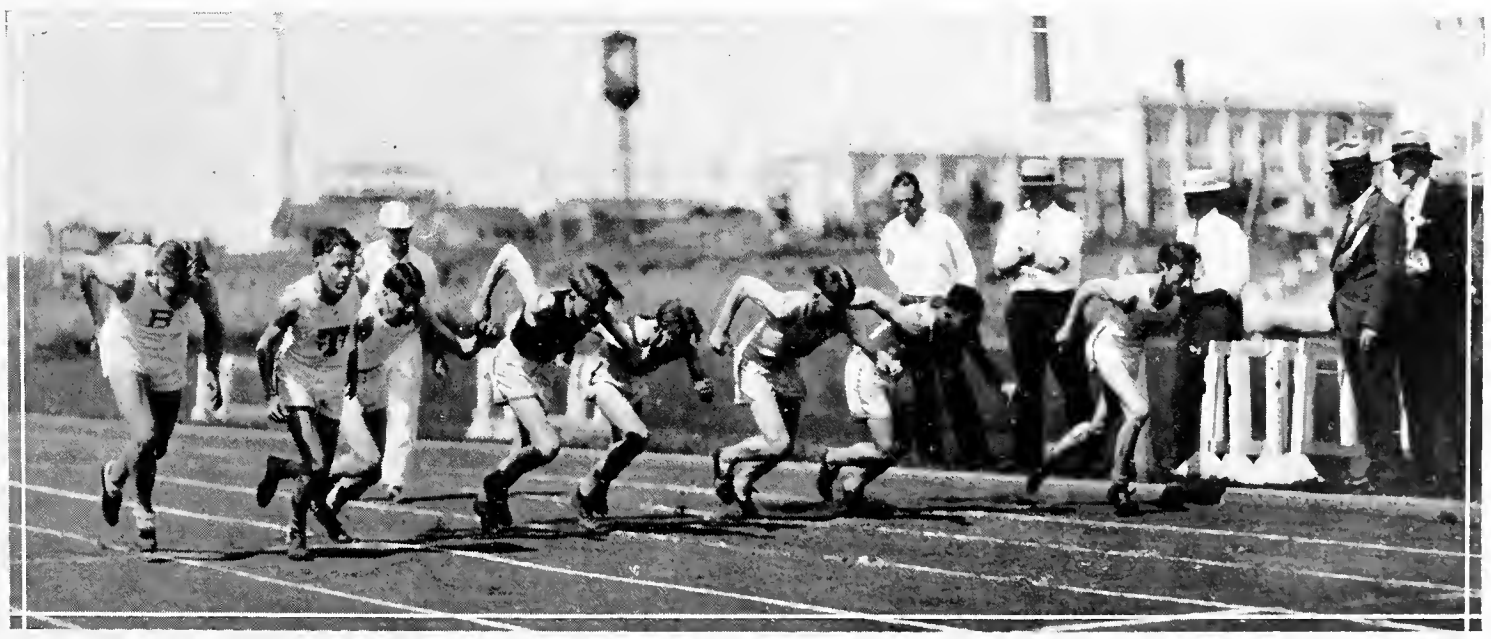
Track

March 3, the Purple and White team journeyed to Lincoln to stage a dual meet with the strong Husker squad and came home with the small end of an 80 to 24 score. "Red" Moody took two first places winning the mile and half mile events in good time and George Lyon won first in the shot event.

The final indoor meet of the old Missouri Valley conference was held in the Drake field house on March 9 and 10 and Coach Bachman took eight men to participate. Gartner, Smerchek, Fairchild, Moody, Lyon, Winburn, Marchbank and Miller made the trip. Oklahoma made away with their second consecutive indoor title and the Wildcats ranked low in total points. Captain Gartner broke the field house record in the preliminaries of the 440 yard dash to win his heat but was defeated in the finals by Keith Hursley, Missouri ace and won second place. "Red" Moody again set the pace for the valley half milers and brought home a first place. H. S. Miller, in his first year of competition, ran in the two mile event in a fast field with "Poco" Frazier of Kansas and Keith of Oklahoma and finished in third place.

A mile and two mile relay team was sent to the Texas Relays and Rice Relays, held on consecutive days at Austin and Dallas. Paul Gartner, Leslie Moody, T. F. Winburn, Harold Miller and John Smerchek made the trip, accompanied by Coach Charles W. Bachman. Running in a fast field in the two mile relay event at Austin the Aggies ran second to Illinois. The team was composed of Winburn, Miller, Smerchek and Moody. The following day the same team raced across the line with first honors at the Rice Carnival.

H. S. Miller
"Red" Moody



Track

In the Kansas Relay Carnival at Lawrence on April 21, the Wildcat two mile relay team got off to a poor start and came in fourth in the event. Dee Householder was entered in the shot and discus events, in place of Lyon who was injured, but failed to place. Fairchild also found a fast field in the hurdle events, failing to get a point in the two timber races.

Six men were entered in the annual Drake relays but returned home without a place, the meet being staged on a fast track on which records were lowered frequently by stars of the Big Ten conference.

The only home appearance of the Aggie track team was against Kansas University and Nebraska University in a triangular affair in Memorial Stadium. Nebraska walked away with first honors and 92 points, Kansas placed second with 48 and the Aggies trailed with 22. No meet records were broken because of a heavy track caused by recent rains. Kirk Ward, star outfielder on the baseball team, staged a surprise by discarding his baseball outfit for the day and donning a track suit to win the javelin throw. Ward's heave of 180 feet 8½ inches far outdistanced the 200 pound weight stars from Nebraska and Kansas and the 140 pound baseball fielder won one of the two first places obtained by the Wildcats.

John Smerchek
Paul Gartner

Track

"Red" Moody scored the other first honor by running the mile in 4 minutes 28 seconds. Lyon, donned in street clothes, heaved the discus far enough to get a second place and the Aggie mile relay team composed of Gartner, Smerchek, Miller and Winburn won second in the event. Gartner placed third in the 220 low hurdles, Virgil Fairchild third in the low hurdles and Miller third in the two mile event for the remainder of the Aggie points.

Six men represented the Aggie school in the Missouri Valley outdoor meet at Lincoln which was won by Kansas. The Wildcats tied with two other teams for last place. Only two men, Moody in the half mile, and Fairchild in the 120 yard low hurdles reached the finals. One of the biggest upsets of the meet was the failure of Captain Paul Gartner, who won the 220 hurdle event in the valley meet the year before, to qualify for the finals. Moody came through with a second place in the half mile and Fairchild accounted for a fifth place in the high stick event.

Though not connected with the Aggie track team the Missouri Valley Interscholastic carnival for high schools of the Middlewest held here each spring, is one of the biggest events on the cinder path schedule. More than 400 athletes from six states entered the meet last spring and several records fell in a fast meet.

GEORGE LYON

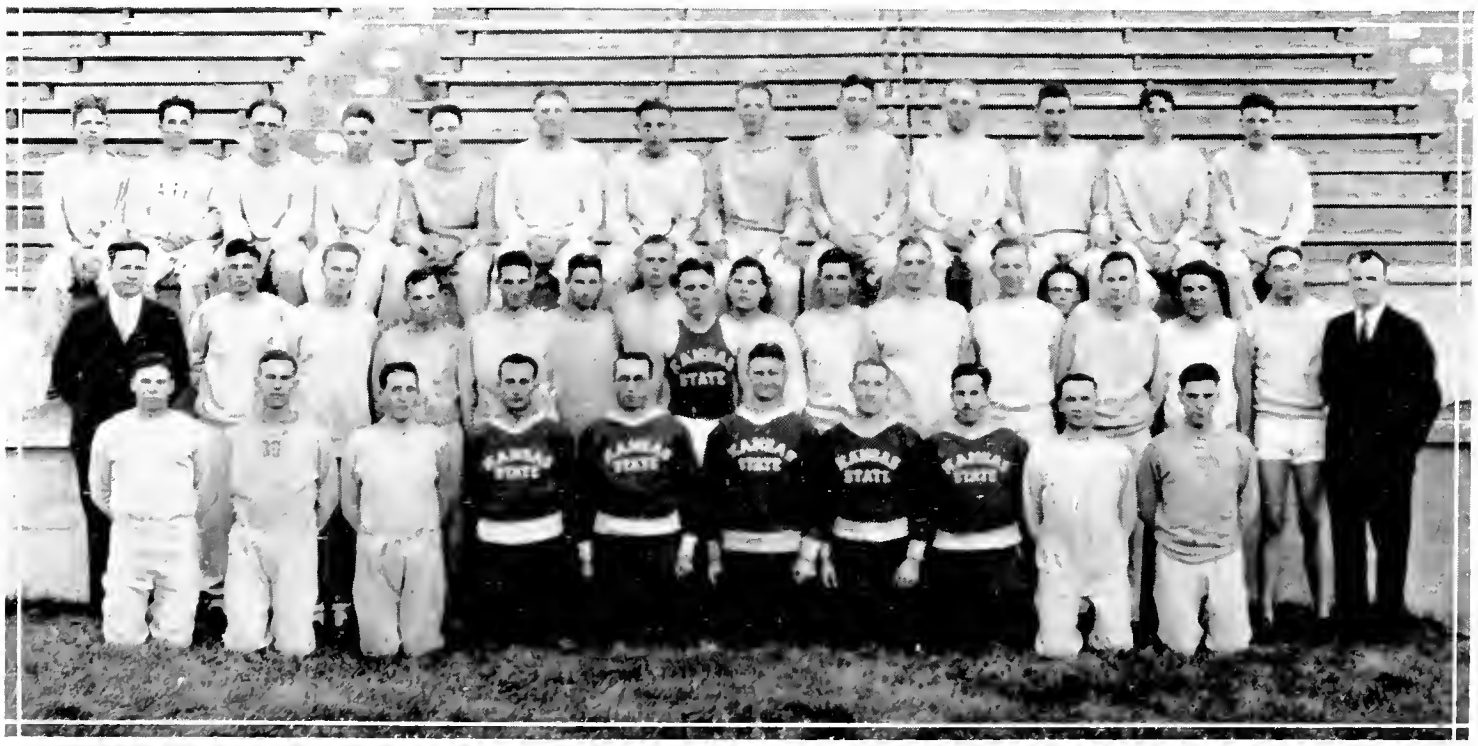
MILE RELAY TEAM

Cross Country

ONE of the most disastrous seasons ever encountered was last fall's cross country competition for the Wildcats, who won but one dual engagement and ranked fifth in the conference meet. In previous years the Wildcat "hill and dalers" have won two conference titles and have always finished well up in winnings of dual meets. Three lettermen reported last fall for the team. They were: Captain Henry Gile, Scandia; T. F. Winburn, DeKalb, Mo.; and H. S. Miller, Kansas City.

In addition to these three lettermen, J. T. Hoyne, Salina; J. V. Faulconer, El Dorado and Harold Richardson, Long Island, made up the sextet. Their first meet of the season was at Stillwater where they raced the Oklahoma Aggies and lost by a score of 33 to 18. Only two Wildcat runners finished in the first seven. H. S. Miller ran third and T. F. Winburn placed seventh.

The next meet for the harriers was a triangular affair at Norman with the University of Oklahoma runners and the Oklahoma Aggie team as opponents. The Aggie team placed second in the meet, the Sooner Aggies carrying off first honors. The only dual victory of the Aggie harriers was scored over the University of Missouri team by a score of 19 to 36. Harold Miller won the race in the fast time of 26 minutes 12 seconds over the difficult Aggie course. Winburn placed third and Captain Gile, Faulconer and Hoyne breasted the tape in a tie for fourth honors. The other Aggie runner, Harold Richardson, placed eighth.



1928 CROSS COUNTRY SQUAD

Cross Country

IN A dual meet with the Cyclone harriers of Iowa State, one of the strongest in the middle west, the Wildcats proved second best in the five mile trek in mud which was shoe top deep. Putnam, Cyclone distance ace, won the race and Harold Miller was the first Wildcat runner to cross the finish line, taking fourth place. Hoyne was sixth, Captain Gile was seventh, Winburn eighth and Faulconer tenth. The Cyclones won the meet by a score of 20 to 35.

Led by "Poco" Frazier, the University of Kansas harriers won the first Big Six conference cross country meet staged at Columbia the day of the Kansas-Missouri football tilt. Frazier broke the course record in winning the event and helped his team to beat out the Iowa State runners for the title. Nebraska was third, Oklahoma fourth, Kansas State, fifth and Missouri sixth. Miller was the only Wildcat runner to place in the first ten, getting third place behind Putnam of Iowa State who took second.

Leslie E. "Red" Moody, former Aggie track and cross country runner, coached the harriers last season as track Coach Ward Haylett was acting in the role of freshman football mentor. H. S. Miller was elected to lead the cross country men next season. Miller is one of the outstanding long distance men in the conference. Letters in cross country were awarded to Harold S. Miller, Kansas City; Henry Gile, Scandia; and T. Hoyne, Salina.

A. H. "Hoxie" Freeman
Captain-Elect

A CHARGING tackle on the defense and a driver on the offense was elected leader of the 1929 edition of Coach "Bo" McMillin's Wildcats. In Captain-Elect Alva H. "Hoxie" Freeman, the Aggie mentor has one of the hardest fighting linemen in the conference, one who has the size and stature to bear up under the game at the difficult line position.

Towering at the height of four inches more than six feet and tipping the scales at more than 200 pounds, "Hoxie" is one of the outstanding linemen on the McMillin machine. A three sport man—tackle in football, center in basketball and pitcher in baseball, Hoxie won the votes of his team mates. According to the Aggie Mentor, Freeman will make a splendid leader for next year's grid team.

Eleven lettermen, only four of whom were two year men, reported for practice when Coach McMillin sounded the gridiron call. Lettermen, with their number of letters were: Bert Pearson (2), George Lyon (2), Joe Limes (2), Joe Anderson (2), C. O. Tackwell (1), K. C. Bauman (1), A. H. Freeman (1), W. G. Towler (1), T. M. Evans (1), C. E. McBurney (1), Bob Sanders (1).

M. B. "Bert" Pearson
Captain 1928

AN ACCURATE passing, charging and heady center who led the Wildcats in a majority of their contests as acting captain, was named at the end of the season as the Honorary Captain of the 1928 football team. Bertrand "Bert" Pearson, giant center, who won recognition for his alertness on the defense and coolness on the offense, was given the captaincy. "Bert" won recognition on practically every All-Big Six selection at the pivot position on either the first or second elevens.

Playing an open center position on the defense, the Aggie Captain broke up more plays than any other man on the team. Whether it was an end run or a line play, Pearson was there to help stop it.

Although the 1928 season for Kansas State was not a great success in the way of games won, it may be marked for its success in the way inexperienced men fought continuously against the most formidable foes in the Mid-West.

Fighting an uphill battle because of injuries, a new system of football, the captain-elect failing to return, the Wildcats were never known to give up. Sixty players reported to their new Mentor when the call was sounded and ten practice days remained before the first game.

1928 FOOTBALL SQUAD

Bethany, 7---Wildcats, 32

Bethany Swedes, a powerful Kansas Conference eleven, came to Manhattan to open the season for the Wildcats and found an array of backfield men who were elusive, fast, tricky, and who handled the ball through the aerial route to an extent which netted a grand total of 32 points.

Sophomore backfield men loomed in the first game as high lights. Alex Nigro, Bill Meissinger, "Doc" Weller, and "Hank" Barre carrying and passing the pigskin for consistent gains. Four touchdowns were scored in the first quarter. Hardly was the game under way when the Wildcats recovered a fumble on the 24 yard line and runs by Meissinger, Nigro and Evans placed it on the 4 yard mark where Nigro flipped a pass to Meissinger for the first touchdown.

On the play following the Bethany Kick-Off, Nigro slanted around right end for a 70 yard run and another counter. In the second quarter Nigro again scored a touchdown as a result of a series of end runs, passes and thrusts at the strong Swede line. "Doc" Weller went into the line-up as the first half neared its end, and on his first play of a college football career slipped off tackle for a 25 yard run and a touchdown.

The last half was a tie—each team scoring 7 points. Tarrant, the Swede backfield ace, drove through for a touchdown and near the finish of the third period in which Coach McMillin used all of his reserves, Platt flipped a pass to Ken Boyd who registered the Aggies final tally. George Lyon, tackle, and "Casey" Bauman, guard, were unable to play the initial contest because of injuries.

THE BEHANY—WILDCAT LINES CRASH

Oklahoma Aggies, 6---Wildcats, 13

Launching an early attack which led to a touchdown before their opponents gained possession of the ball, the Aggies marked up their second victory of the season by a score of 13 to 6 over the Oklahoma Aggies at Stillwater. From the kick-off until the final whistle, the game was plainly a Wildcat victory.

Alex Nigro took the kick-off on the Aggie five yard marker and carried it 65 yards behind splendid interference to the Sooner Aggie 30 yard mark. On the next three plays the sophomore flash netted fifteen yards. Meissinger and Evans added ten yards on line smashes and Nigro carried the ball over from the five yard line for a touchdown. The extra point was awarded when an Oklahoma player was off side.

In the second quarter the Wildcats opened up a passing attack which led to the second touchdown. Two passes, Meissinger to Daniels and Meissinger to Towler brought the ball from the 40 yard line to the six yard line. Meissinger took the ball through the line to the one yard mark, where Evans skirted end for a touchdown. The try for extra point was missed.

A fumbled punt by an Aggie back on his one yard line which was recovered by a Sooner Aggie player in the third quarter resulted in the touchdown scored against the Wildcats. Three plays were necessary for the Oklahoma Aggies to go through for the one yard, Butterfield scoring the touchdown. Their try for point was wide.

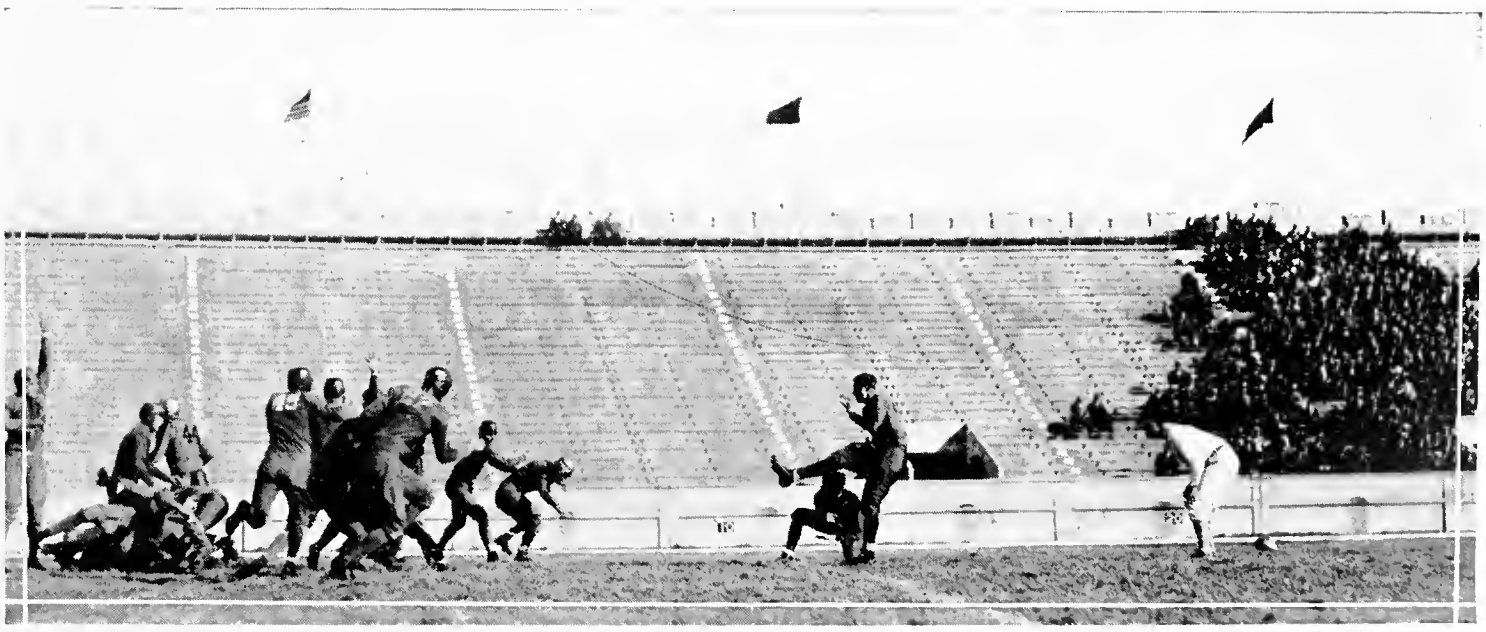
THE AGGIES BLOCK A MISSOURI KICK



Hays Teachers, 7---Wildcats, 27

Showing a touch of overconfidence, the Wildcats went into their battle against the Hays Teachers in Memorial Stadium and found a fighting Kansas Conference team which was hard to beat even though the 27 to 7 victory may sound large. The Hays team made more first downs and lacked only 10 yards of equalling the Wildcats distance in scrimmage.

George Lyon, starting his first game of the season, broke through early in the first quarter and blocked a punt which a Hays man recovered for a safety, giving the Wildcats a 2 point lead. A series of nice passes, end runs and line bucks placed the ball near the Aggie goal line where the pedagogues passed over to go into the lead. Their try for point was good and the score was 7 to 2 at the half.

At the opening of the second half, Yeager recovered a Hays fumble on the 15 yard line and Weller passed to Freeman, placing the ball on the four yard line where Weller drove over for a touchdown. Tackwell kicked goal and the Wildcats resumed the lead 9 to 7. Two more Aggie touchdowns followed, Platt passing 22 yards to Daniels for the second counter. A series of aerial flips brought the ball to the four yard mark where Weller drove through for the third touchdown. Tackwell kicked goal.

Alex Nigro, with a broken rib, sat on the bench throughout the contest and Bauman was nursing an injured knee. The punting of Lyon and Platt for the Wildcats featured the game, averaging more than 45 yards on their nine boots.

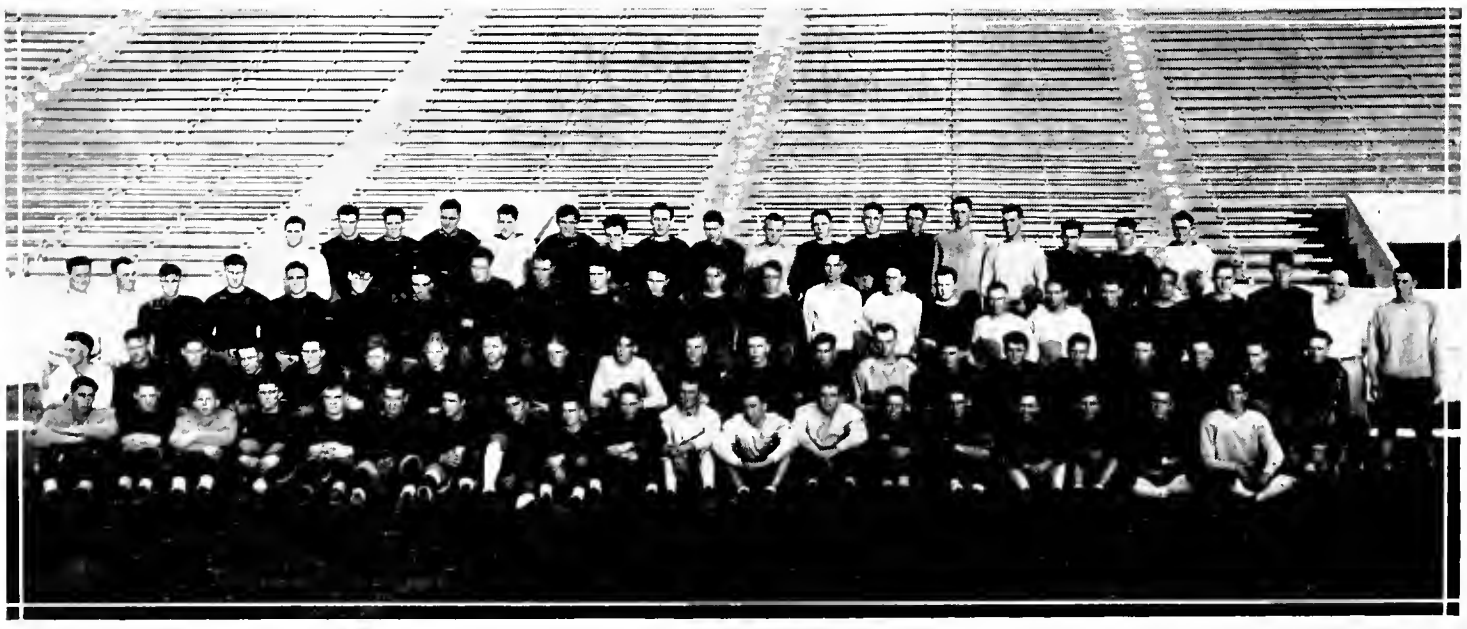
FRESHMAN FOOTBALL SQUAD



Kansas, 7---Wildcats, 0

A flock of fighting Jayhawks, supported by hundreds of followers from Lawrence journeyed to Manhattan to open the Big Six conference and in the final minute of play broke the seven year jinx held by Aggie gridiron teams and carried back to Mount Oread a 7 to 0 victory.

The game was a nip and tuck affair throughout with neither team having a decided advantage.

Alex Nigro, who was back in the line-up though still suffering from injuries, broke through in the second quarter with a 54 yard run that looked like a touchdown, but the fleet-footed Shannon coming from the rear mowed down the injured Aggie back, stopping his long run. The Wildcat line outcharged and outfought the Lawrence forward wall, Bert Pearson, George Lyon and K. C. Bauman bearing the brunt of the attack and playing a stalwart game.

The Kansas break came with less than two minutes to go. Weller fumbled a punt on the five yard line and Meissinger recovered. Lyon punted and the ball went out of bounds on the 30 yard line. The Kansas drive started. Lawrence and Layman made fifteen yards on four running plays and after two more unsuccessful attempts Art Lawrence flipped a 15 yard pass to Captain Harold Hauser who charged across the line. Ed Schmidt, whose speciality is goal kicking, was sent into the line-up and registered the seventh point.

The Wildcat team outgained the Jayhawks by 60 yards and made three more first downs than did the Kansas team but when the pistol shot ended the game, the scoreboard read Kansas 7, Wildcats 0.

"MICKEY" EVANS GAINS GROUND ON THE JAYHAWKERS

O. U., 33 Wildcats, 21

In a scoring melee, the Oklahoma Sooners trounced the visiting Kansas State Wildcats for their second loss of the Big Six conference season by a score of 33 to 21. Their victory broke an eight year jinx which the Aggies held, having won five and tied three contests in eight years.

The game was a wild affair, full of long runs, aerial attacks and chance taking offense in which the Wildcats drew first blood soon after the game started on a pass from Weller to Shay. An Oklahoma player off-side allowed the Aggies an extra point. A pass by the Sooners tied the count and soon afterwards spectacular runs by Haskins and Mills placed the Sooners where they scored again by the aerial route making the score 14 to 7 for Oklahoma. The second quarter consisted of passing attacks and long runs by both teams but the goals were never threatened.

The Aggie team marched to a touchdown by the pass route soon after the opening of the third period to knot the count. Two passes, Weller to Towler and Weller to Evans placed the ball at midfield where Weller tossed one to Towler who raced the addional 25 yards for the counter. Tackwell kicked goal.

In the last period, Oklahoma uncorked an attack which netted three touchdowns, running their total score to 33. One was on straight football, another by the pass route and the final one by a spectacular run by Haskins. The final Aggie counter came at the close of the game after an aerial attack and a few short runs by Evans, who scored the touchdown. Tackwell again scored the extra point.

NIGRO SKIRTS THE MISSOURI RIGHT END FOR A TOUCHDOWN

Missouri, 19---Wildcats, 6

Running up 14 points before the fans were comfortably seated in the stadium, the Missouri Tigers set up a lead in the first quarter which the proteges of "Bo" McMillin were never able to overcome. The Missouri pony backs and stalwart line held the Aggies at bay with exception of a short period in the second quarter when the Wildcats marked up a touchdown.

It took just 11 plays for the elusive and plunging Tiger backs to bring the ball 55 yards after first gaining possession. Mehrle would skirt an end, Rosenheim would go off tackle and Waldorf would penetrate the line. Rosenheim drove through from the three yard line for their touchdown and Captain Brown made the extra point from placement.

After the Tiger kicked off to the Wildcats, Waldorf intercepted a pass. The touchdown resulted after Waldorf flipped a pass to Mehrle who twisted through and evaded the Wildcat secondary defense. Lyon blocked the try for extra point.

In the second quarter, the Aggies scored on an end run attack led by Nigro, Weller and Evans. Starting from the 45 yard line these three diminutive backs carried the ball within striking distance. Nigro tucked the ball under his arm and skirted the end for the touchdown. Platt's try for point was wild.

Neither team scored in the third period but the Tigers marked up their third touchdown in the final stanza. A pass, Waldorf to Hursley accounted for the touchdown. Bert Pearson in the line and Weller and Nigro in the backfield were the outstanding Aggie performers.

WALDORF OF MISSOURI LOSES A YARD ATTEMPTING TO BUCK THE AGGIE LINE

Iowa State, 7---Wildcats, 0

With a sloppy field for the stage and flying snow for the scenery, Iowa State's cast of gridiron players enacted a role of mudhorses and hung up a 7 to 0 victory over the Wildcats at Ames in the Aggies fourth Big Six encounter.

Neither team was able to show the football punch because of the extreme cold and poor footing facilities, but the Cyclone team took advantage of the high wind in the first quarter while the ball was dry and placed it where they scored on the first play of the second period.

A long 80 yard drive by the Cyclones was checked on the 10 yard line by the Aggie forward wall and the Iowa State men lost the ball on downs. A short punt by the Aggies and an 18 yard run by Captain Lindbloom of the Cyclones placed the ball on the one yard line as the first quarter ended. Trauger drove through for the touchdown on the first play of the next period and Captain Lindbloom passed to Trauger for the extra point.

During the second half the Aggies outplayed the Cyclones but their drives were halted when the goal-line was neared. On two occasions, the Wildcat backs took the ball to the ten yard line but were unable to get to the last white line, which was invisible because of the mud and snow.

George Lyon was the outstanding Wildcat performer in the Ames game, playing a great defensive game and punting well under the handicaps of a slick ball and a high wind.

TACKWELL BLOCKS A NEBRASKA KICK FOR FIELD GOAL

Nebraska, 8---Wildcats, 0

The powerful bone-crushing Husker steam roller found one of their hardest games of the season laid up for Thanksgiving Day when an inspired McMillin machine journeyed to Lincoln. Although they lost an 8 to 0 decision, the game was a moral victory as the Wildcats outfought, outcharged and outgained the successful champions of the Big Six conference, only to lose by a break early in the game. This game was also fought through a blizzard, there being several inches of snow on the ground when the contest started.

The Wildcats received the kick-off and marched to the 20 yard line where they lost the ball on a fumble. With the wind at their backs, the Huskers punted, the ball hitting in the snow on the Aggie 21 yard line and failing to roll or bounce. A fumble by an Aggie back proved costly for after a Husker recovery, Rowley passed to Ashburn for a touchdown. The try for point missed.

The Aggies unleashed a passing attack in the second quarter which ended on the 17 yard line when Swartz fumbled. Bauman blocked a punt and covered it on the 11 yard line but the Wildcats were unable to force the ball across the line. During the remainder of the second and third quarters the game was a kicking duel between Rowley of Nebraska and Lyon of the Aggies.

Near the end of the game, the Aggies stopped a Husker attack on their two yard line and when trying to punt from behind his goal line, Lyon was spilled for a safety, giving the Huskers two additional points.

The McMillin gridmen closed their season with their best game of the year, fighting the strong Nebraska eleven to a standstill.

"MICKEY" EVANS PLOWS THROUGH THE SNOW
FOR A GAIN AT NEBRASKA

Big Six, 14---Southwest, 6

THREE seniors and Coach A. N. "Bo" McMillin were the Kansas State contribution to the Big Six All-Star team which met and defeated a similar all-star team from the Southwest conference in a football game on New Year's Day at Dallas. The game was sponsored by the Shriners who used the profits in aiding a childrens' home.

George Lyon, Bert Pearson and Joe Anderson made the trip to Dallas with the Big Six squad, coached by Earnest Bearg of Nebraska, who was assisted by Coach McMillin. The Big Six team came through with a 14 to 6 victory and was on the verge of another touchdown when the game ended. "Blue" Howell, Nebraska ball-lugging ace was the backfield star of the game, while sportswriters gave "Babe" Lyon great credit along with other linemen.

Lyon started the game at tackle and played the entire contest, showing up with power equal to any of the members of the stronger teams in the conference. Lyon was twice called on to punt and once booted the ball for 60 yards. Coach Bearg termed Lyon the greatest tackle he had seen in action last year, and that took in a great deal of territory.

Bert Pearson played about half of the game, but not at his usual position at center. He was used as a guard and showed up well in the contest. Joe Anderson saw action at quarterback in the final period of the game. The three Aggie players were all given gold wristwatches for their services and were entertained royally in the Texas city during their week of practice preceding the game.

BASKETBALL

Basketball

C. D. Richardson
Captain-Elect

DRIVING through from the guard position to score a field goal when it was needed is the specialty of Clem D. Richardson, Aggie basket ball captain-elect. Failing to make a letter in his first year on the squad, Captain-elect Richardson came back this season with determination. When given his chance in the game against Washington university he came through in the last half of the game with four field goals, which were largely accountable for the victory. In nearly half of the contests this season Richardson was the high point man though playing a guard position. On the defense he was alert, few opponents getting by him for set-ups. Captain-Elect Richardson, a student as well as an athlete, is due for a good year when he leads the Wildcats on the court next season.

Oklahoma won the first Big-Six basket ball title with an undefeated season, the same feat accomplished the season before by the Sooners when they won the last title in the old Missouri Conference without dropping a single game. Missouri finished second in the conference race, Nebraska third, and Iowa State fourth. The Kansas State Wildcats and the Kansas Jayhawks finished in a tie for fifth place with two games won and eight lost in conference play. It is the first time since Coach Corsaut came to Kansas State that his team has finished below the .500 mark, though they have never won a title.

Basketball

E. J. Skradski
Captain

A BETTER honor than leading a losing basket ball team should go to Captain Edward Skradski, leader of the 1929 Kansas State court team. An all-around basket ball player, used regularly at forward, but capable of playing either center or guard when the occasion demanded was the calibre of Captain Skradski. Having an eagle eye for the basket which ranked him among the highest twelve scorers in the conference, Captain Skradski was responsible for a large number of the Aggie points. Playing three years as a regular, Skradski will long be remembered as an efficient court player for the Wildcats. The honor of scoring the winning basket in his last collegiate game, against the rival Jayhawks, will long remain in the memory of his team mates and Kansas Aggie basket ball fans.

Coach Charles Corsaut carried a squad of twelve players throughout the season. They were: Captain Edward Skradski, forward; Alex Nigro, forward; Ray Russell, forward; Wally Forsberg, forward; Kermit Silverwood, forward; A. H. Freeman, center; R. U. Brooks, center; R. G. Vogel, center; Harold Weller, guard; C. D. Richardson, guard; E. L. Gann, guard; and H. J. Barre, guard.

THE 1929 BASKETBALL SQUAD

Brooks Vogel Silverwood Barre Forsberg Corsaut, *Coach*
Russell Nigro Freeman Skradski Richardson Weller Gann

Basketball

COACH Charles W. Corsaut found his prospects in basketball this season much as they were in baseball the preceding spring, but the Wildcat court team failed to break through the handicap of inexperienced men and win as did the baseball nine. The lettermen available for the Wildcat court mentor consisted of four men, only two of whom had played regularly the preceding season. Captain Ed Skradski, forward and center and A. H. Freeman, Center, were the only members of the regular team of 1928. E. L. Gann, guard, and R. U. Brooks, center, were two other lettermen who were reserves the preceding season.

C. D. Richardson and K. J. Silverwood, members of the Squad the preceding season came out and a sextette of sophomores aided in strengthening hope. They were Alex Nigro, forward; H. R. Weller, forward or guard; H. J. Barre, guard; W. A. Forsberg, forward; Ray Russell, forward and R. G. Vogel, center.

The Wildcats opened the basket ball season late in December with Kansas Wesleyan at Salina and marked up a victory by a close margin of 21 to 20. Richardson and Nigro were injured in practice the week before and were not available for play except a few minutes of the game. Captain Skradski, Wally Forsberg and Kermit Silverwood led the Wildcat attack, Forsberg making the final goal which won the game.

The Wildcat team, shortly after Christmas vacation, invaded St. Louis for two games, one with St. Louis university and the other with Washington university winning one and losing the other. Displaying a good eye for the basket the

Richardson

Basketball

St. Louis university team defeated the Wildcats by a score of 39 to 22. Skradski and Russell were the Wildcat high point scorers in the game. The Aggie guards found difficulty in holding down the fast St. Louis forwards who accounted for nearly all their team's points. The next night the Wildcats staged one of the biggest upsets of the basket ball season by defeating the fast Washington university quintet which later defeated Oklahoma twice and Missouri on one occasion. The score was 30 to 29, the Aggies coming from behind to win. Nigro, Skradski and Richardson were the basket shooting aces, getting four field goals each. Richardson played only a half of the game and put up a brilliant defense.

Unable to stop Lande and Woods, Iowa State scoring threats, the Wildcats lost their first Big Six conference game 41 to 30 on the Ames court. "Doc" Weller, guard, led the Aggies in scoring; accounting for ten points. The following night in a non-conference game with Creighton university at Omaha, the Wildcats were smothered with points, losing 25 to 50. A strenuous week of traveling and of playing three other games had weakened the Aggie attack. Freeman, playing under the handicap of an injured knee, came through the quest as high point man with six points. The passing of the Corsaut men was far below par and was largely responsible for their disastrous defeat.

The Oklahoma Sooners visited Manhattan the next week and went away with their twenty-sixth consecutive basket ball victory in three years by nearly doubling the score on the Aggies with a count of 44 to 23. The rangy Churchill and Shearer found the basket at will while the Wildcat "midgets"

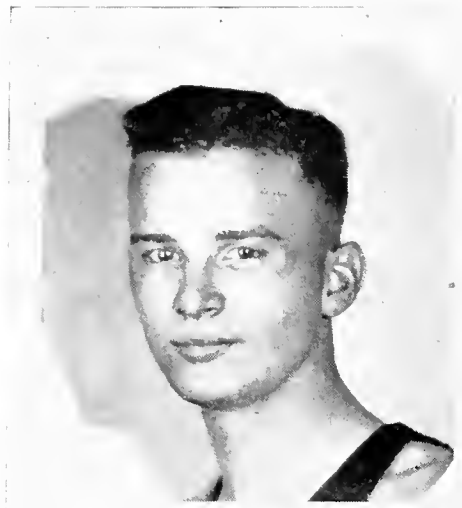
Gann

Basketball



were unable to guard the towering giants. Forsberg, Russell, Nigro and Richardson showed up well against the Sooners, in spite of their lack of height.

A mad Missouri Tiger attack in the last ten minutes of play wrenched a few points lead from the hands of the Aggies and turned the possible victory into a defeat by 15 points the following week. The final score was 51 to 36. The Tiger team scored more than 20 points in the final ten minutes of play to overcome a slight lead and win by a wide margin. Skradski and Nigro led the Aggies offensive attack in the game played at Columbia.

The first conference victory for the Wildcats was marked up at the expense of the Nebraska quintet on the local court by a count of 30 to 21. Led by Alex Nigro the Wildcats kept always in the lead and the work of Weller and Richardson as guards kept the larger Husker team from scoring. The Huskers' inability to make free throws was largely responsible for their loss.

In a ragged contest on the Jayhawk court the Wildcats fell before their ancient rivals 31 to 24. Unable to make their set-ups the Aggie team lagged throughout the contest. A spurt in the final part of the game was cut short by the pistol. In addition to playing a stellar game at guard, Richardson was high point man for the Corsautmen, getting eight counters.

After holding the Missouri Tigers to a "15 all" tie in the first half the Wildcats weakened in the final stanza and allowed the visitors to walk away with a 35 to 25 victory in the next

conference game. Weller, Richardson, Skradski, and Russell led the Wildcat attack but were unable to keep up the pace set by Craig and Welsh of the visitors. Richardson was again high point man with seven points.

In a non-conference tilt with Oklahoma Aggies on the Wildcat court, the Corsautmen were "hot"; accounting for 51 points and allowing the visitors but 31. It was the fourth victory of the year for the Wildcats who led at the half 25 to 17 and kept the lead throughout the contest. Richardson, with his seven field goals, led the attack but was closely followed by Nigro, Weller and Skradski. It was the most brilliant offensive game played by the Corsautmen during the season.

An Aggie rally fell far short in their next Big Six contest and they lost to the Cyclones from Iowa State by a score of 44 to 28. The Wildcats were far behind at the half but at one time during the final period were within 5 points of the visitor's score. Nigro with 13 points led the Corsaut courtmen in scoring, while Richardson played a great defensive game. Lande, the Iowa State ace, was versatile, scoring 18 points.

The Wildcats visited the Sooners at Norman the next week and the Oklahoma team drubbed the Aggies 42 to 28 to clinch a tie for the Big Six conference championship. An Aggie attack in the last half put them within two points of the Sooners but the basket shooting of Tom Churchill and Bruce Drake brought the McDermott team from close quarters into a decisive victory. Skradski, Richardson, and Nigro were again the outstanding Wildcat performers.

THE following night the Aggies went to Stillwater and again took the Oklahoma Aggies into camp, this time by an even larger count, the final score being 62 to 24. Richardson with eight baskets, Nigro with seven and Skradski with six, led the Aggie attack in the contest. It was the fifth victory of the season for the Aggies and their second win over the Sooner Aggies.

A free scoring contest on the Lincoln court was won by the Huskers 62 to 45. The game was all offense, the defense of both teams failing to function. Nigro accounted for seven field goals to come out high point man, while Skradski and Richardson were runners-up in the wild contest. Four Aggie players were disqualified because of personal fouls and only four Wildcats were on the floor during the last two minutes of play, as Corsaut took but eight men to the Nebraska city.

The Wildcats won their fight for a tie with Kansas university for fifth place in the conference by administering a 36 to 35 defeat over the Jayhawks in a five minute extra time game which rang down the court season curtain. The score was 32 all when the final whistle blew, Kermit Silverwood who, the season before, was influential in beating the Jayhawks, putting in the basket that tied the count. Silverwood and Skradski both scored in the playoff period to account for sufficient points to mark up their second conference victory. Skradski, playing his last collegiate basket ball game, was high point man with 13 points. The game was by far the most exciting of any on the Wildcat schedule, the lead changing hands six times during the game.

The outlook for next season is one of the brightest in the history of the institution. By far the largest and most brilliant Freshman aggregation in the history of Kansas State make up the yearling squad. These men, if they return next year, afford the best material Corsaut has ever called onto Nichols gymnasium floor. Returning lettermen will he hard pressed to retain a berth on the team—other Big-Six schools will hear more of these men next year.

NUMERAL MEN

Smith, Morgan, Auker, Root, Gibbs, Fairbank, Schooley, Stuck, Thurlow, Vohs, Wiggins, Tucker, Cronkite

MINOR SPORTS

Wrestling

R. H. McKibben
Captain-Elect

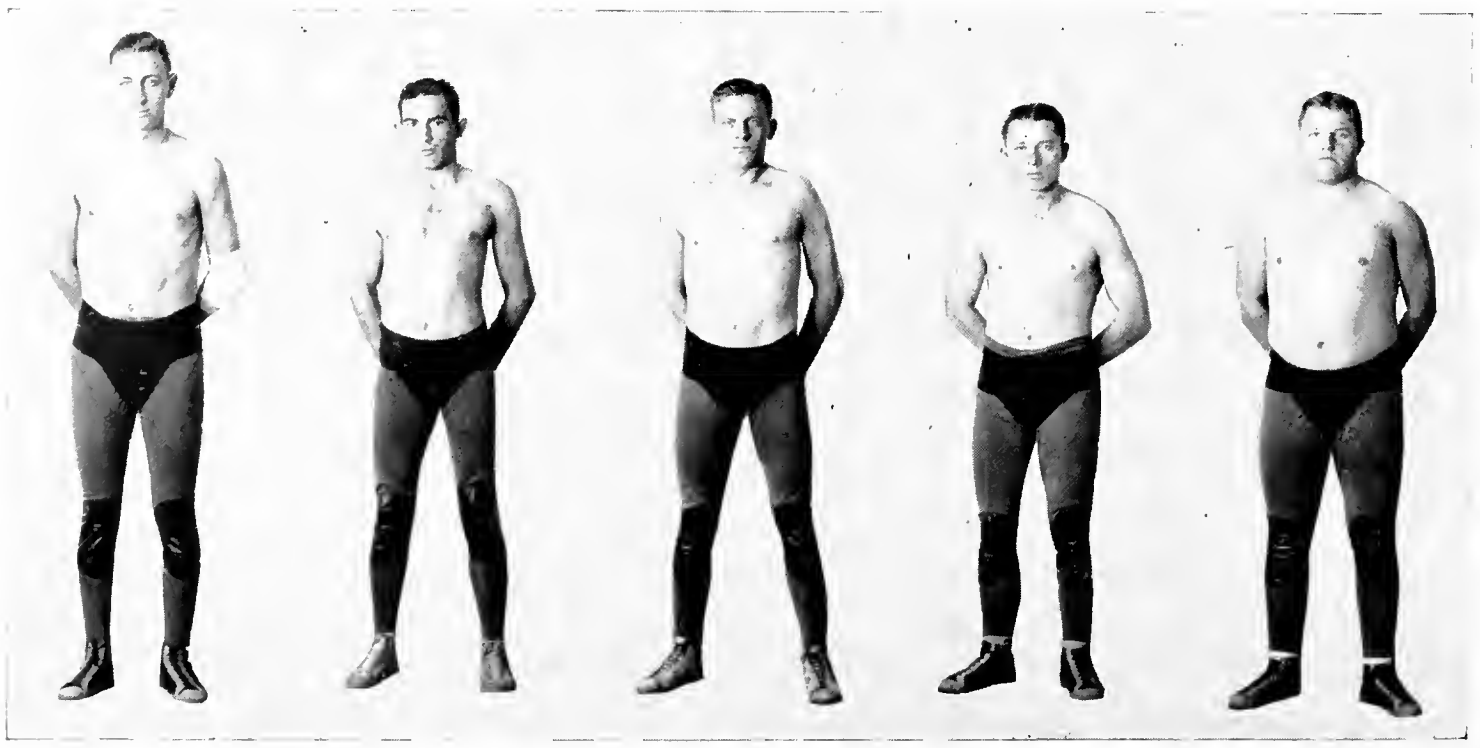
THE Kansas State wrestling team had one of the best seasons in the history of the sport at K. S. A. C. the past year, winning four and losing four dual meets and tying with the University of Oklahoma for first honors in the individual wrestling tournament at Norman at the close of the season. Much of the credit must go to Coach Buel R. Patterson, who has developed the mat sport from a point where it was hard to get enough men out to compose an eight man team to where he had more than thirty candidates on the varsity squad ready to compete.

The Wildcats started the season with an invasion to Big Ten circles, losing to the University of Indiana 11 to 15 but scoring their first victory of the year at the expense of Purdue university 24 to 6. Patterson in the 115 pound class and Chapman in the 165 pound class won both of their matches.

In a non-conference clash with the Pittsburg teachers, winners of the Central conference for two years, the Wildcats scored a decisive victory, 27 to 3. Sherwood in the 165 pound class was the only loser. Hugh Errington, Aggie heavyweight, tipping the scales at 196 pounds, threw Wise of the Teachers, weighing 276 in the feature bout of the evening.

Scoring their first victory over the Jayhawks in the history of mat meets between the two schools, the Wildcats walked off with a meet with the University of Kansas 20 to 8 in their first Big-Six encounter. Missouri was the next Wildcat victim, losing 16 to 18 in a hard fought contest. The Wildcats needed a fall in the last match to win the contest and Hugh Errington went into the squared circle and threw his Tiger opponent in 1 minute, 27 seconds for the meet victory.

Journeying to Nebraska the Wildcats met their first conference loss by an 11 to 17 score. Two of the Wildcat regulars were unable to make the trip because of injuries and illness. The University of Oklahoma scored an easy victory over the Aggies here the following week end by a 20 to 8 score. Warner won his match by a fall and Errington won by decision for the Wildcat counters.



Chapman Gosney Alsop Warner Errington

Wrestling

MEETING the Iowa State Team, undefeated in the Conference, the Wildcats lost a close decision by an 11 to 15 score. The Cyclones won all five of their dual meets.

In the individual tournament at Norman the Wildcat team tied with the Sooners with 16 points for the conference championship. Iowa State was third with 14, Kansas fourth with 13, Nebraska fifth with 9 and Missouri last with 6.

Errington won the heavyweight class by defeating all his opponents in the meet. Captain Brown in the 135 pound class won second place; Alsop in the 145 pound class won second place; Warner in the 155 pound class won third place and McKibben in the 175 pound weight won a third place.

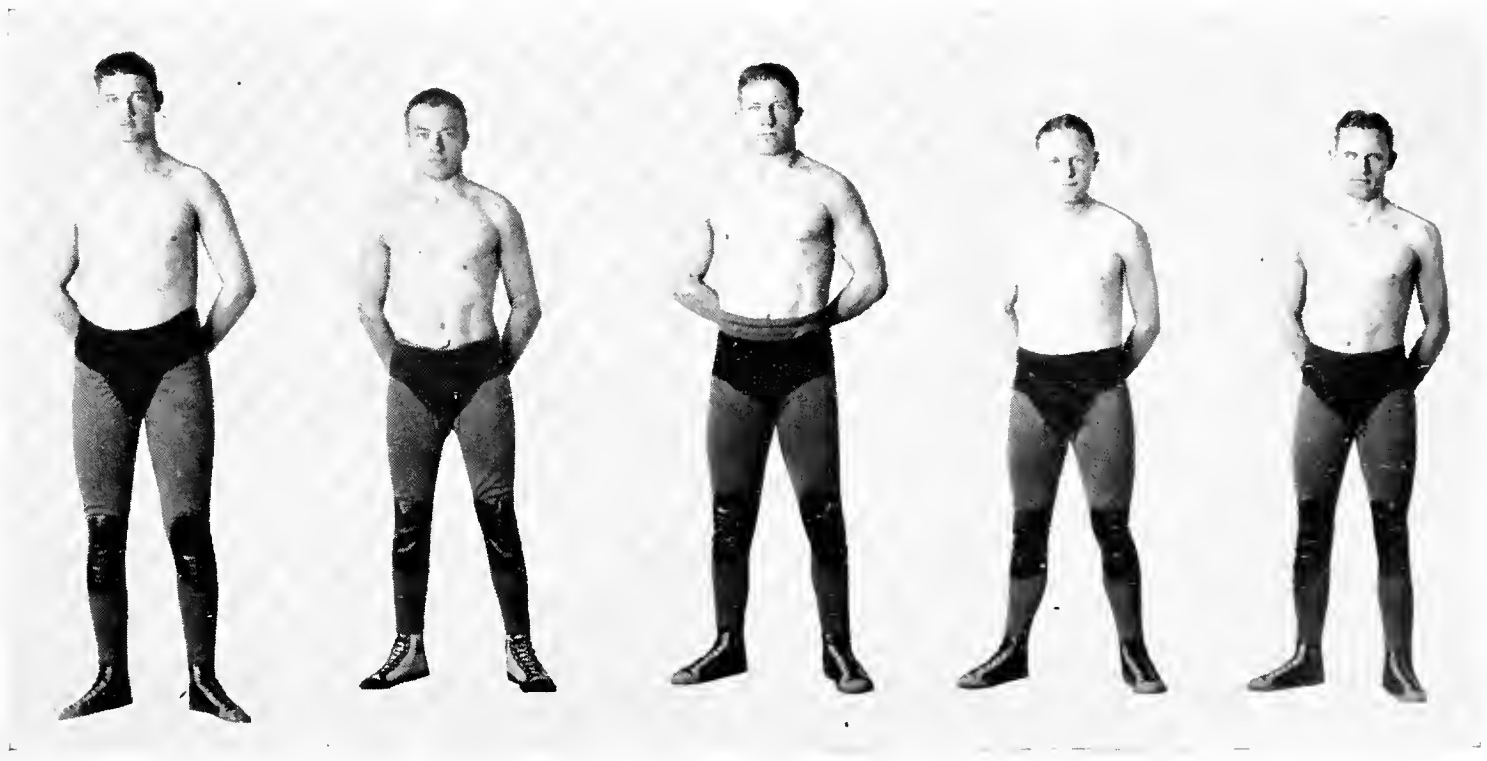
ALBERT BROWN
Captain

Hugh Errington was the outstanding individual throughout the year, the sophomore losing his first two matches by decision, having had but a month of practice before the season started. In his other six dual matches he won four by falls and two by decision. He was the winner of a silver loving cup offered by Coach Patterson for the highest point scorer on the team, making 31 points but being closely seconded by John Warner with 30 counters. Brown with 21 ranked third and Alsop with 19 was fourth.

Coach Patterson started the season without a letterman, Captain-Elect John Richardson failing to return to school. Albert Brown, 135 pound wrestler was elected captain of the team after the season was under way.

Letters were awarded to nine men: Captain Albert Brown, 135; Captain-Elect R. H. McKibben, 175; John Warner, 155; Hugh Errington, heavyweight; Sam Alsop, 145; Raymond Patterson, 155; William Chapman, 165; K. J. Latimer, 115; W. W. Gosney, 125; and Joe Fickel, 125.

Only two men, Captain Brown and William Gosney will be lost by graduation this year, and Coach Patterson is looking forward to a better wrestling season next winter.



RAWLINS FICKEL KNORR PATTERSON LATIMER

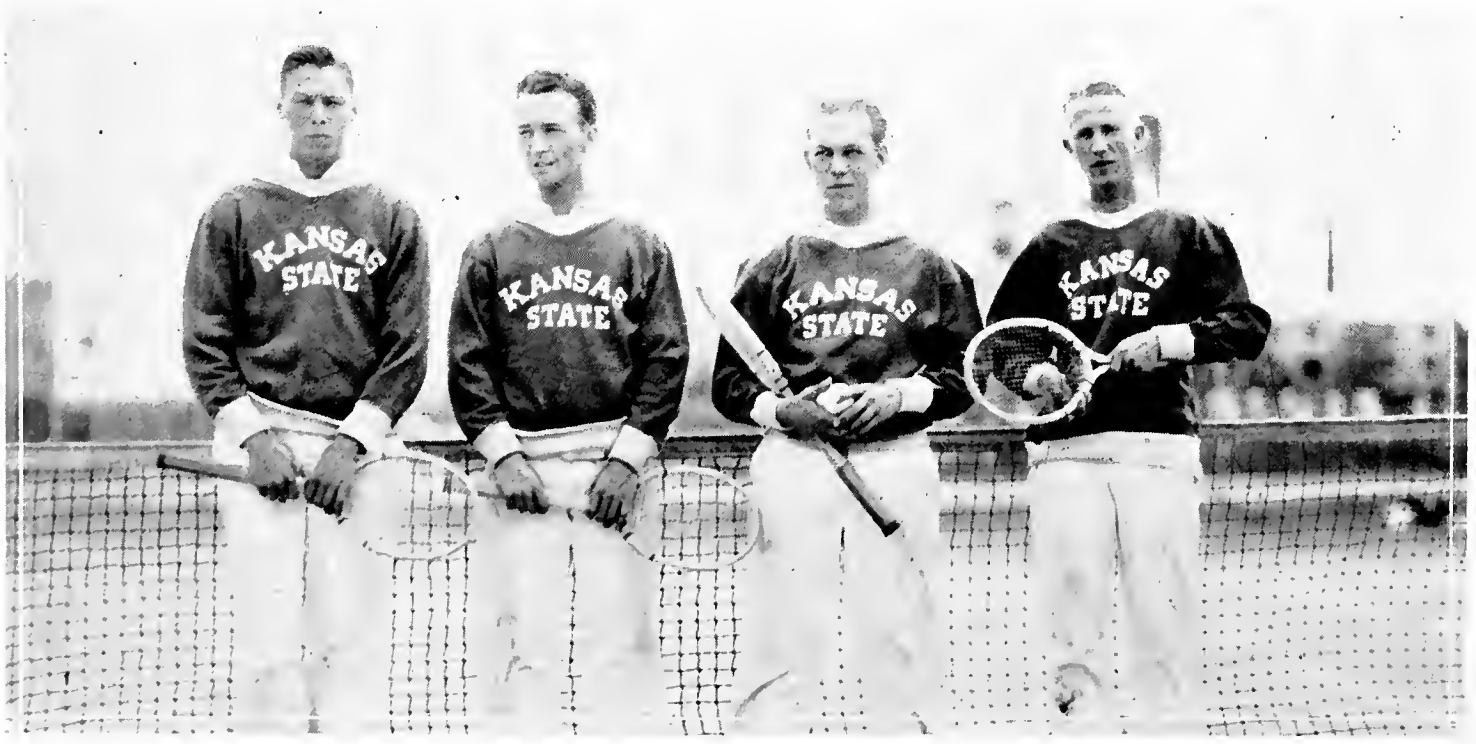
Tennis

LED by Captain Harold Lewis, the Kansas State tennis team which was coached by Athletic Director Ahearn had a fairly successful season. The Wildcat team opened the season last year with a defeat at the hands of Oklahoma City University. Kermit Silverwood won his singles match, while Lewis, Bredehoft and Kipp were defeated. Silverwood and Lewis, were victorious in doubles, but Kipp and Bredehoft lost.

Lewis and Silverwood went to Baldwin and met Baker in the next contest and won, Lewis won his singles and teamed with Silverwood to win the doubles after the latter had dropped a singles contest. The Wildcats won the first Missouri Valley contest, defeating Oklahoma Aggies by a clean sweep of three matches, Silverwood and Lewis winning their singles contests and then conquering the Sooner Aggie men in doubles. Oklahoma University visited the Aggies next and turned out a trick of administering a clean sweep victory over the Wildcats. They won all four singles matches and the doubles contests were rained out.

Journeying to Nebraska, the Aggies lost a close match 4 to 2, Lewis winning his singles and the Lewis-Silverwood team winning in doubles. Kipp, Silverwood and Bredehoft lost singles matches and Kipp and Silverwood lost their doubles match. Baker came here in a return match and fell by a 3 to 0 score, Silverwood and Lewis winning both singles and doubles. Washburn came next and lost 5 to 1, Kipp being the only Wildcat to meet defeat.

The Wildcat two man team made a trip to Oklahoma, playing the Oklahoma university and Oklahoma Aggie teams and split even, defeating the A. and M. opponents but losing to the Sooners. Letters were awarded to two men, Captain Harold Lewis, Winfield; and Kermit Silverwood, Ellsworth.



SILVERWOOD LEWIS KIPP BREDEHOFT

Golf Team

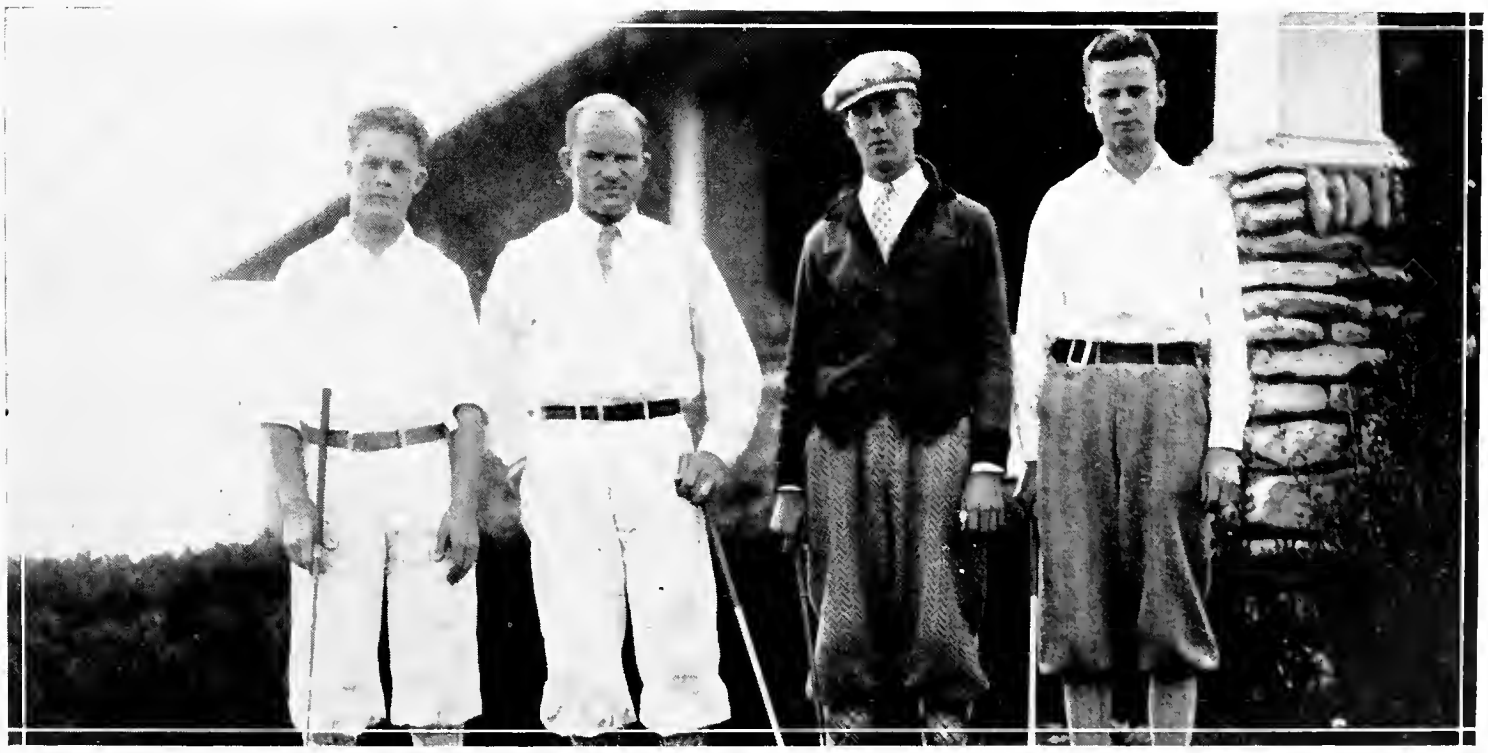
FOR three years the Kansas State golf team coached by Athletic Director M. F. Ahearn has been ever-victorious, never losing a match. Last season the ball knockers marked up 13 consecutive victories, nearly all of them by wide margins.

The team was composed of three veterans, Joe Holsinger, Dale Lott, Ben Remick, and Gene Holmberg, who, though playing his first year, shot creditable scores.

The Wildcat team opened the season beating St. Marys by a big margin and a few days later gave the St. Marys club another trimming on the local course by another good margin. Hays fell next before the Wildcat four man team. A two man team, Lott and Holsinger, went to Baker university and returned with victories. Washburn at Topeka was the next victim and when the Ichabods came here the next week they fell again. Every one of the four Wildcat players shot the course under par, Lott shooting a 66.

Kansas University came here with a strong team and gave the Aggies the closest race of the season but fell before the good shooting of Holsinger and Holmberg. A two man team from Baker came next and with Remick scoring a 66 and Lott a 70 the Aggies won easily. In a close match with Kansas at Lawrence the Wildcats came out in the lead for another win. To end the season the four man team whipped Wichita university on the Wichita course by a large margin.

Letters were awarded to four men: Captain Joe Holsinger, Kansas City, Kansas; Dale Lott, Minneapolis; Ben Remick, Manhattan, and Gene Holmberg, Kansas City, Kansas. All but Holsinger returned this year for the 1929 golf team. Average scores for 18 holes for the various players in the 1928 season were: Lott 72.8; Holsinger 73.1; Holmberg 73.7; and Remick 73.8.



LOTT HOLSINGER REMICK HOLMBERG

Swimming

THE Kansas State swimming team entered one meet this year, the first Big-Six Conference affair which was held in the pool of the Kansas City Athletic Club at Kansas City on March 4. The Aggies came through with third honors. This is the first time the Wildcats have had an aquatic team for four years and there were no experienced men on the team. Iowa State won the conference swimming meet with 54 points, Nebraska running a close second with 45 points. The Aggies with nine points were poor thirds but were ahead of the Kansas university team with six points. Missouri and Oklahoma did not enter teams.

Seven Aggie swimmers were entered in the meet. They were: A. D. Buckmaster, 50 yard free style, fancy dive, relay; E. C. McBurney, 220 yard free style, 150 yard back stroke, relay; C. M. Rhoades, 50, 100 and 220 yard free style, fancy dive and relay; G. C. Livingston, 50, 100 free style; W. E. Balderson, 150 yard backstroke, 220 yard free style, relay; Alonzo Lambertson, 220 yard free style and Ralph Miller, fancy dive.

In the relay event the Aggie team placed third with Buckmaster, McBurney, Rhodes and Balderson swimming in the event. Rhoades finished second in the fancy dive and Buckmaster placed fourth. Balderson placed fourth in the backstroke event. Miller placed fifth in the fancy diving but only four places counted for points.

The swimming team was coached by Ralph Piper, new assistant in the department of physical education. Three men were awarded minor sport letters in swimming. They were A. D. Buckmaster, Manhattan; C. M. Rhoades, Newton and W. E. Balderson, Wamego.

Memorial Stadium

APRIL 25, 1922 will always stand as a red-letter day in the history of K. S. A. C. That day marked the culmination of years of hoping and planning for more fitting athletic facilities at the College. At a mass meeting in the auditorium intense interest and enthusiasm resulted in generous subscriptions by students and faculty. By the end of that day, the student body had subscribed $77,000.00 toward the erection of a memorial stadium which should offer facilities adequate for many future generations of students. The faculty pledged $35,000.00 The business men of Manhattan also responded generously. Later our alumni and former students both within the state and beyond its borders were solicited and their subscriptions were very satisfying.

Since that first memorable campaign, our incoming freshmen have been solicited each fall. The basis of this pledging has been the quota fixed by student representatives at the time of the first campaign, $40.00 per student to be paid over a series of years. As a result of these campaigns the following sums have come into the stadium treasury: Students and alumni, $146,500.00; faculty, $32,150.00 Manhattan, $43,550.00; other sources, $9,100.00; total, $231,300.00.

A quarter of a century ago K. S. A. C. athletic contests were held on the grounds now occupied by Bluemont School. Spectators occupied the few wooden seats or stood. The progress in erecting our stadium is such that now 16,000 onlookers may be comfortably seated and each has a clear view of the spectacle being enacted before him. When completed, our stadium of reinforced concrete and cut stone will be a structure of which we may well be proud, a thing of beauty and a joy forever.

HONORARY

Phi Kappa Phi

Founded at University of Maine, 1897
Established at K. S. A. C. November 15, 1915

PHI Kappa Phi is an honor society dedicated to the Unity of Democracy of Education and one which is open to honor students of all departments of American Universities and colleges. Not moer than ten per cent of the seniors and graduate students who rank highest in scholarship are each year elected to membership in the local chapter. A limited number of faculty members who have evidenced superior achievement in their profession are also admitted to membership.

Scabbard and Blade

Founded at the University of Wisconsin, 1895
L Company, First Regiment, established June, 1914

COLORS—*Red, White and Blue* PUBLICATION—*Scabbard and Blade*

THE National Society of Scabbard and Blade was founded for the purpose of uniting in a close relationship the military departments of American Universities and colleges; to preserve and develop the qualities of good and efficient officers; to prepare the cadet officers to take a more active part in and to have more influence on the military affairs of the communities in which they may reside; and, above all, to spread intelligent information concerning the military requirements of their country.

Mortar Board

MORTAR Board, national honorary organization for senior women, was founded at Syracuse, New York, February, 1918, to provide for co-operation between senior women's societies, to promote college loyalty, to advance the spirit of service and fellowship among university women, to maintain a high standard of scholarship, to recognize and encourage leadership and to stimulate and develop a finer type of college woman; in short, it stands for service, scholarship, and leadership.

Xix, the local organization for senior women founded at K. S. A. C. in 1916, was installed as Xix Chapter of Mortar Board May 26, 1928.

Women's "K" Fraternity

THE purpose of the Women's "K" Fraternity is to promote good sportsmanship in women's athletics.

A "K" sweater is the award given by W. A. A. to the girl who has made 1200 points. One hundred points are given for making a class team, or by passing dancing or swimming tests. The ones who are chosen on the honorary "varsity" teams receive 50 points. A girl must be good in almost every branch of sports to amass sufficient points for a sweater.

Purple Masque

THE Purple Masque Fraternity was formed in 1915 for the purpose of fostering the dramatic activities of the college. At this time the development of dramatics on the campus called for a specialized and separate organization for their promotion. Working under the general direction of the Department of Public Speaking, the Purple Masque Fraternity presented several plays each year, coached by a member of the Department.

In 1925 Prof. H. Miles Heberer became a member of the department in charge of dramatics. Under the able direction of Mr. Heberer, dramatics advanced so rapidly that the need was felt for a larger organization to handle the production of the plays. So in 1928 the Manhattan Theatre was organized with a complete Production and Business Staff. The Purple Masque Fraternity is now an honorary fraternity whose members are chosen on the basis of superior ability in dramatics or stagecraft.

Manhattan Theatre

THE Manhattan Theatre, in planning its second season, decided to present a program of comedies, with sufficiently varied types to make an interesting season for the patrons. As a result, the first play of the year was James Gleason and Richard Taber's pugilistic comedy, "Is Zat So?" in which James Pratt played the role of manager to a Brooklyn lightweight interpreted by Frank Prentup. Others in the cast were Theodore Varney, Winfield Walker, Mrs. L. P. Elliott, Mary French and Betty Jeffers.

November 11 being Armistice Day, the second play chosen was "Arms and the Man", which was presented November 9 and 10. None of Shaw's plays had been presented for a number of years, and this comedy was received with enthusiasm. Mr. Charles Converse played the role of Captain Blunchly, and Mrs. Martha Baird Kipper that of Raina. Other principals in the cast were Mr. C. M. Correll, Mr. Elbert Smith, and Miss Osceola Hall Burr.

Frederick Lonsdale's comedy of Mayfair, "The Last of Mrs. Cheney", had been originally chosen as the February production, but it was found impossible to cast this play and Lynn Starling's "Meet the Wife" was substituted for it. Miss Rebecca Thatcher was invited to return to play the part of Gertrude Lennox, and Professor H. W. Davis and Captain Rose made their first campus appearance in the roles of the husbands of Mrs. Lennox. Miss Ruth Boyce, Mr. Winfield Walker, and Mr. H. Miles Heberer were also in the cast.

For a Lenten play, a gentler comedy was sought, and finally Martinez Sierra's "The Cradle Song" was chosen. The audiences, expecting something to afford amusement, were more or less disappointed in the quiet nature of the play. The principals in the cast, composed mostly of women, were Mrs. L. P. Elliott, Mrs. Gertrude Dowd Tetrick, Miss Reva Stump and Miss Evelyn Torrence.

The final play of the year, presented May 3, in connection with Music Festival Week ,was William Archer's melodrama, "The Green Goddess". Mr. John Wray Young and Mrs. Helen Correll Brown, both former students, returned to Manhattan to play two of the principal roles. Mr. Charles Converse, Mr. Conrad Spangler, and Mr. James Maxwell were the others in the cast.

SCENE FROM "MEET THE WIFE"

PROFESSIONAL

Sigma Delta Chi

SIGMA Delta Chi is a national professional journalistic fraternity organized for the purpose of promoting better journalism, and in general advancing the standards of the profession. Members are chosen from the advanced classes in the Department of Journalism, or from students in other departments who show unusual journalistic ability and intend to make journalism their life work.

THE American Institute of Electrical Engineers is the national organization representing the electrical engineering profession.

The purpose of the Institute in providing for Student Enrollment and Student Branches is to afford opportunity for the student to gain a proper perspective of engineering work by enabling him to become acquainted with the personnel and the problems of those engaged in it.

Student branches are local electrical engineering societies organized by students in colleges and technical schools of recognized standing under the auspices of the Institute.

Of the 108 student branches in the world, Kansas State has had the largest enrollment during the past two years.

Steel Ring

THE purpose of the Steel Ring organization is to bring about the unified action of the Engineering unit at Kansas State. The name is symbolical of the welding together of the various departments into a unit. The membership of Steel Ring is to include one man, but not more than two men, from each department. These men shall be the leading men of the respective departments and shall represent their department in meetings. The total membership has been limited to twelve members in order to maintain a compact and manageable group.

Kansas State Engineering Association

THE Engineering Association has a membership of all the engineers in the division numbering about a thousand during the year. The Association is governed by an Executive council made up of representatives from all departments. The aim of the organization is to foster all activities in the Engineering Division and create among the engineering students a better spirit. Among the activities are the publishing of "The Kansas State Engineer", and the traditional cleaning of the "K" each year by the Freshmen.

American Veterinary Medical Association

KANSAS State Chapter of the American Veterinary Medical Association was founded two years ago. This Society is an organization sponsored by the American Veterinary Association and is an auxiliary of the same. It has chapters at all the Veterinary Colleges throughout the United States and Canada. This chapter was installed in May 1926, and was formerly known as the Veterinary Association of K. S. A. C. The function of the Association is to promote interest and activity in the study of Veterinary medicine.

Agricultural Association

THE Agricultural Association was organized in the spring of 1921. The purpose of the organization is to co-ordinate the efforts of the separate departments of the Division of Agriculture and to promote the interests of all agricultural students.

The Association sponsors the annual "Ag" Barnwarmer, the annual "Ag" Fair, the Kansas Agricultural Student, the all-agricultural mixers, and the giving of medals to all members of inter-collegiate judging teams.

OFFICERS

F. W. ImMasche ..... *President*
E. A. Templeton ..... *Vice-President*
C. E. Nutter ..... *Secretary*
T. W. Kirton ..... *Treasurer*

Agricultural Economics Club

THE Agricultural Economics Club was organized in 1921. Its purpose is to further professional and social interests of its members and foster a closer relationship and unified spirit among its members and the faculty of the Department of Agricultural Economics. Active membership is limited to agricultural students majoring in agricultural economics or agricultural administration.

Klod and Kernel Klub

THE Klod and Kernel Klub is composed of faculty members, seniors, juniors, and sophomores in the department of Agronomy. The programs which are presented at each meeting are so planned that the members may obtain greater knowledge and have increased interest in the production of farm crops. The Klub sponsors a student crops-judging contest each year and takes an active part in the annual "Ag" Fair. The Klub was organized April 6, 1917.

Block and Bridle

THE Block and Bridle Club was organized in 1914 as the Jayhawker Saddle and Sirloin Club and entered the national organization of Block and Bridle in 1921. The function of the Club is to promote the livestock industry, aid in inter-scholastic departmental activities, and foster the advancement of animal husbandry as a profession. Meetings are held the second and fourth Tuesdays of each month at which short business sessions are held prior to a program on some phase of animal husbandry work.

Kappa Phi

KAPPA Phi was organized at the University of Kansas in 1916 to form a closer association among Methodist women who are students in the State and independent universities; to make work among women of the denomination more effective and sufficient, to maintain a more serviceable organization to take care of incoming Methodist freshmen and to provide in a college woman's way —religious training, and stronger, more efficient women of the church of tomorrow. There are now seventeen active chapters.

Cosmopolitan Club

THE K. S. A. C. Chapter of Corda Frates, The Association of Cosmopolitan Clubs of America, was organized in May, 1921. Since that date twenty-eight countries have been represented in this group. The ultimate aim of the club is to develop in the world the spirit of human justice, co-operation and brotherhood, and the desire to serve humanity unlimited by color, race, nationality, caste or creed.

Corda Frates (Hearts are brothers) is an International Organization being founded at Turin, Italy in November 1898, by Elfisio Giglio-Tos. The first Cosmopolitan Club of America was organized at the University of Wisconsin in 1903.

GRIND

The Campus Grind

EX LIBRIS

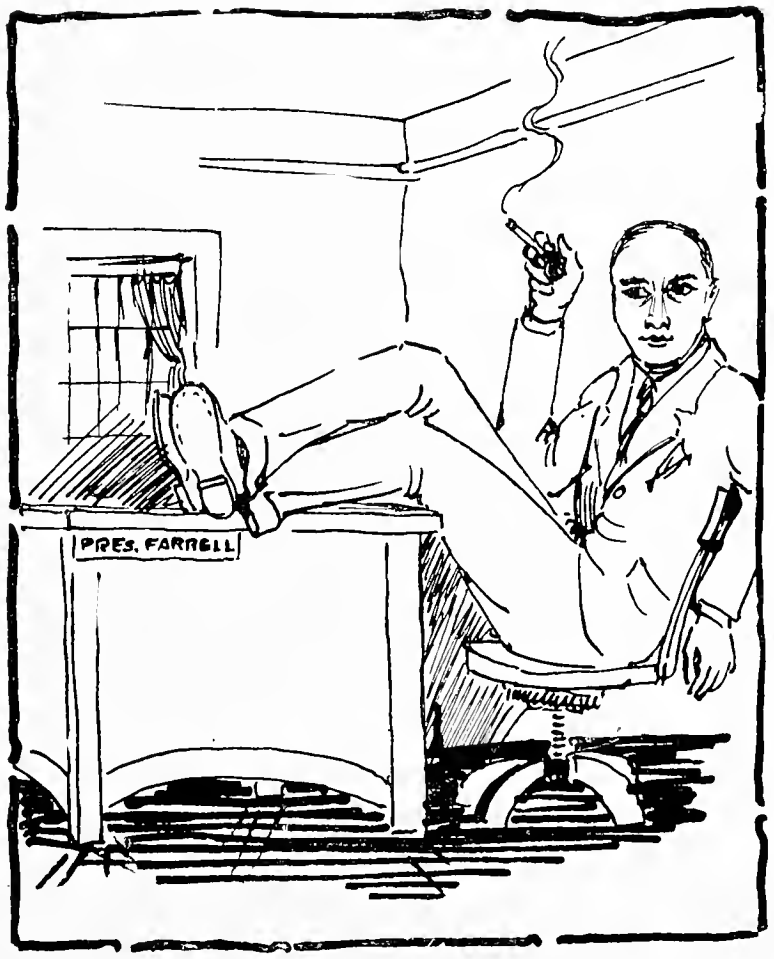
A record of college as you like it for this school annum
1928—1929

Published
by the Better Class of Kansas State

FOREWORD

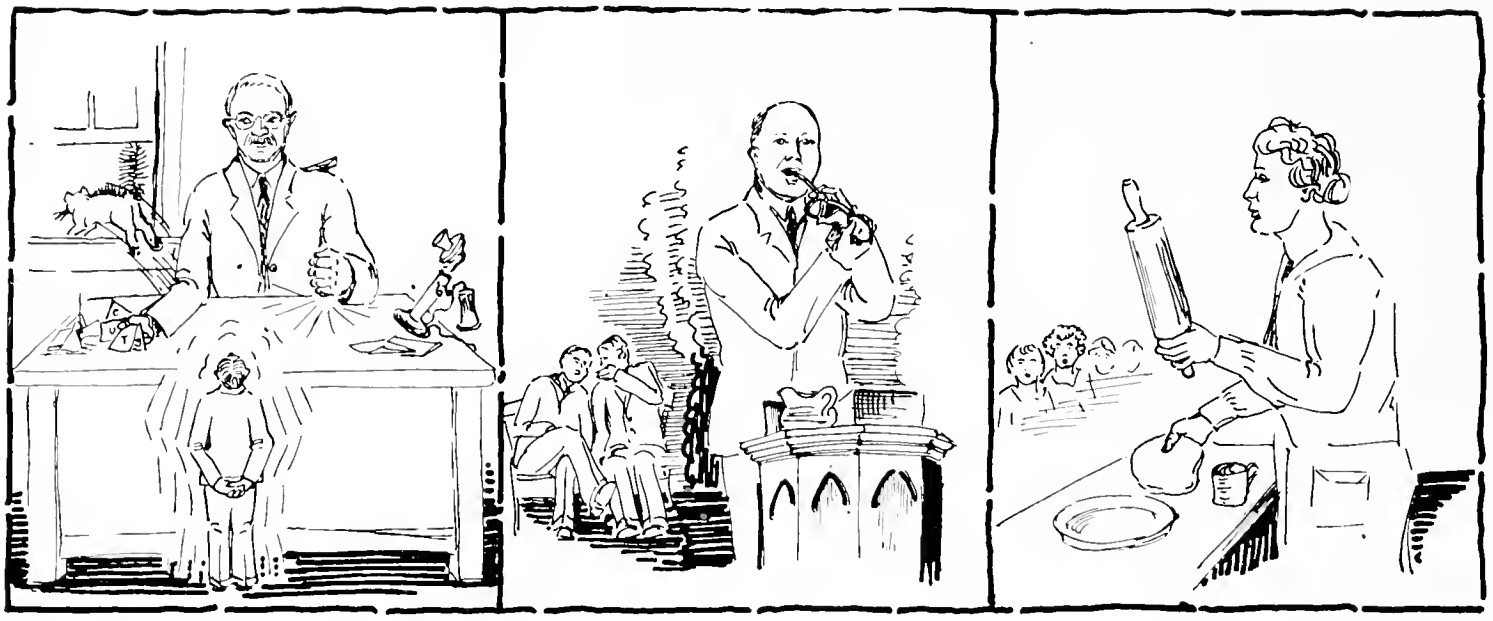
Here 'tis; the doings and happenings about our smokeless campus during the past year, and the three or four concoctions that go to make up that indescribable something called the Kansas State spirit.

DEDICATION



To President Francis David Farrell whose routine work has done more to make this book possible than the concentrated efforts of its quipping editors.

Administration



DEAN WILLARD—if Julius Terrass had been an "Ag" instead of a chemist he probably would be President of Kansas State, now.

DEAN SEATON—as a lad he was a boy soprano and his voice failed to change.

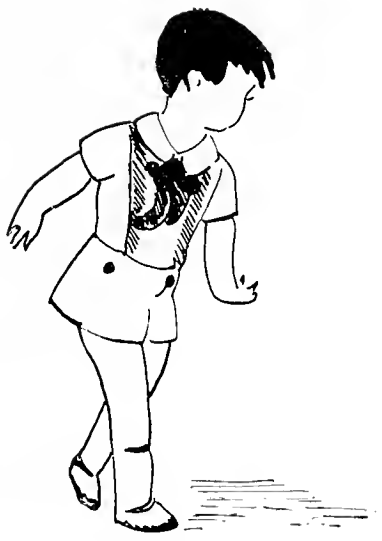
DEAN JUSTIN—in teaching Kansas State girls how to become good wives and mothers she never fails to say "Reach for a Lucky instead of a Sweet."

DEAN DYKSTRA—the only thing we have against him is that he is a "Vet". A handsome man and one who plays the horses.

DEAN CALL—the heir apparent. Someday it will be he instead of Farrell that strolls through the campus with his overcoat draped over his shoulders.

SHERWOOD EDDY—the dispenser of knowledge along the line of (Oh! that awful word) sex. Without him, we might have been bird hunters some day.

Classes



Brutal Biles—sixth grade; a Pika; everybody wonders how Brutal can stay away from his mother.

Gabe Drollinger—been here long enough; one of the Kappa Sig "pretty" boys, but the women would rather see his features on a man, someone like Monk Edwards.

Solon Kimball—acts like a freshman; Kimball always aspired to be a T. N. E. but the best he could do was Beta.

Lucille Chastain—we wonder; right again, Chi Omega the original toothpick girl

Classes

UNA MINNETTE LEVITT—Senior; 1111 Bluemont; "one a minute" spent two years at a girls' school. She never has caught up.

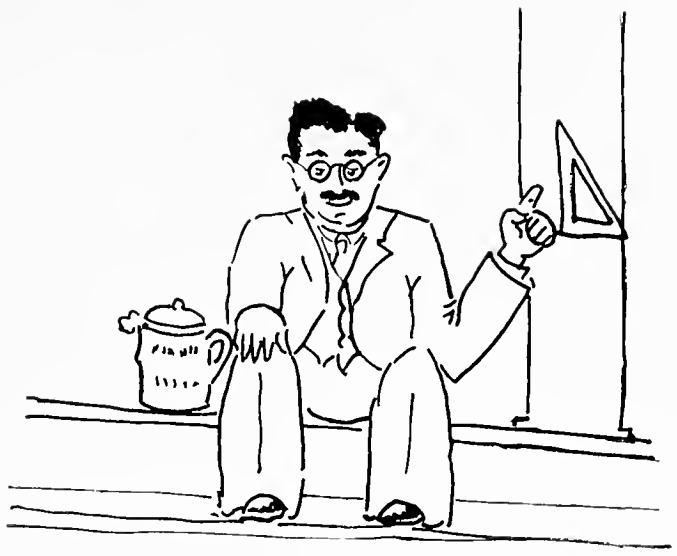
GLADYS SUITER—four years is enough; the Beta Phi who has caused more dissension at the Sig Ep house than the monthly house bill.

WENZELLA WITHERSPOON—fresh; a Pi Phi, being one "big" girl the Kappas didn't get.

MARIE ARBUTHNOT—senior in years; all of her type are Chi Omegas. Marie is pretty but X .

Classes

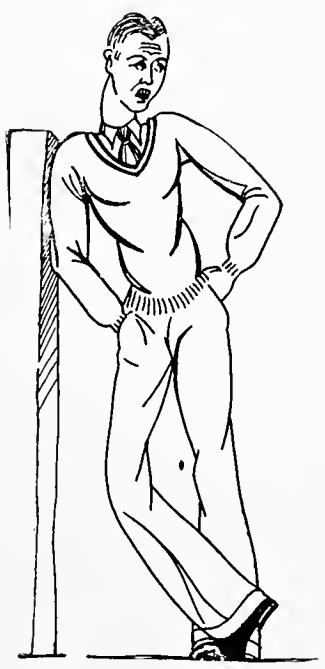
HELEN DURHAM—freshest thing yet; the Kappas have a corner on professors' daughters; Helen would like to get around with the boys.



ERNIE FOLTZ—unclassified; DeMolay; Ernie, known better as Old Faithful, is to be given the title of "Undergraduate Emeritus."

BOB JOHNSON—who cares; non-fraternity; Bob will pose for the Life Buoy advertisements if he ever graduates.

JOHN BIRD—three years here, (yes, he's a Beta.) He is one man the Betas didn't have to fight for to pledge. Who else would have wanted him?



Beauty and Popularity

AFTER plenty of stiff competition, the following six girls emerged winners of the annual Grind Beauty Contest. Selection was made by joint action of Bull Montana and Lon Chaney.

Eunice Grierson
Jeannette Verser
Blanche Hemmer
Lenore McCormick
Jo Keefe
Imogene Lampe

As an added feature this year, the Grind conducted a woman's popularity contest among the campus men. These four tied for first:

Mineta Carney
Della Reid
Leota Winkelman
Esther Brown

In the smoke-dimmed corridors of Kedzie Hall, the popularity contest craze aroused the group into selecting the following as their King and Queen:

A. B. Meroney
Eva Stewart

Trying their best to be as smart as their rivals from Kedzie, the engineers staged both a popularity and beauty contest. (It is understood that Drollinger suggested the beauty competition.) The winners:

Eugene Wiebrecht
Mel Coffman
Fay Whiteside
H. C. Lindberg
"Red" Coleman
Alden Krider

Athletics

NEVER in the History of the institution has there been a more consistent sport season than that of the year behind us. From last year's track competition, through football, basket ball and including the early part of this year's track schedule, there has been the same old story. What a whale of an athletic year!

Kansas State may well be congratulated on its wonderful sportsmanship. Caesar said as Rome fell, "Only at time of defeat does the true sportsmanship of a man make itself known". And our Wildcats bat nearly 1000 in the percentage league when it comes to being able to lose without batting an eye.

Last fall's grid record weeps as follows:

Wildcats	32	Bethany Snuff-Eaters	7
Wildcats	13	Oklahoma Plowers	6
Wildcats	26	Hays Sandburrs	6
Wildcats	0	Kansas Tea Hounds.	7 (By default)

We'd rather not hear anything more about the other four.

The above scores are unanimously onesided with the exception of the game with the boys from Lawrence which went to the Jayhawk through default of Nigro and Weller, Wildcat versatile

Continued on page 406

Organizations

S. G. A.

THE Teapot Dome cabinet of Kansas State, popularly called as a unit, President Farrell's little men. They have never been known to do anything but what Daddy Francis David has said. The following are members:

Tammany Hall, Francis ImMasche

Bicylist, Karl Pfuetze.

Fingers into everything, Chick Allison.

Campus sweetheart, Gladys Suiter.

Handsome and that is all, Tudor Charles

Baldy, Joe Anderson

Literary Societies

This group forms the stiffest competition for the Sig Eps during rush week. One advantage of belonging to one of these organizations is that neither sex is barred from membership. They are thinking of starting a fraternity row on Yuma street as soon as each can raise sufficient money to build.

Purple Pepsters

Composed of girls who look good in Purple and White and some who aren't so hot. They are always stationed under the opponent's basket at a basket ball game to divert attention. Some day the Pepsters are going to amount to something but we hardly expect to live that long.

Scabbard and Blade

A group of tin soldiers who have carried the joke one step too far. Esther Brown is honorary Colonel of this group.

Pi Kappa Delta

This organization is maintained as a subsidiary to Beta Theta Pi, the Betas always maintain a majority of votes in the organization. Every Beta who was ever enrolled in an extempo class is elected to membership.

ON THE following pages, in conjunction with the grind copy, will be found the advertisements of the business men who have made possible the publication of this book. Our advertisers are a select group of business men. They are reliable and progressive. Through this medium they are combining their willingness to support student enterprises with good business judgment. They deserve your patronage in return. The prudent business man advertises; the wise student reads the advertisements.

ALPHA DELTA PI—Yes, folks, they still have a chapter at Kansas State.

ALPHA XI DELTA—after students. The Alpha Xi's don't seem to be able to do any good otherwise. The best they can boast is several Pi K A pins but the Pikas say they are taking up with their national officers to get them back without a suit.

BETA PHI ALPHA—The Beta Phi's are moving into the house vacated by the Farm House boys. Of course, this may be just coincidence.

CHI OMEGA—One of the founders of Chi Omega was a member of Kappa Sigma but the Kappa Sigs have done pretty well in keeping it quiet.

FOR THE COLLEGE MAN

Style, in itself, is only like the recipe that the chef can either glorify or spoil. It's the quality that makes the style worthwhile. That's why we feature Kuppenheimer Good Clothes.

We extend to you our special Invitation to make full use of the courtesies of this store and to consider yourself welcome to come in at any time.

"Walt" AND "Swede"
BELL AND LUTZ
AGGIEVILLE

"Good Clothes for Every Man"

Athletics

(Continued from page 378)

In basket ball, Coach Charley Corsaut, great gambler that he is, spotted his opponents one man in every contest attempting to beat six men with four. Ed Skradski was the gift to the foe, the leader starting each game. Big Six Schools outside Manhattan are sorry to see Ed graduate.

Intramural sports brought to the limelight many athletes, heretofore unseen, and with all probability not to be seen again—if their organizations can keep them hidden. The following H. A. team was plucked at the season's finis:

Chick Allison	*Head end*
Red Coleman	*Fish tackle*
E. W. Smith	*Black guard*
Aaron Kipp	*Center*
A. A. Hostetler	*Rear guard*
Chet Ehrlich	*Block and tackle*
Paul Howard	*The other end*
Fred Seaton	*Gone back*
Burt Hostinsky	*Bare back*
Karl Pfuetze	*Rear back*
Cloyce Hamilton	*Horse's back*
Tudor Charles	*Farther back*

Panhellenic Clubs

Delta Delta Delta—One of the reasons that Sig Alph freshmen don't make their grades. The Tri Delt girls used to all be after star and crescent pins but seem to have let up for a while.

Phi Omega Pi—It is too bad the Pops don't live across the street from the park, the walk wouldn't be so far. Nobody ever accused them of being Scotch.

Beta Theta Pi—There are 41 reasons why the Betas don't rate. Turn to page 278 for a list with illustrations.

Pi Kappa Alpha—This house is a training quarters for all contenders for boxing titles. Ever since the Jones law went into effect the Pika's have shut down on their production—causing no little thirst 'bout town.

Sigma Alpha Epsilon—Once upon a time we heard a Sig Alph freshman wistfully remark, "I sure wish I was a fraternity man".

When "Aggies" Become Farmers

K. S. A. C. may well be proud of the famous engineers, teachers and home-makers it has given the world. But its most striking contribution to Kansas life is seen in the work of the "Aggies" who have become the progressive farmers of the state.

JUST as a good agricultural education gives you a big start on the road to successful farming, so does faithful reading of Kansas Farmer, the state's only farm paper, keep you on that road.

KEEP up-to-date after you leave the theory of the classroom for the practice of every day life on the farm. It's easy! Subscribe to . . . .

QUICK SERVICE—QUALITY
Equipped to serve all

George Scheu, Prop.

5th and Poyntz Manhattan

Nervous---Tired---Irritable?

While serving the college on the TEAM last year, I was subjected to considerable strain, mental and otherwise, and soon found myself in a deplorable condition. My masculine charms were totally ineffectual—I was unable to get the slightest spark in response to my superlative love-making. At last I asked my best friend (we couldn't print her name) what my trouble was. Among other things she told me I needed some of your Nu-Life to make me tree top daddy to Tri Delta and Jo Keef. I drank nine bottles of this wonderful tonic and was almost kicked out of my fraternity. Anyhow I have one thing to be thankful for, and that is, thank God, I'm pure.

MONK EDWARDS

(Editors note)—Perhaps Nu-Life is what causes "Monk" to hit the line harder and faster when on the dance floor than when playing football.

"BROWNBUILT SHOES"

What will the future bring??

EVERY young man or woman of today wonders what tomorrow will mean for him or her. Whether you measure your success in dollars and cents, or in contentment and the respect of those in the community in which you live, there is just one answer—the answer is THRIFT.

To practice this golden virtue is the only assurance that you will reap the reward to which your education entitles you.

In appreciation of the wonderful work that the Kansas State Agricultural College and her students are doing for our State, the Associated Banks of Manhattan take pleasure in extending this message on "Better Citizenship" to you through the 1929 ROYAL PURPLE.

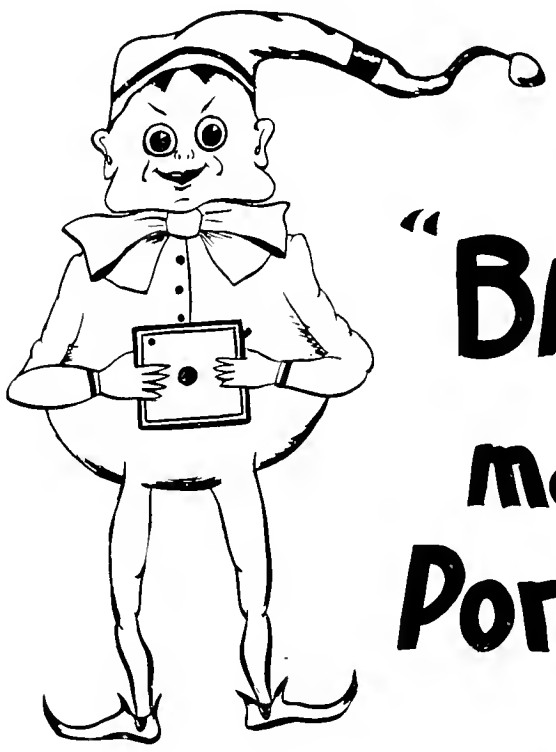
Publications

(John Chandley insisted on printing this in spite of the protest of the editor.)

The Royal Purple is the Campus Pictorial, published once a year—giving everyone (even the army) a chance to get a picture published. The only requirement to have a facial image on its slick pages is a good check for $1.50. Some people have suggested that if Pfuetze didn't like to see his Mug in so many sections he could afford to drive a car instead of a bicycle. One good feature of the Yearbook is its co-operation with the Alumni Loan Fund board. When the available funds give out, one of the major staff positions with the Royal Purple will keep the person in school who is about to be submerged in the sea of financial ruin. Of course—don't misunderstand—there's no graft.

The Kansas State Collegian, upholder of student morals and denouncer of traditions, holds a unique place on the campus. It is the only thing that does everything wrong. If the collegian sinks into the usual swim, printing only what can be printed without treading on somebody's toes, the subscribers take up arms.

(*Continued to page 397*)



Let "Brownie" make your Portraits

Publications

(*Continued from page 395*)

If all the news is printed the editor is upbraided for his lack of discretion. Being editor of the Collegian is like being President of Mexico—lead may come from anywhere and at any time.

The Brown Bull came into being several years ago as a humor publication. It has gained a place comparable to the Royal Purple in recent times. The only thing funny about it now is how its editors have nerve enough to ask money for a copy of it. Paying a quarter for a Brown Bull is like sticking a penny in a naughty movie machine of the Arcade, advertising is a great thing.

PROMPT SERVICE

This entire quarter page is dedicated to Dorothy Alice Johnson, the "Aimee Semple McPherson" of Kansas State. Dorothy Alice is the reformer who would clean up Kedzie hall, that pitfall of evil, tainted with iniquity, frequented by Morons, clouded with cigarette smoke, the greatest disgrace of the campus.

If you don't know Dorothy Alice, you ate all right.

If your morals are bad she will have told you.

Dorothy is to graduate this year—how will the morals of Van Zile hall ever be maintained without her?

AGGIEVILLE

Beauvais, known to members only as a dancing fraternity, was organized this year by a few who desired to "rate" a few parties in addition to those of their own Boarding club. The word Beauvais has the same derivation as the word bovine and aptly describes the organization.

One feature of Beauvais parties is the fa' down and go boom contest. Tudor Charles was awarded the grand prize in the competition at the last gala affair —breaking all records, a shoulder strap, and a chaperone's finger.

A Long Story about our service, methods and facilities would not interest you very much, if you did not get your bundle when you wanted it.

backs. Near the contest's opening whistle Nigro had the porkskin under his wing and was taking home the bacon. As he neared the halfway house, someone in the stands shouted, "How much are bananas?" Alex stopped to make the sale and the Thundering Herd caught up with him. Later in the game, "Doc" Weller, who was an all-around intramural star in his day, remembered his soccer rules long enough to allow a Kansas punt to rebound from his chest without touching the ball with his arms. The principal trouble with this little oversight was that "Doc" stood within his five yard line to do it. Captain Hauser of the invaders became so elated over these two bits of Christmas Spirit that he forgot his sleek hair long enough to make a touchdown. Perhaps, seven years from now, the tea-drinkers from Oread will cop another game from the Wildcats. Perhaps . . . . . .

F. A. BENSON and SAM WILSON

Session of the Teapot Dome Cabinet of Kansas State

TIME: October 1928.

PLACE: S. A. E. House.

MEMBERS PRESENT: Prince Francis and Prince Tudor.

PRINCE TUDOR: Guess we'll just about dominate this senior class this year, eh, Francis?

PRINCE FRANCIS: Looks Okeh. I'll be President, since I'm manager of the party—You can be Marshall. I'll pull some strings and see that we are nominated.

PRINCE TUDOR: Sounds good. How about getting ourselves elected?

PRINCE FRANCIS: Easy enough. With both of us on the council, we will conduct the election and count the votes. Can't help but win a decisive victory.

PRINCE TUDOR (after the election): Pretty nice, eh, Francis?

PRINCE FRANCIS: Easy enough, the other council members did not interfere in the least. Touch a match to these ballots.

That was all there was to that election. For some reason the ballots could never be found for a re-count, in spite of the fact that it was called for. But then, that was the Teapot Dome cabinet. The next official action of the body was the suspension of some students who had cribbed in an examination.

PRIX, for the benefit of Freshmen and outsiders we will tell you, is a women's honorary, composed of Junior "Femmes" who do big things.

One novel part of the ritual is the keeping secret of its members until they have been in the "order" a year. This makes a great deal of competition among those trying to find out.

The Kappas have a big place in Prix with Donna Duckwall.

Office of the 1929 Royal Purple
Anderson Hall
April 25, 1929

Dear Reader:

At last the work of eight months is finished as the final page of copy is written. Whether you enjoy this section or not, please understand that it is purely in the spirit of fun. However, we make no apologies for what has been written. We have acted in all sincerity, and we can but hope that we will not be suspected of malice. We believe that the remarks we have made are apt. We think some of them are humorous. We know them to be true. We have left out many who we thought would feel a sense of pride from even being mentioned. These we omit because we do not intend to be complimentary. If we have been too caustic, it is because we felt necessity demanded it; and if we have been too lenient, it was because we were ignorant of some of the facts. We feel that our right of criticism is apparent.

In other words, if you are in this section it is your own fault; if you are not, it is because the things you did are not fit to print. Love and Kisses.

This In Conclusion

The last picture has been sent to the engraver; the last page of copy will be in the hands of the printer when he gets this one. The 1929 Royal Purple is completed. As we gaze at the littered office we are reminded of the many long hours of work and worry we have spent in compiling this volume.

If anyone feels that he has been personally offended by having his name spelled with an "e" instead of an "i", or by some remark made about him in the Grind, we apologize and assure him that no harm was intended. In compiling this book we relied upon information handed us—if your name is not spelled correctly come to the office and we will show you how the secretary of your organization spells your name. You'd be surprised. The Royal Purple of 1929 is in your hands. Take it, read it, criticise it. If our efforts have proven weak we are sorry; if they have proven to be of some avail, we feel amply repaid.
